Introduction

May 20, 2024

Honorable Ms. Kristen M. Nye
City of Richmond
900 East Broad Street, Suite 201
Richmond, Virginia 23219

Dear President Nye:

Thank you again for your continued investment in Richmond Public Schools (RPS).

On behalf of the Richmond City School Board, it is my pleasure to submit our FY25 budget and spending plan. This budget is the culmination of months of organizational assessment, long range planning, and public input. The School Board's approved budget for FY25 is reflected below:

General Fund Budget	414,992,442.00
Special Revenue Budget	97,420,791.00
Capital Improvement Fund Budget - FY25	17,600,000.00

Highlights of the financial plan include funding to support our five Dreams4RPS priorities, as outlined below:

- For Academics, we continued to prioritize reading supports, but also proposed new investments to reform some of our alternative education programs, and expand RPS200, our extended year initiative.
- For Talent, we honored all of our collective bargaining agreements, proposed double-digit raises for our lowest paid employees, and funded salary decompression for anyone still on a compressed schedule from the 2008 recession.
- For Wellness, we added more capacity for our therapeutic program at Amelia Street, and new ways of re-engaging students in our alternative programs, such as adding art and music.
- For Engagement, we continued our investment in attendance, with a special emphasis on outreach to our non-English speaking community.
- For Operations, we increased our allocation for school maintenance, added positions to the facilities team, and made new commitments to cybersecurity.
- Finally, we maintained all critical ARP expenditures (e.g., the Richmond Virtual Academy), identified nearly \$1.75 million in non-personnel reductions, and proposed over \$17.6 million in CIP improvements, primarily for HVAC/roof repairs, and fire safety.

The School Board is ready to work with your administration and the City Council to clarify any items in the budget.

Sincerely,

Ms. Stephanie Rizzi, Chair
5th District

Fiduciary Responsibility (Fiscal Agent) - Regional Schools and Programs

The School Board has a fiduciary responsibility in its capacity as fiscal agent for the Maggie L. Walker Governor's School for Government and International Studies (the Governor's School). The Governor's School operates as an educational consortium and provides specialized and gifted education for students of participating cities and counties from throughout central and southern Virginia. It is governed by a separate board that includes one member from each of the participating localities.

Additionally, RPS serves as fiscal agent for the following schools and programs:

- Regional Adult Education Program
- Richmond Detention Center
- Virginia Treatment Center for Children
- Hospital Education Program
- Richmond City Jail Program

Demographics

Average Daily Membership

March 31 Average Daily Membership, or ADM, is the student enrollment count that drives most state funding for public education. ADM is the total days in membership for all students, grades K through 12, over the school year divided by the number of days school was in session. School divisions receive state funding based on their students' ADM as of March 31st of the fiscal year. The budget is based on a projected FY2025 March 31 student ADM of 20,037.

An additional measure of student population is fall membership. Fall membership reflects the number of students enrolled in Richmond Public Schools on September 30th. Data are collected by school and reported by grade assignment and ethnicity. Excluded from the September 30 count are special education preschool pupils, pupils in hospitals, clinics or detention homes, and local programs such as vocational and alternative education centers (i.e., centers or schools which receive, but do not officially enroll students). September 2024 membership is projected to be 21,128 with approximately 863 Pre-K students.

Free and Reduced Lunch Population

Free and reduced lunch population is a measure of poverty. As reported in the Department of Education's April 1, 2023 report, RPS is one of five school divisions in the Commonwealth operating under the USDA Community Eligibility Provision (CEP) with 20,689 or 100% of our students receiving free meals under the Federal school lunch program.

RPS applied and received approval to operate a (CEP) program effective July 1, 2014, whereby all students can eat breakfast and lunch for free. This works well in districts with significant poverty. RPS no longer captures free or reduced eligibility information from students.

**RICHMOND PUBLIC SCHOOLS
2024-25 BUDGET**

Fund Structure/Relationship

RPS has two budgets: an Operating Budget and a Capital Improvement Plan (CIP) Budget. The Operating Budget covers all the day-to-day costs of running the school division: teacher salaries, curricular materials, transportation, and so on. In fiscal year (FY25), the RPS Operating Budget is approximately \$512.4 million.

The CIP Budget covers major facility expenses: everything from new HVAC systems to new roofs. Smaller maintenance expenses (e.g., replacing light bulbs) are not covered by the CIP budget; they are covered by the Operating Budget. In fiscal year (FY25), the RPS CIP budget is approximately \$17.6 million.

The Operating Budget has a General Fund portion and a Special Revenue Fund portion. In fiscal year (FY25), RPS has about \$415 million budgeted in the General Fund and about \$97.4 million budgeted in the Special Revenue Fund.

The General Fund (roughly 81% of the Operating Budget) covers most of the division's day-to-day operations. It is resourced almost exclusively by revenues from the Commonwealth of Virginia and the City of Richmond. The Special Revenue Fund includes programs like Head Start and Title I that are resourced by the federal government. It is important to note that the programs resourced by the Special Revenue Fund are largely formula-driven, meaning they are far less discretionary than the General Fund.

Budget Process

The School Board’s mission, vision, and goals statements provide the foundation for the recommendations contained within this Annual Financial Plan. Staff members at all management levels participate in the development of the budget. The budget is developed from guidance on priorities and strategic directions of the School Board. The budget is an evolving document that is revised and updated during each budget phase. The School Board holds numerous work sessions and at least one public hearing throughout the budget process. Richmond Public Schools has three budget phases in the development process:

Phase I – *Superintendent’s Estimate of Needs* is the beginning phase of budget development used to gather input from parents, business leaders, and other community stakeholders. This phase represents the superintendent’s presentation of the needs of the school division for the upcoming school year to the School Board in January (**Code of Virginia § 22.1-92**).

Phase II – *School Board’s Approved Budget* is the School Board’s recommended spending plan submitted to the Mayor, the City Administration, and the City Council. This phase consists of numerous work sessions and at least one public hearing to ensure input from all interested stakeholders. The budget is approved in February so it can be incorporated into the Mayor’s financial plan for submission to City Council in March.

Phase III – *School Board’s Adopted Budget* represents the School Board’s adopted budget based on state funding levels and the appropriation ordinance adopted by City Council. The Mayor’s recommendation is forwarded to the Richmond City Council, which must adopt the schools’ appropriation by legal ordinance on or before May 15th of each year. Subsequent to the City Council’s action, the School Board makes any required adjustments to balance the budget which is adopted in June.

Fiscally Dependent School Division

Richmond Public Schools is a fiscally dependent school division pursuant to State law. As a fiscally dependent school division, Richmond Public Schools does not levy taxes or issue debt. The School Board derives its authority as a political subdivision of the State and has the constitutional responsibility to provide public education to the residents of Richmond.

Revenue Highlights

Local Revenue

Richmond Public Schools' budget reflects an appropriation from the City of Richmond in the amount of \$239.3 million representing an increase of \$17.8 million over FY24. The City of Richmond provides 57.7% of the revenue for our operating budget. The City's allocation provides funding to support the required local match for Standards of Quality (SOQ), and other state revenue streams, as well as programs and services not included in the SOQ funding formula. The City of Richmond funds the school division in excess of the minimum amounts designated by the SOQ in order to provide students with relevant, engaging, and innovative teaching and learning experiences.

Prior Year Fund Balance

The FY25 budget reflects the use of prior year fund balance in the amount of \$11,213,816. This request represents an increase of \$8.5M over FY24.

State Revenue

The SOQ is established in the Virginia Constitution as the minimum educational program school divisions must provide. The specific requirements of the SOQ are set out in the Code of Virginia and the appropriation act, and include requirements for programs and staffing. State funding must be matched by the locality. Localities may spend more than the required amounts and offer programs and employ staff beyond what is required. Each SOQ account is funded by a per pupil cost calculated for each division and distributed on March 31 ADM.

**RICHMOND PUBLIC SCHOOLS
2024-25 BUDGET**

Fiscal Year 2025 marks the first year of the state's biennial budget. The State's budget reflects adjustments for re-benchmarking costs associated with the Standards of Quality. The impact to Richmond is a net increase from state resources totaling \$5.8M.

Other Revenue

Other revenue that supports our general fund budget includes items such as building rentals, fines and fees and indirect cost recovery. These revenues total \$615K or 0.2% of the operating budget (net of any local increase). This funding category is projected to decrease \$315K for FY25 due to the loss of indirect costs associated with ESSER & ARP funding.

Federal Revenue

Federal funding that supports the general fund budget consists of Impact Aid and Army JROTC programs. These resources total \$660K or 0.2% of the operating budget and are expected to decrease \$20K FY25.

Elementary education is where we build a strong foundation for every student. In elementary schools, students gain reading skills to become lifelong learners, build their understanding of mathematical concepts, are exposed to a broad array of enriching learning opportunities, and begin to learn critical social-emotional skills needed in school and life. In elementary schools students are exposed to visual and performing arts, instrumental music and music appreciation, physical education and health, technology, and more. The staff needed in elementary education include teachers, academic interventionists, instructional assistants, counselors, principals and assistant principals, library-media specialists, arts and humanities teachers, instructional coaches, and many others – all focused on supporting student growth through a wide array of programming.

Middle School

Each year, all students enroll in English Language Arts, Mathematics, Science, and Social Science/ History courses with students having the opportunity to take Algebra I and Geometry in 8th grade. Within these subjects, students have the option to select courses available for high school credit that can be earned during middle school. In addition to core content courses, middle school students have an array of choices for electives. Each middle school also has time in their schedule to support students' needs and is structured to support identified students with targeted additional instruction.

High School

The aim of graduating from high school is not simply to earn a diploma, but to be prepared for the future. To that end, the state of Virginia has a defined vision for all graduates that describes the knowledge, skills, experiences, and attributes that students must attain to be successful in college and/or career, and to be "life ready." A "life-ready" Virginia graduate must achieve and apply content knowledge, demonstrate productive workplace skills, qualities, and behaviors, engage as a responsible and responsive citizen, and use their learning to explore career opportunities. The learning experiences of RPS students are designed to align to this vision.

Every RPS high school offers a course of study that enables students to meet the graduation requirements for the Advanced Studies, Standard, or Applied Studies Diplomas while also providing opportunities to explore coursework beyond those requirements. This course of study includes access to robust career and technical offerings, as well as advanced courses that provide the opportunity for all students to have the opportunity to earn credit towards a post-secondary degree or industry certification.

Regional Schools

**RICHMOND PUBLIC SCHOOLS

SECONDARY EDUCATION

Regional Governor's schools (Appomattox Regional Governor's School for the Arts and Technology VPA and CTA and Maggie L. Walker Governor's School for Government and International Studies (Grades 9-12) and CodeRVA (Grades 9-12) are available to all RPS students through an application process determined by each school and completed during the 8th grade year.

Career & Technical Education (CTE) Pathways at the Richmond Technical Center

In addition to the CTE courses offered at each RPS comprehensive high school, all students may enroll in CTE courses that result in an industry credential and/or certification at the Richmond Technical Center (RTC) while still attending courses at their home high school. RTC provides unique and meaningful hands-on learning opportunities that allow students to explore a passion while earning high school and/or college credit. The staff at RTC works in partnership with colleges, businesses, and industries to provide entry-level experience, job training, and industry certification in preparation for active contribution to the global community.

Alternative Education

RPS also offers a variety of alternative education programs and schools designed to meet the unique needs of students who need additional individualized supports, are overage/under-credited, who have dropped out of an RPS high school previously, have had limited success in the traditional high school setting, and/or for whom English is not their first language.

Richmond Virtual Academy (RVA)

Richmond Virtual Academy supports students with complete academic programming in a virtual learning setting. The Richmond Virtual Academy is designed as a K-12 school. Students in grades 6-8 receive instruction via RPS programming; students in grades 9-12 receive coursework via Virtual Virginia.

SCHOOL BOARD

The School Board consists of nine elected officials who provide supervision and direction to the school division's administration. The School Board has two departments: the Clerk and Internal Audit.

School Board Clerk

The School Board Clerk supports all Board Members with executive level assistance, as well as supports all School Board meetings, including committee meetings, manages BoardDocs as a repository for policies, minutes, and other information, and coordinates all division level FOIA requests.

Internal Audit

The Internal Audit Department performs independent and objective assessments of departments, schools, and programs within the division to support improvement of division operations, and assess risk management, internal controls, and governance processes. In addition, Internal Audit provides audit assistance to the external auditors for the School Board's annual audit.

**RICHMOND PUBLIC SCHOOLS
2024-25 BUDGET**

SUPERINTENDENT'S OFFICE

The Superintendent of Richmond Public Schools is responsible for ensuring that all RPS students, regardless of background, are provided with the education they need to be able to pursue their dreams – whatever they may be. The Superintendent ensures that the goals and priorities of Dreams4RPS, the division's strategic plan, are realized, provides the Board and the RPS community with information regarding all aspects of RPS administration, connects with key stakeholders in the City and State, including business, community, and others leaders to garner support for various RPS priorities, and ensures Board policies are followed.

The Chief of Staff is the liaison between the Superintendent and a variety of internal and external stakeholders. The Chief of Staff specifically supports a strong partnership with the Virginia Department of Education (VDOE) and completion of Memorandum of Understanding (MOU) required actions. In addition, the Superintendent's Office has two departments: Finance and Budget and Strategic Planning.

Finance and Budget

The Department of Finance and Budget is comprised of three teams. The Finance Team is responsible for disbursement, receipt, and accounting for all financial transactions including payroll and accounts payable activities. The Finance Team also prepares the Comprehensive Annual Financial Report (CAFR). The Budget Team develops, monitors, and revises the annual operating financial plan for the school division. Additionally, the Budget Team monitors and revises special revenue, Nutrition Services, capital projects, and other school funds as well as prepares a variety of internal and external financial reports. The Grants Monitoring & Compliance Team is the primary source for support, guidance, and technical assistance for securing, implementing, and monitoring the use of grant funds. The Grants Monitoring & Compliance Team collaborates with other Offices acquiring and executing federal, state, and local grants. The Grants Monitoring & Compliance Team also partners with the Virginia Department of Education (VDOE) to ensure the timely submission of reports and required documents to promote the compliance and monitoring efforts of Richmond City Public Schools.

Strategic Planning

The Strategic Planning Department is responsible for ensuring that RPS's resources are allocated where they are most needed, and supports school and division leaders in making decisions about those resources. The Department focuses on developing and leading an integrated school planning process, including school applications, staffing, and budgeting.

ACADEMIC OFFICE

The Academic Office has six departments: Academic Programs and Supports, Curriculum and Instruction, Early Childhood Education, Exceptional Education, Secondary Success Pathways (includes CTE), and Schools.

Academic Supports and Programs

The Department of Academic Supports and Programs uses data to provide targeted intervention to students. The Department specifically leads our Response to Intervention (RTI) and Summer School Programming. The Department also supports Language Instruction Educational Programming (LIEP) for students for whom English is not the first language. The Department also supports schools who receive additional school-wide support as well as leads the division’s testing work.

Curriculum and Instruction

The Department of Curriculum and Instruction supports student learning through the development and implementation of division curriculum and provides expertise and support for all curricular and instructional programs. This work ultimately ensures educational cohesion and continuity among all schools in the division, creating a seamless educational experience for all students. The Department includes all staff related to all curricular content areas, an academic operations specialist as well as support for library media staff.

Early Childhood Education

The Early Childhood Education Department leads efforts to expand access to high-quality early childhood programming and ensure increased readiness for kindergarten. The Department provides support and supervision to preschool principals, leads programming for both Early/Head Start and Virginia Preschool Initiative (VPI) programs, and engages closely with families to support early learning.

Exceptional Education

The Exceptional Education Department ensures that a continuum of services is provided for students with disabilities, ages two to 21 who are eligible to receive special education and related services. The Department has teams which provide supports to schools, families, and students for related services, speech pathology, inclusion, transition, psychological services, alternative placements and assistive technology.

Secondary Success Pathways

The Secondary Success Pathways Department encompasses all aspects of supporting students to leave high school ready for the next step of their journey (ensuring all graduates leave RPS either entering a 2 or 4-year college, a living wage career, or enlist in national service). This Department brings together the resources of CTE, counseling, Future Centers, and alternative academic programs to provide every student a path towards postsecondary success.

Schools

The Schools Team is led by Principal Directors who directly support school leaders to “Lead with Love,” meaning ensuring rigorous instruction in our schools, embracing the whole child, and ensuring equity. Principal Directors help ensure principals spend most of their time in classrooms, supporting teachers in holding high expectations for all students. Principals are also supported in developing safe and loving school cultures and thinking holistically about how to best serve all our children, including providing opportunities for diverse experiences that spark our students’ passions, implementing trauma-informed practices when needed and working in close partnership with families to ensure each child reaches their full potential.

ACADEMIC OFFICE

Principals are also supported in creating a more equitable society and doing whatever is necessary to ensure that all children – especially those who face the greatest challenges in their lives – achieve at the highest levels. All principals are provided with ongoing differentiated coaching to grow their instructional leadership as part of a cohort-based learning community.

ENGAGEMENT OFFICE

The Engagement Office has two departments: Family and Community Engagement and Advocacy and Engagement.

Department of Family and Community Engagement

The Department of Family and Community Engagement is responsible for ensuring that RPS families have access to information, resources, and opportunities that allow students to flourish academically. Key priority areas include cultivating equal partnerships with families, working to remove barriers for families that interfere with school attendance, building strong relationships with community members, facilitating volunteer engagement, and collaboratively working to build meaningful and trusting relationships with families. The Department is centered on a “Community Hub” model. There are several community hubs around the city, and these are community-based spaces where RPS meets families’ needs, builds on their strengths, and supports ongoing advocacy to inform our divisions’ programs and policies. They are designed to serve families and students from a person-centered approach, meeting people where they are based on their location and needs. While this is not the only meeting place for our families they do allow us to truly meet the community whether it be a school location or a community location. The Department also supports RPS families experiencing unstable housing, as well as provides a Welcome Center to support the division's newcomer and non-English speaking families by informing, assisting, and connecting them to school and community resources.

Department of Advocacy and Outreach

The Department of Advocacy and Outreach is responsible for developing a culture of advocacy within RPS and coordinating diverse outreach activities across the division. The Department’s efforts include facilitating state and local government legislative advocacy, providing advocacy training and experiences, and supporting the Superintendent’s Student Advisory Council. Within the Department of Advocacy and Outreach is the Language Justice Team, which oversees all interpretation and translation services and helps engage with the entire non-English speaking community. Additionally, the Department is responsible for coordinating division-wide outreach & communications platforms (graphic design, websites, social media, traditional media, advertising, mass notifications, etc.), empowering schools with school-based outreach tools and support, serving as the lead media relations contact for the division, and supporting logistics for division-wide and School Board events.

SYSTEM-WIDE EXPENDITURES

System-Wide Expenditures includes Tuition & Transfers, Retirement & Benefits, and Utilities. These functions encompass items such as transfers to other funds, tuition payments for students attending regional programs, funding for the early retirement program, and utility payments.

Tuition & Transfers consists of “operating transfers out” and “tuition” paid to regional programs. Operating transfers to other funds are the general fund contribution to support the many diversified programs and operations such as: Head Start, Adult Basic Education, Early Intervention Reading Initiative, Dual Enrollment and the Patrick Henry Charter School for Science and Arts. Tuition payments support students attending Appomattox Regional Governor’s School, Maggie L. Walker Governor’s School, and CodeRVA Regional High School.

Retirement & Benefits functions as a repository of funds that are expended for the school system's legal obligation toward health care payments for retirees, the early retirement program and the employers match for the deferred annuity plan.

Utilities covers district-wide payments for electricity, water/sewage, natural gas, and refuse disposal for RPS operated facilities. Utilities also covers lease payments for facilities services equipment and to pay the City of Richmond for storm water utility.

701	Allen Trust Fund	<p>This trust fund records transactions related to activities of the Allen Trust Fund (interest collections and small disbursements). This trust fund was established in 1958 by decree of the Chancery Court under the stipulations set forth in the will of Otway S. Allen. The intent of the trust was to designate that interest income be used for educating and training of students in the scientific and mechanic arts (Virginia Mechanics Institute). The institute was developed specifically as an evening school for adults with program and curricula designed to meet vocational and technological needs of its students and businesses of that time. Based on School Board action that followed the establishment of the Trust, the “William C. Allen and Allaville Allen School of Technology” was created. As part of the endowment stipulations, the trust fund has been carried as a special fund and unrelated to the School Board general fund operating budget. The expenditures from this fund are part of the responsibility of the Principal of the Richmond Technical Center and interest income can be budgeted for his/her use.</p>
703	Special Building Trust Fund - Expendable	<p>This fund records activity of a restricted building trust account. The only transactions recorded in this fund have been interest earnings and finance charges for the last several years.</p>

The City continues to emphasize the importance of addressing its infrastructure needs while also investing in economic development projects and improvements that will make a return on investment to the City’s coffers. The City uses the Capital Improvement Program (CIP) to strategically invest in and develop capital projects. A project that is included in the City’s capital budget is broadly defined as requiring the expenditure of public funds, for the purchase, construction, enhancement or replacement of physical infrastructure/assets.

To be included in the CIP, the project must have an expected useful life greater than the life-span of any debt used to fund the project. Projects include construction and major renovations of buildings; economic development activities; acquisition of property; repairs and improvements to roadways, bikeways, and sidewalks; and the efficient operation of the water, sewage and gas systems. Other costs associated with the capital budget include, but are not limited to, architectural and engineering fees and site development.

Capital Projects Fund, from the school division’s perspective, supports infrastructure maintenance, such as roofs, boilers, and electrical upgrades. Capital projects are funded through appropriation ordinance by the City of Richmond.

SCHOOL MAINTENANCE

The Capital Improvement Plan is used to identify, plan and fund the major building systems, infrastructure and site feature replacements to ensure a safe, reliable and sound instructional environment for the students, faculty and administration of Richmond Public Schools.

The basis of this plan is determined by the life expectancy of major building systems (i.e. HVAC, Plumbing, etc.) as determined by the American Society of Heating, Refrigeration and Air-conditioning Engineers (ASHRAE) and recent surveys of problematic systems and or components where recurring maintenance and/or repairs are no longer economically feasible. As a large majority of the base building systems and infrastructure have past or are fast approaching the end of their useful life, this plan attempts to address the problematic systems and/or site features that could have detrimental effects on the life safety, continuous operation and instructional environment of the School Division. For systems not identified that have exceeded their useful life, preventive and predictive maintenance measures/practices (i.e. PM services, rebuilds, infra-red surveys, etc.) will be increased through our general maintenance budget to extend their useful life.

The basis for estimates are derived from contractor's estimates and cost with projects of similar type/scope and RSMMeans, a leading provider of construction information, products and services. An escalation factor has been factored in for subsequent years. This plan reflects the true needs and the estimated cost for the division for each project. As it is nearly impossible to accurately predict when systems or infrastructure failure will occur, the plan is subject to revisions.

AVERAGE PER PUPIL EXPENDITURES FOR OPERATIONS***

Virginia Code Section 22.1-92 requires each school division to provide notification of its estimated per pupil cost for public education for the coming school year. The Code further mandates that the notification shall include actual per pupil state and local education expenditures for the previous school year. The chart below meets that legal requirement. When comparing fiscal years against each other, it is important to keep in mind that one is actual and the other is an estimate based on an approved budget.

BUDGET POLICY
2024-25 BUDGET**

POLICY 3-2.1 ANNUAL OPERATING BUDGET

Generally

The annual school budget is the financial outline of the division’s education program. The budget presents a proposed plan of expenditures and the expected means of financing those expenditures. After adoption, the budget will provide the primary means of managing expenditures.

The School Board has final authority in determining what is included and what is excluded in the annual budget; however, the School Board is advised by the division superintendent or his/her designee of the financial needs of the school division to achieve the programs approved by the School Board.

In order for the annual budget to have the fullest support of the staff, School Board members and stakeholders, it is imperative that a transparent procedure be established which will share the budget making process with all stakeholders.

Fiscal Year

The fiscal year is defined as beginning on the first day of July and ending on the thirtieth day of the following June.

Drafting of the Budget

Calendar

The School Board and administration highly value community and stakeholder input throughout the budget drafting process. To this end, the public will be notified of all methods through which it may provide input regarding the budget drafting process.

The division superintendent or his/her designee shall prepare a budget calendar identifying all deadlines for the annual budget making process, which shall be published on the division website. The calendar shall include work sessions for reviewing the budget and at least one public hearing on the budget. The final public hearing shall be held at least seven days prior to the approval of the budget. Notice of the time and place for the public hearing must be published, at least ten (10) days in advance, in a newspaper having general circulation within the school division.

Classification of Expenditures

The budget shall include the following major classification of expenditures:

1. Instruction;
2. Administration, attendance and health;
3. Pupil transportation;
4. Operation and maintenance;
5. School food service and other non-instructional operations;
6. Facilities;
7. Debt and fund transfers;
8. Contingency reserves; and
9. Technology.

The School Board may require further detail within the above listed classification of expenditures.

**RICHMOND PUBLIC SCHOOLS
BUDGET POLICY
2024-25 BUDGET**

Presentation to School Board

The division superintendent's budget, including the estimated required local match, for the following school year shall be presented to the School Board by the second scheduled meeting in January, or as otherwise required by law.

Publication of the Budget

Upon approval of the annual budget by the appropriating body, the school division shall publish the approved budget in line item form, including the estimated required local match, on the School Board website. Additionally, hard copies of the budget shall be made available to the public upon request.

Monthly Report of Expenditures to the School Board

The adoption of the capital and operating budgets by the School Board carries with it the authority of the administration to make such expenditures within the limits of the budget. The division superintendent or his/her designee shall render each month to the School Board a statement of the funds in his or her hands available for school purposes and the status of each budget item.

Annual Report of Expenditures to the Richmond City Council

At least annually, the School Board shall submit to the Richmond City Council a report of its expenditures. Such report shall also be made available to the public either on the school division website or in hard copy at the central school division office. This report shall take the form of a template prescribed by the Virginia Board of Education.

Budget Transfers

The division superintendent's approval is required for all budget transfers. The School Board approval is required on any request for budget transfers in excess of \$10,000. All budget transfers, including transfers for less than \$10,000, shall be presented to the School Board or a committee thereof. All budget transfers presented to a committee shall be immediately forwarded to the School Board.

§ 15.2-2503. Time for preparation and approval of budget; contents. All officers and heads of departments, offices, divisions, boards, commissions, and agencies of every locality shall, on or before the first day of April of each year, prepare and submit to the governing body an estimate of the amount of money needed during the ensuing fiscal year for his department, office, division, board, commission or agency. If such person does not submit an estimate in accordance with this section, the clerk of the governing body or other designated person or persons shall prepare and submit an estimate for that department, office, division, board, commission or agency.

The governing body shall prepare and approve a budget for informative and fiscal planning purposes only, containing a complete itemized and classified plan of all contemplated expenditures and all estimated revenues and borrowings for the locality for the ensuing fiscal year. The itemized contemplated expenditures shall include any discretionary funds to be designated by individual members of the governing body and the specific uses and funding allocation planned for those funds by the individual member; however, notwithstanding any provision of law to the contrary, general or special, an amendment to a locality's budget that changes the uses or allocation or both of such discretionary funds may be adopted by the governing body of the locality. The governing body shall approve the budget and fix a tax rate for the budget year no later than the date on which the fiscal year begins. The governing body shall annually publish the approved budget on the locality's website, if any, or shall otherwise make the approved budget available in hard copy as needed to citizens for inspection.

§ 22.1-88. Of what school funds to consist. The funds available to the school board of a school division for the establishment, support and maintenance of the public schools in the school division shall consist of state funds appropriated for public school purposes and apportioned to the school board, federal funds appropriated for educational purposes and apportioned to the school board, local funds appropriated to the school board by a local governing body or such funds as shall be raised by local levy as authorized by law, donations or the income arising therefrom, and any other funds that may be set apart for public school purposes.

§ 22.1-89. Management of funds. Each school board shall manage and control the funds made available to the school board for public schools and may incur costs and expenses. If funds are appropriated to the school board by major classification as provided in § [22.1-94](#), no funds shall be expended by the school board except in accordance with such classifications without the consent of the governing body appropriating the funds.

§ 22.1-90. Annual report of expenditures. Every school board shall submit at least once each year to the governing body or bodies appropriating funds to the school board a report of all its expenditures. Such report shall also be made available to the public either on the official school division website, if any, or in hard copy at the central school division office, on a template prescribed by the Board of Education.

§ 22.1-91. Limitation on expenditures; penalty. No school board shall expend or contract to expend, in any fiscal year, any sum of money in excess of the funds available for school purposes for that fiscal year without the consent of the governing body or bodies appropriating funds to the school board. Any member of a school board or any division superintendent or other school officer violating, causing to be violated or voting to violate any provision of this section shall be guilty of malfeasance in office.

§ 22.1-93. Approval of annual budget for school purposes. Notwithstanding any other provision of law, including but not limited to Chapter 25 (§ 15.2-2500 et seq.) of Title 15.2, the governing body of a county and the governing body of a municipality shall each prepare and approve an annual budget for educational purposes by May 15 or within 30 days of the receipt by the county or municipality of the estimates of state funds, whichever shall later occur. ² ADM values shown are based on the March 31 ADM projections used in the amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget for FY 2025 and FY 2026.

³ Columns may not add due to rounding.

⁴ Projected revenue estimate. Semi-monthly payments will be based on actual sales tax receipts. Pursuant to the Appropriation Act, the Basic Aid state payment calculation is based on the appropriated sales tax distribution only and is not adjusted for actual sales tax revenues received.

⁵ The amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget assign the entire funding for Textbooks to the SOQ area. Required Local Effort for Textbooks is based on the payments in the SOQ area.

⁶ VRS Retirement includes payments for the Retiree Health Care Credit (RHCC). Please see the Budget Variables tab for the funded RHCC rate.

⁷ Projected state payment. Final payments will be based on actual expenditures, up to the projected state payment, subject to the availability of funds.

⁸ Includes state funding for regional vocational, special, and alternative education programs and Academic Year Governor's Schools.

⁹ Payments for Remedial Summer School are based on projected FY 2025 and projected FY 2026 enrollment used in the amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget.

¹⁰ Payments for the VPSA Technology Grants are made from bond proceeds on a reimbursement basis and may begin following each bond issuance. These payments include funding for the school division and the regional programs for which the division serves as the fiscal agent.

¹¹ Payments for the Virginia Preschool Initiative are based on projected FY 2025 and FY 2026 student slots used in the amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget.

¹² Payments for English Learner Teachers projected for FY 2025 and FY 2026 are based on a new funding methodology adopted by the 2024 General Assembly. The new methodology bases state payments on student proficiency level aligned to corresponding instructional position ratios, in lieu of the current standard that provides one position per 50 identified English Language Learners. Please refer to the Account Funding Explanations tab for more detail.

¹³ The amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget calculate the state share of Compensation Supplement funds based on a 3% salary increase effective July 1, 2024 and an additional 3% salary increase effective July 1, 2025 for funded SOQ instructional and support positions, Academic-Year Governor's Schools, and regional alternative education centers.

¹⁴ The proposed per pupil funding amount for the Infrastructure and Operations Per Pupil Allocation Payment is projected at \$409.62 for FY 2025 and \$410.52 for FY 2026.

Divisions will be paid up to their calculated entitlement based on actual March 31 ADM, pending sufficient appropriation. The per pupil amount is adjusted for the local composite index. Estimates will not change when local ADM projections are selected.

¹⁵ Additional VPI programs include mixed delivery grants and additional VPI slots for 3-year olds, expanded class sizes, and waitlist students.

¹⁶ According to the amendments adopted by the 2024 General Assembly to the 2024-2026 biennial budget, the Supplemental General Fund Payments in Lieu of Food and Hygiene Tax Products shall be distributed on the basis of the latest annual estimate of school age population provided by Weldon Cooper.

¹⁷ State funding for the Prevention, Intervention, and Remediation program has been absorbed by the new At-Risk Add-on program.

⇒ = SOQ accounts requiring a local match for purpose of meeting Required Local Effort.

BOLD = Account funding based on ADM; any changes in ADM numbers will result in a change in the state payment amount.

REVENUE DESCRIPTIONS

PRIOR YEAR FUND BALANCE: Balance of funds not expended in the prior fiscal year.

LOCAL CITY FUNDS

CITY APPROPRIATION: Amount of funds appropriated by City Council from City revenues.

STATE FUNDS – SOQ PROGRAMS

BASIC AID: Basic state aid funds are provided for basic operational costs which cover the cost per pupil, including providing for the number of instructional positions required by the Standards of Quality (SOQ). The minimum ratio is 51 professional personnel to 1,000 pupils. The funds cover the cost for the following educational programs: regular day school, gifted, vocational, special, library, driver's education, and teacher sick leave. These funds also cover general administration division superintendent's salary, free textbooks, school nurses, operation and maintenance, transportation, staff development, remedial work, fixed charges and other charges. Basic aid funds are distributed based upon ability to pay local share of state-wide per pupil amount. FORMULA: PER PUPIL AMOUNT x ADJUSTED ADM - STATE SALES TAX x STATE SHARE COMPOSITE INDEX

EMPLOYEE BENEFITS: The State reimburses RPS a percentage of benefit costs (VRS retirement, group life, and social security) based on the state share of employer contributions for funded SOQ instructional and professional positions. FORMULA: PER PUPIL AMOUNT x ADJUSTED ADM x STATE SHARE COMPOSITE INDEX

ENGLISH AS A SECOND LANGUAGE: State funds are provided to support local school divisions providing the necessary education services to children not having English as their primary language. Funding supports the salaries and benefits of instructional positions at a standard of 20 positions per 1,000 ESL students.

GIFTED EDUCATION: Funds are distributed to the locality to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted ADM.

PREVENTION, INTERVENTION, & REMEDIATION: SOQ Prevention, Intervention, and Remediation funding provides remedial services to children who need additional instruction. Funding is disbursed to local school divisions to support the state share of additional professional instructional positions ranging from a pupil teacher ratio of 10:1 to 18:1 based on the division-level failure rate on the SOL English and math tests for all students at risk of educational failure (the three-year average free lunch eligibility data is used as a proxy for at risk students).

REMEDIAL SUMMER SCHOOL: Remedial Summer School programs provide additional education opportunities for at-risk students. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session, or during an intersession in the case of year-round schools.

SALES TAX: A portion of net revenue from the state sales and use tax dedicated to public education is distributed to counties, cities, and towns in support of the Standards of Quality. The distributions are based on each locality's pro-rata share of school age population as based on the estimate of school-age population as provided by the Weldon Cooper Center for Public Service at the University of Virginia.

2024-2025 BUDGET**

REVENUE DESCRIPTIONS

SPECIAL EDUCATION: Funding for special education provides for the state share of salary costs of instructional positions generated based on the staffing standards for special education. Each special education student is counted in their respective school and up to three disabilities per student may be recognized for calculating instructional positions for funding.

TEXTBOOKS: State law requires that students attending public schools receive free textbooks. State funding is provided on a per pupil basis based on the funded per pupil amount for textbooks.

VOCATIONAL EDUCATION: State funds are provided to support career and technical education courses for students in grades 6-12. The funding supports the salary cost of instructional positions based on the class size maximums established by the Board of Education.

STATE FUNDS – INCENTIVE PROGRAMS

COMPENSATION SUPPLEMENT: Compensation supplement funding covers the state share of cost (including fringe benefits) for a percentage-based salary increase for funded SOQ instructional and support positions.

EARLY READING SPECIALISTS INITIATIVE: These funds are designated to provide one early reading specialist position for all third-grade classes in schools that rank lowest on the reading Standards of Learning assessments. School divisions that are affected will have to match the funding of the additional positions based on their composite index of local ability to pay.

GOVERNOR’S SCHOOLS: These programs give gifted and talented high school students an opportunity to study with fellow students of similar interest and abilities from across the Commonwealth. The schools offer specialized curriculum offerings. State funds are provided to assist with the state share of the incremental costs of operations during the school year. These funds are not to be used for capital outlay, structural improvements, renovations, or fixed equipment costs. Funds may be used for the purchase of instructional equipment.

GROCERY TAX HOLD HARMLESS: This program provides state support for school divisions to cover a loss of funding due to the elimination of the state grocery tax, effective January 1, 2023. These distributions are not subject to subsequent technical updates.

MATH/READING INSTRUCTIONAL SPECIALISTS: The Math/Reading Specialist Initiative assigns eligibility based upon the schools that rank lowest on the Spring SOL math or reading assessment. The state share of funding for a reading or math specialist is available to eligible schools for both years of the biennium.

REBENCHMARKING HOLD HARMLESS: An additional state payment is provided to school divisions due to data elements within special education, pupil transportation, and non-personal support costs that are used in the biennial rebenchmarking process and that were affected by the pandemic in FY2020 or FY2021. These distributions to school divisions are not subject to subsequent technical updates. These funds shall be matched

by local school divisions based on the LCI. State funds distributed under this initiative can be used on any eligible costs within SOQ Basic Aid and Special Education.

SCHOOL SECURITY EQUIPMENT GRANTS: This is a school security equipment grants program to help offset the local costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia. The grant awards will be based on a competitive grant basis of up to \$250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2022, for the fiscal year 2023 issuance, and September 30, 2022, for the fiscal year 2024 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

SPECIAL EDUCATION-REGIONAL TUITION: Regional tuition reimbursement funding provides for students with low-incidence disabilities who can be served more appropriately and less expensively in a regional program than in more restrictive settings. A joint or a single school division operates regional special education programs. These programs accept eligible children with disabilities from other local school divisions. All reimbursement is in lieu of the per pupil basic operation cost and other state aid otherwise available.

VIRGINIA PRESCHOOL INITIATIVE – ADDITIONAL PROGRAMS: Early Childhood ED4 program includes: Mixed-Delivery Add-on Grant; Increase Staffing Ratios and Class Sizes; Reallocate Slots-Eliminate Wait List; VPI Pilot for At Risk 3 Year Olds; Expand mixed delivery to include At Risk 3 Year Olds.

VIRGINIA PRESCHOOL INITIATIVE: The Virginia Preschool Initiative provides funding for programs for unserved, at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement, and pupil transportation. Programs must provide full-day or half-day and, at least, school-year services. Estimates of at-risk four year olds are established for the biennium in the Governor's biennial budget as introduced. Enrollments after September 30 should be prorated based on the portion of the year the child is served.

VPSA TECHNOLOGY: VPSA Technology program provides grant funding for school divisions to purchase additional technology to support the SOL Technology Initiative. Eligible schools include those reporting membership as of September 30th and are subject to state accreditation requirements, as well as regional centers including vocational centers, special education centers, alternative education centers, academic year Governor's Schools, Code RVA and the School for the Deaf and the Blind. Funding is also included for the Virginia e-Learning Backpack Initiative to purchase laptop or tablet computers for ninth grade students in high schools that are not fully accredited for two consecutive years. High schools that qualify for these grants will be eligible to receive these grants for a period of up to four years. Note: Beginning with the Spring 2015 grants, eligible schools include only those not fully accredited for the second consecutive year. In addition, for schools that do not have grades 10, 11, or 12, the grants may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years and shall not be eligible to receive a separate award in the future once the original award period has concluded.

STATE FUNDS – CATEGORICAL PROGRAMS

ADULT EDUCATION: State funds are provided to improve educational opportunities for adults and to encourage the establishment of adult education programs that will enable all adults to acquire basic educational skills necessary to function in a literate society. The program also enables adults to complete secondary school, obtain a GED, or to benefit from job training and retraining programs.

ADULT EDUCATION: State funds for Adult Literacy are appropriated to provide basic educational skills to adults who lack skills necessary for literate functioning.

SCHOOL LUNCH: School divisions participating in the National School Lunch Program get cash subsidies and donated commodities from the U.S. Department of Agriculture for each meal they served. This state reimbursement program is required by the federal National Nutrition School Lunch Program, the School Breakfast Program, and the After School Snack Program.

SPECIAL EDUCATION – STATE-OPERATED PROGRAMS: Education services are continued for students placed in state-operated facilities. State statute requires the state to provide appropriate education to all children in state hospitals, clinics, detention homes, and the Woodrow Wilson Rehabilitation Center. Education services are provided through contracted services with local school divisions. Funded positions are based on caseloads. A funding amount per position (to cover both personal and non-personal costs) is applied to each position to determine the total amount of funding for each division that provides education services in state operated programs.

STATE FUNDS – LOTTERY FUNDED PROGRAMS

ALTERNATIVE EDUCATION: State funds for Alternative Education programs are provided for the purpose of educating certain expelled students and, as appropriate, students who received long-term suspensions from public schools.

AT-RISK: State payments for at-risk students are disbursed to school divisions based on the estimated number of federal free lunch participants in each division to support programs for students who are educationally at-risk. REVENUE DESCRIPTIONS

CAREER AND TECHNICAL EDUCATION:

Adult Education – funds provide adult education for persons who have academic or economic disadvantages, and who have limited English-speaking abilities. These funds pay for full-time and part-time teacher salaries and supplements to existing teacher salaries.

Equipment – career and technical allocations for equipment are used in the following areas: Agricultural Education; Business and Information Technology; Career Connections; Family and Consumer Sciences; Health and Medical Science Education; Marketing; Technology Education; and Trade and Industrial Education.

Occupation Prep – funds are used to provide a portion of the salary of principals and assistant principals of divisional vocational technical centers and assistant principals at regional vocational centers, which are not required in the Standards, and therefore, not funded through Basic Aid. These funds also pay a portion of the cost of extended contracts for vocational teachers.

EARLY READING INTERVENTION: The Early Reading Intervention program is designed to reduce the number of students needing remedial reading services. Program funds are used by local school divisions for: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students.

FOSTER CARE: Foster care funding provides reimbursement to localities for educating students in foster care that are not residents of their school district. State funds are provided for prior year local operations costs for each pupil not a resident of the school division providing his education if the student has been placed in foster care or other custodial care within the geographical boundaries of such school division by a Virginia agency, whether state or local, which is authorized under the laws of the Commonwealth to place children. Funds also cover children who have been placed in an orphanage or children's home which exercises legal guardianship rights, or who is a resident of Virginia and has been placed, not solely for school purposes, in a child-caring institution or group home. Funds are also provided to support handicapped children attending public school who have been placed in foster care or other such custodial care across jurisdictional lines.

INFRASTRUCTURE & OPERATIONS PER PUPIL FUNDING: School divisions are permitted to spend such funds on both recurring (no more than 60%) and nonrecurring (at least 40%) expenses in a manner that best supports the needs of the school divisions. There is a required local match.

ISAEP: An Individual Student Alternative Education Plan (ISAEP) may be developed when a student demonstrates substantial need for an alternative program, meets enrollment criteria, and demonstrates an ability to benefit from the program. The need is determined by a student's risk of dropping-out of school.

REVENUE DESCRIPTIONS

K-3 PRIMARY CLASS SIZE REDUCTION: State funding is disbursed to school divisions as an incentive payment for reducing class sizes in grades kindergarten through three below the required SOQ standard of a 24:1 pupil-teacher ratio. Payments are based on the incremental cost of providing the lower ratios and class sizes based on the lower of the statewide average per pupil cost of all divisions or the actual division per pupil cost. Schools with free lunch eligibility percentages of 30 percent and greater are eligible for funding. The required ratios range from 19:1 and may go as low as 14:1 based on the free lunch eligibility rate of the eligible school. Eligible school list and funding are based fall membership enrollment.

30% but less than 45%	19 to 1	24

70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

SCHOOL BREAKFAST PROGRAM: Local school food authorities administer the School Breakfast Program at the local level. Participating schools must serve breakfasts that meet federal nutrition standards, and must provide free and reduced-price breakfasts to eligible children. This funding provides an incentive to increase student participation in the school breakfast program and to leverage increased federal funding resulting from higher participation.

SOL ALGEBRA READINESS: Funding is based on the estimated number of 7th and 8th grade students who are at-risk of failing the Algebra I end-of-course. This number is approximated based on the free lunch eligibility percentage for the school division.

SPECIAL EDUCATION – REGIONAL TUITION: Regional tuition reimbursement funding provides for students with low-incidence disabilities who can be served more appropriately and less expensively in a regional program than in more restrictive settings. A joint or a single school division operates regional special education programs. These programs accept eligible children with disabilities from other local school divisions. All reimbursement is in lieu of the per pupil basic operation cost and other state aid otherwise available.

SUPPLEMENTAL LOTTERY PER PUPIL ALLOCATION: School divisions are permitted to spend such funds on both recurring and nonrecurring expenses in a manner that best supports the needs of the school divisions. There is no required local match.
