		___ Comp. Cheer

If enrolled in athletic PE for the 24-25 school year, what are your top 2 elective choices that you would like to have to replace your PE class? _____ and _____.

Board Policy 6146.11 allows for physical education credit to be earned through participation in interscholastic athletics.

Program Guidelines

1) This option is only available to students in the 10th-12th grade. In order to use this option to meet the graduation requirement, students must participate in 2 full seasons of CHS sports, one of which must begin in their 10th grade year. This includes regular attendance at practices and games.
2) 5 credits will be awarded per sport per season. A maximum of 10 credits can be earned towards the PE graduation requirement. Credit for the program is indicated as Credit/No Credit on the student's transcript. No letter grade will be issued for this program.
3) Student must have previously earned 10 credits in Freshman Core PE
4) Students must maintain a full grade level appropriate course load in addition to this interscholastic athletics option.
5) If the student becomes academically ineligible at any point during the season, the student must still participate in team practices to receive PE credits for graduation.
6) Students who fail to participate in the entire season will not receive credit. If the student cannot complete the season, site administration (or designee) will meet with the family to discuss options to fulfill the PE requirement.

Athletic Director Signature Date Administrator Signature Date

This contract **must be** on file with the athletic office **by May 1, 2024**. The Athletic Department will review team rosters to determine if students qualify for the Athletic PE program. Students may be reassigned to a regular PE program if they are not placed on a team during any of the seasons needed for successful completion of this contract. Students who sign up for athletic PE and DO NOT complete a sport their sophomore year, will be assigned PE for their junior year and will NOT be eligible for athletic PE their junior or senior year.
