

MSBSD Coaches Code of Conduct

“We prepare all students for success”

As set forth in the MSBSD High School Co-Curricular Handbook, a coach asserts the greatest influence on individual athletes and the viability of an athletic program. Therefore, it is of paramount importance that the coach is well-versed in the activity and demonstrates the highest standard of behavior, leadership, and sportsmanship before the team, student body, faculty, and community. Although winning is important, it should never be achieved at the cost of fair play and sportsmanship and it is the expectation that MSBSD coaches serve as positive role models for their athletes both on and off the field of play.

When entering the coaching profession, a coach accepts certain obligations and responsibilities to the athletes, fellow coaches, and to their sport. The following guidelines are required when representing the MSBSD. Failure to meet these requirements are grounds for disciplinary sanction or dismissal.

An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.
