Required Reading- Book 2:

This option reflects TCA's core values, which asks students to "take ownership of and find joy in learning." We believe as a secondary student you are capable of finding challenging, meaningful reading material on your own. We want you to choose books with joyful anticipation that reflects your interests and your family's values. We encourage you, with the assistance of your parents, to seek out your own intriguing book as you continue to become an independent and life-long learner.
