APPLICATION PROCEDURES

1. Applications for the use of facilities may be obtained at all offices in the Tumwater School District.
2. The applicant is encouraged to directly contact the school to check on dates that a particular space is available.
3. Complete the Application for Use of School Facility request form. Provide all requested information to avoid unnecessary delays in processing your application.
4. Applications for all uses of school facilities shall be submitted to the building principal or building designee.
5. If approved by the principal, the application is forwarded to the Supervisor of Buildings & Grounds. The supervisor will make the final decision and assign fees and additional requirements as appropriate.
6. The application must be received at least seven (7) days prior to the facility use. Application processing will begin in June for events that will occur in the fall and in December for events that will occur in the spring. Submission in advance of these dates will not guarantee approval of your application. Our fiscal year is September through August. For groups with events spanning two fiscal years, invoices will be separated by fiscal year.
7. Payment for charges or the certificate of insurance, when applicable, must be received prior to the facility use.
8. Application copies will be sent to the principal, filed at the Buildings & Grounds office and returned to the applicant with an invoice if appropriate. A copy of a signed application becomes the applicant's permit for use. If the application is not consistent with the Board policy, or the space is not available, the contact will be notified or the application will be returned without a signature.

Multiple Uses: A single application may be made for a series of meetings of like character to be held at the same school facility. However, separate applications must be submitted for each school facility requested for use.

Cancellation: The applicant shall give at least 48 hours notice to the Buildings & Grounds office of any cancellation of previously scheduled facility use. In the case where proper notice is not given, the District may charge for any expenses incurred and cost recovery or rental fees will be assessed.

Permits (if necessary): Applicants are responsible for obtaining any required permits and for satisfying all city, county, state and federal codes and regulations associated with the proposed activities.

Appeals: The Supervisor of Buildings & Grounds possesses the authority to make the final decision on the use of school facilities and the appropriate charges. However, the applicant may appeal such decision to the Superintendent.
