<u>Superintendent's Report</u>: Superintendent Bogatin presented on ADHD Awareness Month, WSSDA General Assembly conference, an update on school construction bonds, an EPO Levy timeline and the TSD hosted Safety Fair.

Board Committee Reports

- ➤ <u>Legislative Update</u>: Director Beard reported that at the WSSDA General Assembly conference they voted down the weighed vote. This was the highest attended conference in many years. She will be sending the prioritization list out soon. The biggest change were live amendments and the diversity statement. There was also a new position on artificial intelligence.
- ➤ <u>WIAA Update</u>: Director Taylor shared we are in the final year of the reclassification process. BHHS and THS will remain 2A. Thurston County is looking at a multiclassification league that will reduce travel and officiating costs and allow for parents to attend more events. The middle school level is looking adjusting sports seasons. Fall participation numbers are: THS 335, BHHS 220, BMS 109 and TMS 127.

Board Member Comments

- ➤ <u>Director Taylor</u>: He spoke about transportation and the district's communication about attendance. We have kids that are missing school because of late routes and rotating routes. This is a problem that needs to be addressed. He would like to see significant changes to the transportation issues. He realizes that this won't be an easy fix, but we all need to come together to make a difference.
- ➤ <u>Vice-President Kaikkonen</u>: She thanked the parents who made public comment at the last meeting regarding transportation. She appreciated the level of grace that was offered in terms of describing the potential solution by way of training.
- Director Beard: She thanked Superintendent Bogatin for the background sheets that have been added to the board packets. She also didn't know that it was ADHD Awareness Month. Her daughter was diagnosed with ADHD when she was a sophomore in high school and only then because she begged to be tested. Many teachers in this district told her daughter that something was wrong with her. She hopes that bringing attention to ADHD that our students get the accommodations they need to be successful.

- Director Adams: She welcomed the student reps; she finds their participation very valuable. She also enjoyed the recognition part of the meeting. She's interested in the artificial intelligence position WSSDA is taking; it's a major change that will be important to follow. She agrees with Director Taylor regarding the Nutrition Policy around recess then lunch, but wonders how to address it at the middle and high school levels.
- Ameiya Brown: She thinks that the WSSDA policy is good to have and the annual reporting of restraint and isolation is good to have because it's good to know what's going on at our schools.
- ➤ <u>Lilly Wilson</u>: She found the nutrition policy interesting. She's never considered having recess first and then lunch, but she thinks it's a good idea.

PUBLIC HEARING

o Capital Facilities Plan 2023-2029 – Public Hearing Highlights

DATE:

October 19, 2023

TO:

Tumwater School Board of Directors

FROM:

Mel Murray, Facilities Director

SUBJECT:

Capital Facilities Plan 2023 - 2029

Public Hearing Highlights

Each year the six-year Tumwater School District Capital Facilities Plan (CFP) is updated by the Capital Projects Department as required under the Growth Management Act (GMA). Enrollment projections are compared to our school capacity. The plan determines if new facilities or additions to existing ones are needed, their costs, funding sources and schedule in order to have capacity for additional students. Our CFP is incorporated by the City of Tumwater and Thurston County into their Capital Facility Plans. October headcount enrollment is used for projections.

Chapters 1-3, Table 1 and Attachment 'A'

- 1. Chapter 1 is the introduction and an overview of the Plan and Chapter 2 is a background of growth legislation. The GMA intent is to ensure adequate public facilities are available to serve new growth.
- 2. Chapter 3 is a general description of Tumwater School District and the rationale behind capacity calculations. The number of general education classrooms is used with a blended average of 22 students per elementary classroom and 25 students per middle and high school classroom.
- 3. Table 1 shows the capacity and student enrollment summed by elementary, middle and high school grade spans. The GMA (and OSPI) look at capacity system-wide and not by individual schools. Also, modular (portable) classrooms are deemed temporary and not permanent capacity.

Chapter 4 & Table 2

- 1. Chapter 4 and Table 2 cover the enrollment (headcount) forecast by grade level for the next six years. Attachment 'D' is an enrollment forecast study done in 2018 before the elementary attendance boundary changes and the COVID pandemic.
- 2. Enrollment growth projections are summed each year by elementary, middle and high school grade spans. The CFP enrollment projection is to determine capacity needed. It is not used to estimate general fund revenue or staffing levels.
- 3. The Student Generation Rate study is in Attachment 'C'. The study compares all student addresses with the addresses of building permits issued for single- and multi-family homes for the preceding five years.

Chapter 5 & Table 3

1. These match capacity in Table 1 with growth in Table 2. It shows a new elementary school is needed in 2027 or 2028 depending on how fast new housing is built.

Chapters 6-7 & Table 4

1. Chapter 6 reviews the sources of funds for school construction projects. These are bonds, capital levies, miscellaneous sources like grants or energy rebates, and the state School Construction Assistance Program (SCAP). SCAP funds used to be called "matching"

Capital Facilities Plan 2023 - 2029 Update Highlights Page 2

funds" but the actual percentage of total school construction project costs has been declining year after year until the term "matching" has become a misnomer.

- 2. The 2023 TSD "state funding assistance percentage" is 62.23%. This means we have less than the State average assessed value per student. The "construction cost allocation" is \$271.61 per square foot of eligible building area in 2023. The TSD allocation would be \$271.61 x 62.23% = \$169.02/SF; new schools in the Puget Sound area are currently being built for over \$500 per square foot.
- 3. Table 4 is an estimate of costs for a new elementary school and portables. Construction costs have gone up by 33% over the past two years for new schools and has raised the overall project cost from \$45 million to over \$60 million.
- 4. Attachment B has a map of TSD vacant lands and conceptual school site plans for three potential elementary and one middle school sites. The site on 93rd Avenue SE would likely be the location of the new elementary school.

Chapter 8 & Table 5

- The financial plan provides the details of District plans for capital projects and the source of funds. Growth-related projects are a new elementary school and portables for temporary capacity. Other projects include major renovations at Bush Middle and Tumwater Middle Schools and minor unspecified renovations at both high schools.
- 2. Revenues come from four main sources remaining capital funds, future bonds, current and future capital levies, future State grants, impact fees and miscellaneous sources.
- 3. Table 5 projects capital expenditures and revenues for the next six years.

Chapters 9-10 & Tables 6 - 7

- 1. These chapters and tables use our current assessed valuation, debt capacity and current debt to establish the TSD capacity for future bond issues.
- 2. The 2023 valuation increased by 27.6% from \$7.479 to \$9.539 billion. New construction has added a large amount of value in TSD. The estimated growth for 2024 is 1.8%
- 3. Current bond debt is decreasing and all current bonds will be paid off in 2033.
- 4. Debt capacity is calculated by using 5% of assessed valuation minus the bond debt. Capacity for new bonds in 2023 is over \$400 million.

Chapter 11 & Table 8, & Appendix B

- These are the calculations for proposed TSD school impact fees this year. The Student
 Generation Rate is used to determine what the appropriate share of a new school is for
 each new housing unit. Credits for state funding and the present value of future property
 taxes are deducted.
- 2. Impact fees are collected by the City and County on behalf of the District through an inter-local agreement on new single-family and multi-family building permits. The proposed Impact Fees for 2023 are shown below:

Impact Fees:	2020 Fee	2021 Fee	2022 Fee	2023 Proposed Fee
Single-Family	\$4,996	\$5,006	\$5,408	\$5,565
Multi-Family	\$1,181	\$1,029	\$1,148	\$1,114

Tumwater School District Board Policy

SEXUAL HARASSMENT OF STUDENTS PROHIBITED

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature that constitutes sexual harassment under Title IX or Chapter 28A.6430 RCW. The term "sexual harassment" under this policy relates to certain legal definitions, which are described below. The district will refer to those legal definitions when responding to potential sexual harassment.

The district prohibits sexual harassment of students by other students, employees, or third parties involved in district activities. Sexual harassment can occur adult_-to_-student, can occur student_-to_-student, or can be carried out by a group of students or adults_-and The district will respond to sexual harassment even if the alleged harasser is not a part of the school staff or student body. will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Under federal and state law, Under Chapter 28A.640 RCW, the termthe term "sexual harassment" meansay include: unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature if:

- Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education or employment.
- Submission to or rejection of that conduct or communication by an individual is
 used as a factor in decisions affecting that individual's education or employment.
- That conduct or communication has the purpose or effect of substantially interfering with an individual's educational or work performance, or of creating an intimidating, hostile, or offensive education or work environment.
- acts of sexual violence;

- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.

A "hostile environment" has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student's ability to participate in or benefit from the school's program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

<u>Under Title IX</u>, the term "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of the district conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct.
- Conduct that creates a "hostile environment," meaning unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the education program or activity.
- "Sexual Assault," as defined in 20 U.S.C. § 1092(f)(6)(A)(v); "dating violence," as defined in 34 U.S.C. § 12291(a)(10); "domestic violence," as defined in 34 U.S.C. § 12291(a)(8); or "stalking," as defined in 34 U.S.C. § 12291(a)(30).

If the district knows, or reasonably should know, that about sexual harassment, has created a hostile environment, it will promptly investigate to determine what occurred and take (1) appropriate action to investigate, steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and (2) effective steps reasonably calculated to end the sexual harassment, eliminate anythe hostile environment, prevent its recurrence, and as appropriate, remedy its effects as appropriate. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally.

Regardless of whether the misconduct is reported to law enforcement, school staff will promptly respond to sexual harassmentinvestigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that the response such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolverespond to sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff, or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

District/school staff, including employees, contractors, and agents shall not will not provide a recommendation of employment for an employee, contractor, or agent that the district/school, or the individual acting on behalf of the district/school, knows or has probable cause to believe, has engaged in sexual misconduct with a student or minor in violation of the law.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents/guardians, and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a-minimum, sexual harassment recognition and prevention and the elements of this policy will be included in staff, student and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents/guardians, volunteers, and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee, and reproduced in each student, staff, volunteer, and parent handbook. Such notices will identify the District's Title IX eCoordinator and provide contact information, including the eCoordinator's email address.

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Under federal and state law, the term "sexual harassment" may include:

- acts of sexual violence:
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual's educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances:
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.

A "hostile environment" has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student's ability to participate in or benefit from the school's program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district

will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment

recognition and prevention and the elements of this policy will be included in staff, student and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy Review

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, students, volunteers and parents in the review process.

Reflection

October 2023

Our SMARTIE Goal:

By the end of the 2023-24 academic year, we will increase school attendance from 89.45% to 94% as measured by daily attendance records.

- Daily
 monitoring attendance rate
- Identify and work with individuals with poor attendance to overcome their challenges
- Quality communication with families and students regarding attendance
- Utilize Student Support Team to assist students
- Survey and interview recent graduates to get input from them on ways to effectively reach and motivate our current students.
- Make individual positive connections with students.
- Adhere to state policies on BECCA and attendance.
- Use the 9th grade success team strategies.
- Promote good attendance
 - using a slogan (student input on slogan)
 - Positive incentives for 100% attendance in different increments (daily, weekly, monthly)

From Sept. to Oct. our attendance rate decreased. Upon analyzing the data this past week and the rate trending in the wrong direction, we have done a deeper dive into best practices for strategies that can have a positive impact on attendance. One example of an action item we added based on the data trend is crafting a slogan and have started gathering names of students interested in being on a committee that will help direct us to strategies that might work for their classmates/generatio

CHS

During the 23-24 School year, CHS will solidify its MTSS Structures using student data from the ALE / Homeroom data system to ensure that an average of 95% of our students make satisfactory weekly contact each month. This is in comparison to the average of 92.24% for the 2022-2023 School Year.

- Maintain and review accurate attendance data for all students
- School-wide attendance initiatives
- Outreach to students and families to identify barriers to attendance

Special Services Policy 3246 (formerly 3247)

BACKGROUND

<u>Policy 3246 - Restraint, Isolation and Other Uses of Reasonable Force (REVISED)</u>
The previous policy has not been updated since 2019. We have updated the policy number from 3247 to 3246 to align with WSSDA numbering and also updated language to include that the superintendent will annually report to the board on incidents involving the use of force.

This is a 1st reading. At the October 26th meeting, the recommendation will be to adopt the revised policy.

Tumwater School District Board Policy

RESTRAINT, ISOLATION AND OTHER USES OF REASONABLE FORCE

It is the policy of the Tumwater School District Board of Directors that the district maintains a safe learning environment while treating all students with dignity and respect. All students in the district, including those with who have an Individualized Education Program (IEP), or a plan developed under Section 504 of the Rehabilitation Act of 1973 (Section 504 Plan) will remain free from unreasonable restraint, restraint devices, isolation, and other use of physical force. Under no circumstances will these techniques be used as a form of discipline or punishment.

This policy is intended to address district students. It is not intended to prevent or limit the use of restraint or other reasonable force as necessary with adults or other youth from outside the district as allowed by law.

Use of restraint, isolation, and other forms of reasonable force may be used on any student when reasonably necessary to control spontaneous behavior that poses an "imminent likelihood of serious harm" as defined by RCW 70.96B.010 71.05.20 and Chapter 393-172A WAC and explained in the procedure accompanying this policy. Serious harm includes physical harm to self, another, or district property. Staff will closely monitor such actions to prevent harm to the students and will use the minimum amount of restraint and isolation appropriate to protect the safety of students and staff. The restraint, isolation, and other forms of reasonable force will be discontinued when the likelihood of serious harm has dissipated.

The superintendent or a designee will develop procedures to implement this policy, including review, reporting and parent/guardian notification of incidents involving restraint or isolation as required by law. Additionally, the superintendent will annually report to the board on incidents involving the use of force.

Human Resources Policies 5281, 5401 and 5406

BACKGROUND

Policy 5281 - Disciplinary Action and Discharge (NEW)

Tumwater School District has not adopted this policy which identifies the grounds for disciplinary action and/or discharge. In order to hold all employees accountable to high expectations, being clear and consistent in our policies is important.

This is a 1st reading. At the October 26th meeting, the recommendation will be to adopt the policy.

Policy 5401 - Sick Leave (REVISED)

The previous policy has not been updated since 2013. TSD's current policy is missing the RCW updates on paid sick leave that were not part of the law in 2013. Information on accumulation of days was also not applicable at the last adoption. WSSDA does not have a procedure to go along with policy 5401. The updated policy is written in such a way to be interpreted as a procedure.

This is a 1st reading. At the October 26th meeting, the recommendation will be to adopt the policy and discontinue the procedure.

Policy 5406- Leave Sharing (REVISED)

The previous policy has not been updated since 2013. TSD's current policy was titled "Shared Leave" and the updated WSSDA 5406 is titled "Leave Sharing" to be in line with RCW 28A.400.380 Leave Sharing. The policy has been updated to be in compliance with the RCW around topics such as domestic violence, sexual assault, pregnancy disability and parental leave.

This is a 1st reading. At the October 26th meeting, the recommendation will be to adopt the policy.

Tumwater School District Board Policy

Nondisciplinary Dismissal

Nonrepresented classified employees and certificated administrators may be subject to nondisciplinary dismissal for behaviors such as, but not limited to, refusal to provide proof of vaccination or refusal to obtain a medical or religious accommodation. The district will not enter into any contract that is contrary to law to suppress information about verbal or physical abuse or sexual misconduct by a present or former employee and will comply with all legal requirements regarding such misconduct.

District/school employees, contractors, and agents are also prohibited from providing a recommendation of employment to a current or former employee, contractor, or agent that the employees, contractors, or agents know or has probable cause to believe engaged in sexual misconduct with a student or minor in violation of the law. This does not prohibit the routine transmission of administrative or personnel files, but does prohibit doing more than that to help the current or former employee obtain new employment.

Suspension of Staff

The superintendent/designee is authorized to suspend a staff member immediately as deemed appropriate.

SICK LEAVE

I. Paid Sick Leave for Certificated and Classified Staff Members

The district will grant each certificated and classified staff member of the district sick leave days annually in accordance with RCW 28A.400.300 and applicable collective bargaining agreements.

Unused sick leave days may be accumulated from year-to-year up to a maximum of one hundred eighty days for the purposes of RCW 28A.400.210 and 28A.400.220, and for leave purposes up to a maximum of the number of contract days agreed to in a given contract, but not greater than one year.

The district requires a signed statement from a healthcare provider for any absence in excess of five consecutive days. Pursuant to WAC 296-128-660, if the district requires such verification from a nonexempt staff member and the staff member believes obtaining verification would result in an unreasonable burden or expense, the staff member may contact the Human Resource Department orally or in writing. Verification must be provided to the district within 10 calendar days of the first day a nonexempt staff member used paid sick leave to care for themselves or a family member.

If sick leave benefits are exhausted, the board may grant leave without pay for the balance of the year upon the recommendation of the superintendent/designee.

II. Attendance Incentive Program for Certificated and Classified Staff Members

In January of the year following any year in which a minimum of 60 days of sick leave is accrued, and each January thereafter, any eligible staff member may exercise an option either:

A. To receive remuneration for unused sick leave accumulated in the previous year in an amount equal to one day's monetary compensation of the staff member for each four full days of accrued sick leave in excess of 60 days; or

B. To add that year's sick leave to the staff member's accumulated sick leave.

All such leave for which the staff member receives compensation will be deducted from accumulated sick leave at the rate of four days for every one day's monetary compensation.

A staff member may cash-out all accrued sick leave at the above rate at the time of an eligible separation from employment as set forth in RCW 28A.400.210 and Chapter 392-136 WAC.

The administrator of the estate of a deceased staff member may also cash-out all accumulated sick leave at the rate of one day's monetary compensation for every four days of leave. A certified copy of the death certificate and proper documentation of court appointment as administrator of the estate must be submitted to the district office.

III. Additional Paid Sick Leave Provisions

A. Nonexempt Staff Members

Nonexempt staff members are covered by the sick leave provisions of RCW 28A.400.300 and are also covered by the sick leave provisions of RCW 49.46.210 and Chapter 296-128 WAC beginning January 1, 2018.

In general, the sick leave benefits provided under RCW 28A.400.300 are more generous than those required by RCW 49.46.210 and Chapter 296-128 WAC. Below, however, are some of the rights that nonexempt staff members are entitled to under RCW 49.46.210 and Chapter 296-128 WAC:

- 1. Nonexempt staff members must accrue at least one hour of paid sick leave for every forty hours worked.
- 2. Nonexempt staff members are entitled to use their accrued paid sick leave beginning on the ninetieth calendar day after the commencement of their employment.
- 3. Nonexempt staff members may use paid sick leave to care for themselves or their family members, when the staff members' workplace or children's school or place of care has been closed by a public official for any health related reason, or for absences that qualify for leave under the Domestic Violence Leave Act.
- 4. Nonexempt staff members must be permitted to carry over at least forty hours of paid sick leave.
- 5. Retaliation against a nonexempt staff member for lawful exercise of paid sick leave rights is prohibited.
- B. Reasonable Notice for the Use of Paid Sick Leave

Nonexempt staff members must provide reasonable advance notice of an absence from work for the use of paid sick leave to care for themselves or a family member. Please provide such reasonable notice to employee's immediate supervisor. Any information

provided will be kept confidential. If a nonexempt staff member's absence is foreseeable, the staff member must provide notice to employee's immediate supervisor at least 10 days, or as early as possible, before the first day paid sick leave is used. If a nonexempt staff member's absence is unforeseeable, the staff member must contact their immediate supervisor as soon as possible.

A nonexempt staff member must give advance oral or written notice to their immediate supervisor as soon as possible for the foreseeable use of paid sick leave to address issues related to the staff member or the staff member's family member being a victim of domestic violence, sexual assault, or stalking. If a nonexempt staff member is unable to give advance notice because of an emergent or unforeseen circumstance related to the staff member or the staff member's family member being a victim of domestic violence, sexual assault, or stalking, the staff member or a designee must give oral or written notice to their immediate supervisor no later than the end of the first day that the staff member takes such leave.

C. Frontloaded Paid Sick Leave

The district will provide eligible nonexempt staff members with a notification of frontloaded paid sick leave. This notification will provide details of the amount of paid sick leave hours that will be placed into a nonexempt staff member's paid sick leave bank at the start of their employment. It will include the calculations used to determine the frontloaded hours, the paid sick leave accrual year, and a staff member's eligibility details. Unused frontloaded paid sick leave balances of 40 hours or less will carry over to the following year.

The district will make written or electronic notification to a nonexempt staff member for each paid sick leave frontloading period, providing the amount of paid sick leave frontloaded, the calculation used to determine the amount of paid sick leave, and any adjustments based on additional accrued hours. If a nonexempt staff member's frontloaded paid sick leave is less than the amount that they were entitled to accrue, the district will make any additional amounts of paid sick leave available for the staff members use no later than 30 days after the discrepancy is identified.

If a nonexempt staff member uses more paid sick leave than the staff member would have accrued absent frontloading, the district will not seek reimbursement from the staff member for the paid sick leave used.

Superintendent Board Report October 26, 2023

Recognition

This month we continue our Tumwater recognition program, honoring individuals in our schools and community who represent and exemplify the district's mission, "Continuous Student Learning in a Caring, Engaging Environment."

Tonight we are joined by Washington Art Education Association Secondary Art Educator of the Year, Jill Giudice. This award recognizes Jill's outstanding dedication, professionalism, innovation, service, advocacy, and excellence in the field of art education. Her award letter noted, "Over the past 18 years, including your remarkable tenure of six years at Tumwater High School, you have shown unwavering dedication and passion for nurturing creativity and guiding your students toward meaningful art experiences. Through your visionary leadership, you have transformed the art program at Tumwater High School, expanding it from under attended classes to overflowing ones, filled beyond capacity.

National Career Development Month

November is National Career Development Month and signals a time for schools, families and communities to support students as they focus on their future career choices. No matter their age, students in every classroom have an opportunity to explore careers. Navigating the uncertainty of the formative years takes courage, curiosity, and outside support. A single conversation can spark a passion that leads to a lifetime of reward. I encourage every teacher and every classroom in Tumwater to look for opportunities to discuss and explore career opportunities throughout the month. There are some great resources available including https://www.careerexplorenw.org/ where students can learn about career pathways, watch a video about the career, and get salary and education information. There is another Washington site called https://careerconnectwa.org/directory/ that allows you to search our local community for registered apprenticeships. The first one I pulled up for our area was a HVAC/Refrigeration Mechanic with the Eastern Washington - Northeast Oregon Pipe Trades Apprenticeship Committee for \$45.16/Hour. During the month of November the district will be highlighting career opportunities within the Tumwater School District and I invite our community to reconnect with our schools and share their own career and pathway.

Thurston County Food Bank.

On October 6, 2023 I had the opportunity to tour the Thurston County Food Bank warehouse with Michaela Winkley, Community Engagement Coordinator. The food Bank's mission is to, "Eliminate hunger in our local community with a strategy of neighbor helping neighbor." They are a volunteer organization who have served 62,000 individuals in 2021, 49% of whom were children. In 2021, more than 2,000 individuals volunteered, donating 44,000 hours of labor. They are always looking

for volunteers and on my tour I met three students from the Olympia School District, volunteering as part of their graduation requirements.

The warehouse is not far from here and was purchased in 2014 and has 20,000 square feet of space with 600,000 cubic feet of storage. They have a giant walk-in cooler and freezer adding to the variety of food options available to our community. The warehouse supports a regional distribution operation to local food banks and other regional partners such as senior centers, churches, apartment complexes, and a fire station. They currently have 19 partners and 11 mobile sites. In 2021 they distributed more than 5 million pounds of food. One notable omission from Thurston County Food Bank is a site in Tumwater. I had the opportunity to connect with CEO, Jay Kang and we've pledged to work together to meet this growing need in our community.

2023 Refund Levy

Each year the Thurston County Treasurer's office sends a list of net refund levy amounts for taxes that have been canceled or supplemented in 2022-2023. They are the result of tax adjustments resulting from successful challenges to assessed value, technical errors in value, or granting exemptions. According to RCW 84.69.180 the district has the option to adopt an annual refund levy to recover these lost tax dollars. The EP&O Levy is \$148,542.87 and the Capital Projects Levy is \$41,656.81. There is also Bond levy dollars of approximately \$95,000, but we've been advised to not take action with the bond. We recently met with DA Davidson and he noted that the community approved and passed a P&O Levy at a rate of \$2.50 per \$1,000 of assessed value. Our most recent P&O rate was \$2.11, significantly lower than the approved rate. Adopting a resolution to recover these funds will have a minimal impact on our taxpayer rate. The resolution will be brought forward in November for your consideration.

Transportation Task Force

Last Thursday the first meeting of the Transportation Task Force gathered here at the district office. The purpose of this task force is to develop a plan or at least brainstorm ideas to ensure that EVERY student can safely arrive at school and home on time each day. The committee consists of 30 stakeholders from across the district representing each school and our transportation department. Doug Mah has agreed to be the facilitator for the Task Force meetings. Doug is the former mayor of Olympia (2008-2011) and has extensive background and experiences in intergovernmental relations and facilitation. Doug is excited to work with Tumwater and help us examine our transportation issues and help our team explore possibilities.

We began the work by taking a look at the current reality, including spending some time to fully understand the problem. We are purposely trying not to limit discussion and the creative generation of ideas by placing a lot of restrictions on their thinking. We will work to overcome barriers and vet any possible solutions before making any significant changes to our current operation. That being said, I know parents, students, and staff are frustrated and I want to reiterate my appreciation for our dedicated bus drivers and transportation staff who work tirelessly every day to serve the children of the Tumwater School District. I

recognize that they did not create the current situation we are in, but it will take all of us working together to figure out how to solve it.

Walk to School Month

Last week I was invited to the Tumwater City Council meeting to be part of the city reading and proclaiming October 2023 as Walk to School Month. Mayor Sullivan read the proclamation which in part reads, "Whereas in October, community leaders, parents, and children from around the world will join together for Walk to School events to increase awareness about the health and environmental benefits of walking and biking to school. Now therefore, I Debbie Sullivan, Mayor of the City of Tumwater, de hereby proclaim the month of October 2023 Walk to School Month." I was joined by Kerri Wilson, Walk N Roll Program Supervisor & Employee Transportation Coordinator for the Intercity Transit, Walk N Roll Program. This year I am excited to report that Michael T Simmons is and will be participating in Walk, Bike, & Roll to School activities in October and throughout the school year. We look forward to expanding this great initiative and partnership with Intercity Transit with our other schools in the years to come.
