

Activating Your pdEnroller Account

Logging In

<http://www.pdenroller.org>

If you have ever had an account with myESD (or myTSD for Tumwater or myOSD for Olympia) you already have an account on pdEnroller. You will just need to claim and activate your account. Click on the big blue button that says, "New to pdEnroller? Click here to activate your account."

Claim Account

Enter the email address you used for myESD in the box below. If you are not sure what email address you used, try your school email first. The system will check to see if you have an account under that email address, and will send you an activation email. Click on the link in that email and follow directions to set up a new password.

The image shows a web form titled 'pdEnroller Onboarding Process'. The form contains the following text: 'You may already have an account from another courses and registration system. Enter your email below to activate your imported account.' Below this is a list of instructions: '@ Enter your email address (User ID or Login ID)', 'An email with a secure link for accessing pdEnroller will be sent', 'Click on the link provided to set up a new password', and 'Update your profile information to complete the onboarding process'. At the bottom of the form is a text input field with the placeholder text 'Your email address...' and a red arrow pointing to it. Below the input field is a green button labeled 'Lets get started!'.
