HUSD Student Device Expectations and Responsibilities

The following outlines an overview and general information regarding expectations and responsibilities of your student when using a device issued by Higley Unified School District (HUSD). Your student will be issued one device and an AC power adapter. Please read the following carefully and discuss with your student.

HUSD devices fall under [Governing Board policy IJNDB](#), *Use of Technology Resources in Instruction*, which includes policy IJNDB-E, *Electronic Information Services User Agreement*.

- Students are responsible for charging and bringing their devices every day.
- HUSD devices are intended for educational use. All such activities must be in accordance with HUSD policies and rules, the *Electronic Information Services User Agreement*, and all local, state, and federal statutes.
- HUSD filters web content on all District owned devices. When on and off campus, device traffic is routed through a proxy server to offer content filtering. It is understood that removal or adjustment to the device's filters is prohibited and will result in disciplinary consequences. HUSD is not responsible for content accessed through removal of or adjustment to internal protections or use of a VPN.
- The device and accessories remain the property of the District and will be surrendered to HUSD upon request by a District representative, when transferring to another HUSD campus, or withdrawing from HUSD. Devices are to remain at the issuing campus and another device will be assigned if student is transferring to another HUSD campus.
- All rules and regulations as per the [HUSD Code of Conduct](#) apply at all times. Consequences for failure to follow rules or to adhere to regulations will be applied as per the HUSD Code of Conduct.
- Students may not attempt to change, alter or allow others to attempt to change, alter or otherwise change the privileges and capabilities of an HUSD owned device.
- Students may not deface or destroy the device or accessories in any way. Devices must remain free of any writing, drawing, stickers or labels other than those affixed by an HUSD representative. Should an HUSD label or tag become damaged or disappear, the student should contact their school's Media Specialist for replacement.
- Any theft, vandalism, and/or damage to the device must be reported to the student's school immediately. Students and their families share financial responsibility for the device and accessories. Should there be device damage, defacement, or if the device or charger is lost or stolen the family of the student will be held responsible for the cost of device replacement. Please report this on the [HUSD Student Device Accidental Damage / Disappearance Form](#).
