About Our Program

We believe that athletics and other co-curricular activities function as an integral part of the total curriculum. Young people learn a great deal from participation in interscholastic athletics. Our programs provide valuable lessons in teamwork, sportsmanship, hard work, self discipline, confidence, self esteem, winning and losing and skills to handle competitive situations.

Our athletic programs strive to provide an equal opportunity for all students to explore their interests, improve their skills and have fun.

We encourage parents/guardians to support their children by attending their athletic events and acknowledging their hard work. Your enthusiasm is an important means to develop positive relationships with your child. Please keep in mind when you do attend that all participants including players, coaches, and officials are there trying to do their very best. We would like to thank you in advance for exemplifying a high standard of sportsmanship

FALL - Grades 6-8

Co-Ed Cross Country (6-8)

Girls Soccer (6-8)

Boys Soccer (6-8)

Girls Swimming (6-8)

Girls Tennis (6-8)

Boys Swimming (6-8)

Wrestling (6-8)

SPRING - Grades 6-8

Co-Ed Golf (6-8)

Co-Ed Track&Field (6-8)

Boys Tennis (6-8)

General Information

All athletes are required to have a sports physical exam, taken within the last three years on file in your child's school health office. The physical date must be on file at school before the registration of sports can be completed. Please email, fax, or hand deliver a copy to your child's new school.

Registration will be completed each school year using an online registration system.

Refunds are issued within 2 weeks of the start of each season. Waivers and reduced fees are in accordance to the guidelines set by the State and Federal guidelines for free/reduced lunches. You must reapply each year for lunch benefits.

Most game equipment and uniforms are provided by us and must be returned at the end of each season. Practice wear must be provided by the athlete.

A bus will transport athletes from their school to any in town practice/play sites. Parents are responsible for pick up at that site. A return bus will take the athletes back to their middle school from all out of town events. Parents will pick their child up from school.

Additional sports information/season updates will be posted on the Middle School Activities website. This site is linked on each of the middle school's homepages.

Although we do not have a written academic standard for participation in middle level co-curricular activities, we expect our participants to exhibit good behavior in school and to keep up with their academic work. An athlete who is struggling either academically or behaviorally may, through a cooperative decision on the part of the parent/guardian, teacher, coach, dean of students and activity director, be suspended from participation until improvement is noted.

FEES

We charge an activity fee for each sport/season of participation as follows:

Grades 6-8 ----- \$215/sport

Any athlete participating on a high school team will pay the high school fee for that sport.
