

TMS Preschool Program

Teeland Middle School now offers services to children ages 3-5 years of age. The program provides early education to children with educational and physical needs.

Does your child struggle with any of the following:

- Speech and language development
- Pre-academic skills (colors, shapes, matching, sorting, size order, beginning counting, etc.)
- Gross and fine motor skills (independent sitting, walking, running, grasping, drawing, etc.)
- Vision
- Hearing
- Social/Emotional development

Does your child qualify?

Your child will be required to attend Childfind, which is a team that screens children. Anyone living within the MSBSD who has a concern about his or her child's development is urged to take advantage of this service.

School Year 2022-2023 Dates: Held at District Office

August 29, August 30, September 13, November 1, January 10, February 14, March 21, April 11

You must fill out the Childfind form to request a Childfind screening
