Miah Construction ( Framing Contractor)

We are looking for energetic hard working individuals that are interested in learning the carpentry trade.

Carpentry is a great trade! At the end of most days you will see a lot of progress in the work that gets done, which is very gratifying.

Most of our jobs are located in the Mat-Su Valley ( Wasilla & Palmer Area)

The skills that we will teach you are:

Proper use on hand & power tools to cut and fasten materials according to specified measurements

Ability to properly use and erect ladders & scaffolding

Ability to read from a tape measure and measure materials

Will teach you the skill/ability to frame a house from the foundation to the roof.

Maintain a safe & clean work environment

The ability to do carpentry is a great skill that is very rewarding and a career that can be used anywhere in the world!
