

**Tumwater School District
Board Policy**

MOTORIZED VEHICLES ON SCHOOL GROUNDS

In consideration of the safety of children on school grounds, the board of directors adopts as policy the following procedures limiting the use of motorized vehicles:

1. Driving on school grounds--except by maintenance and construction workers and persons making deliveries to a school and in order to allow persons to park in certain designated areas--is prohibited. Deliveries should be scheduled to avoid recesses or noon-hour play periods in order to decrease the possibility of accidents.
2. Senior high students, driving automobiles to school shall park in the areas provided. Students are not permitted to visit the parking area or move their automobiles except at those times or in those instances designated by the principal.
3. Junior high school students are prohibited from driving automobiles to school.
4. Motorized vehicles are prohibited on all school grounds, whether school is in session or not, except as provided herein.
