

**Tumwater School District
Board Policy**

DISTRIBUTION OF MATERIALS

The Board recognizes that 501C3 nonprofit organizations may want to provide information about activities or events that are non-curricular but that have social, recreational or educational value for students.

Any nonprofit or government entity wishing to provide informational material must first submit to the Superintendent or a designee, a copy of the material and a flier approval form.

Informational materials to be posted or distributed must also be approved by the superintendent or his/her designee and meet certain standards. The primary purpose of the standards is to prevent the exploitation of students by individuals or groups.

It is the responsibility of the superintendent to provide procedures regarding this policy.
