Board Policy**

VOLUNTEERS

The District recognizes the valuable contribution made to the total school program through the volunteer assistance of parents and other citizens. In working with volunteers, district staff will explain the volunteer's responsibilities and applicable supervision guidelines of students. Volunteers are to be informed and/or trained as necessary regarding student behavior guidelines and the volunteer's specific duties in regard to student behavior.

The superintendent will be responsible for developing and implementing procedures for the utilization of volunteers. The selection and use of volunteers will be consistent with those policies and procedures as specified for volunteers as specified in Policy 5005, Employment: Disclosures, Certification Requirements, Assurances and Approval.
