

Social Studies Power Standards: Second Grade

Tumwater School District

Communities

A. Our community:

- Using community timelines, maps, and charts, examine and describe the critical attributes of what makes a community, what causes communities to change, and how communities are alike and different.
- Identify the roles and responsibilities of community members and how government and policies meet certain needs within communities.

B. Communities meet their needs and wants:

- Identify and analyze the role of government and of citizens (voting) in community decision-making.
- Discuss the public and private jobs people in the community have.
- Explain how the community's businesses, workforce, and government meet people's needs and wants.

On the report card:

- Using timelines, maps, and charts, examines and describes the critical attributes of a community and how it changes.
- Identifies the roles and responsibilities of our community members.
- Identifies the roles of government, businesses, and citizens in making communities function effectively.
