

EVALUATION REPORT

WAC 392-172A-03035

- The Evaluation/Re-Evaluation **must include**:
 - A discussion of the assessments and a review of the data that supports the eligibility conclusion. **Note:** the use of existing data may be used to continue to qualify a student for special education when re-evaluating students –
 - Re-instrumentation of standardized tests is not required
 - **In order to use existing data, the student must have had 3 IQ tests**
 - A description of how the student's disability adversely affects the student's involvement in and progress in the general education curriculum, or appropriate activities for preschool children.
