Reporting Procedures – to Department/County Agency

A Mandated Reporter who suspects child abuse shall immediately make a written report of suspected child abuse. The report shall be an electronic or an oral report via the statewide toll-free telephone number. A person making an initial oral report of suspected child abuse must also submit a written report within forty-eight (48) hours after the oral report, which written report may be an electronic report. Upon receipt of an electronic report, the electronic reporting system will automatically respond with a confirmation, providing the reporter with a written record of the report. Receipt of such confirmation shall relieve the reporter of any duty to make an additional oral or written report of the same suspected abuse.

A Mandated Reporter other than a school principal or Superintendent or designee who makes a report of suspected child abuse shall immediately thereafter notify the school principal and written report was made shall also provide the principal with a copy of the report and confirmation of receipt. The school principal shall then immediately notify the Superintendent or designee that a child abuse report was made and if the initial report was made electronically, shall also provide a copy of the report and confirmation or receipt.

If a Mandated Reporter is uncertain of his or her responsibility to make a report under this policy, or has questions concerning interpretation of this policy, he or she shall immediately consult with the school principal or Superintendent or designee.

When a report of suspected child abuse is required to be made no more than one (1) school employee, independent contractor, attorney, or volunteer affiliated with the district is required to make a report. An individual otherwise required to make a report who is aware that an initial report has already been made by the principal, the Superintendent or designee, or other Mandated Reporter is not required to make a report.

The person making an initial oral report is responsible for making the follow-up written report within forty-eight (48) hours . . If the principal or the Superintendent or designee makes an initial written report based on information received from another Mandated Reporter, the principal or Superintendent or designee shall provide the other Mandated Reporter with a copy of the written report and confirmation of receipt so that the other Mandated Reporter can be assured the report has been made.

When helpful to preserve potential evidence of suspected child abuse, a Mandated Reporter may take or cause to be taken photographs of the child who is the subject of the report. Any such photographs shall be sent to the county agency at the time a written report is sent or within forty-eight (48) hours after a written report is made or as soon thereafter as possible. The school principal and Superintendent or designee shall be notified whenever such photographs are taken.
