Section 1.00 Administrative Overview

1.1 Purpose and Background

Purpose:

The St. Clair County Board of Education (SCCBOE) is seeking responses to this Bid from Sole Source Proposers for the purchase of K-12 Social Emotional Learning Early Warning Assessment. The SCCBOE is seeking products and services as described in this Bid Specifications to support early warning assessments in all K-12 18 base schools which includes daily biopsychosocial check-in assessments. A daily biopsychosocial is defined for our purposes as an assessment that comprehensively gauges the biological, psychological, and socio-environmental factors of a student. Our current needs are to acquire an early warning assessment and a fully managed Learning Management System (LMS) that provides analytical data that shows the mental health progression of students throughout the school year. This is in direct alignment with the school system's vision to drive the Social Emotional progress of every student equitably. SCCBOE cannot guarantee the number of users in any given year.

Background:

In 2020-21, the ALSDE offered a grant with to provide a new employment position for LEA's with the title Mental Health Liaison (titled in the State as Mental Health Services Coordinator). This position was created to enhance and grow mental health services throughout the LEA. The Mental Health Liaison is commissioned to work within all 3 tiers to make mental health services available to all students.

How?

The Mental Health Liaison pursues resources, funding, and collaboratives to foster a wholistic environment for thriving mental health. In addition to these functions, the Mental Health Liaison works to implement new Social Emotional Learning programs.

1.2 Proposal and Evaluation

Rejection of Proposal:

SCCBOE reserves the right to reject any or all proposals which are deemed to be non-responsive, late in submission, or unsatisfactory in any way. SCCBOE shall have no obligation to award a contract for work, goods and/or services because of this proposal.

2.1 Scope of Vendor's Work and Responsibilities

OPTION 1 – SCCBOE System - wide Online Social Emotional Learning Early Warning Biopsychosocial Assessment

The St. Clair County Board of Education (SCCBOE) is requesting proposals from qualified providers that will provide all 17 base schools a Online Social Emotional Learning Early Warning Biopsychosocial Assessment which provides accessibility and tracking.

SCCBOE is looking for an early warning system that provides a Biopsychosocial assessment. This program must address Tier 1 and Tier 2 of the school-based mental health model of all students receiving prevention education and peers working to support and identify at-risk students. Additionally, the program must focus to increase school safety through early identification of at-risk students, minimizing disciplinary infractions including school suspensions and expulsions. The program must provide relevant therapeutic activities for all students based on their individual mental health needs. The programs therapeutic activities must be evidence based. Any applicable prevention activities must be comprehensive and satisfy the following mandates: Jamari Terrell Williams Act, Erin’s Law, Jason Flatt Act as well as the Drug and Alcohol Education requirements as they relate to the students. In addition, the program related to mental health should be flexible enough to allow school staff to only implement the early warning assessment without the use of the therapeutic activities. Any applicable prevention activities must be comprehensive and satisfy the following mandates: Jamari Terrell Williams Act, Erin’s Law, Jason Flatt Act as well as the Drug and Alcohol Education requirements as they relate to the students. For accountability purposes, reporting data must include the number of students engaged in the program, number of students supported, and the number of students referred to adults as at risk.

Program Requirements:

The program must include a minimum of the following with documentation to support:

- Tier 1 Early Warning Biopsychosocial Assessment
- Tier 2 identifying and supporting at-risk students through therapeutic activities
- Evidence-based program
- Increase school safety through reported early identification of at-risk students
- Data collection in real time must include all three stated student group numbers (number of students engaged in the program, number of students supported, and the number of students referred to adults at risk)
- Program training for LEA and School Administration Training and Program Coordinator

Programs must be structured and turnkey for ease of implementation, yet customizable enough to adjust to meet the mental health needs of students at each SCC campus. SCCBOE beginning August 2021-2022 school year.
