

Lakewood Middle

Home of the Mustangs

Principal's Message

The end of the school year is quickly approaching and our students have accomplished some amazing things:

- 25% of our students had already met or exceeded their annual typical growth measure on their iReady Math diagnostic in December. It is amazing to show a years growth in only a semester!
- Our Civics club was active in the community, routinely participating in activities with local nursing homes and doing trash pickups at Lakewood Park. In March they traveled to the capitol in Topeka and toured the building, spoke with senators and representatives, and was able to watch the House and Senate in session.
- Vocal/Music performed at League and was awarded 14 superior ratings and 4 excellent ratings. Eighth grade boys participated in a workshop at Bethany College.
- Our seventh graders went downtown for the Cutlure Crawl and learned about the Arts in Salina.
- Our sixth graders traveled to Abilene and learned about how technology helped shape the modern world.

I want to thank students for their hard work this year, parents for their unwavering support, and our staff for their commitment to helping students find success.

We have many fun items planned for the end of the school year and our mission of keeping students academically engaged will remain until the last day. GREATNESS GROWS AT LAKEWOOD MIDDLE SCHOOL!

- Scott Chrisman, Principal

LMS Art

Lakewood art class students are looking to end the school year strong. Projects being focused on are three-dimensional, clay sculpting, and drawings.

LMS Band

It's been a great year for the Lakewood Bands. We are preparing for the May 16 Spring Concert. The seventh and eighth grade bands are preparing for marching in the McPherson All Schools Day Parade on May 10. The seventh and eighth grade performed small ensembles for a judge in April with six ensembles receiving medals for superior ratings. The eighth grade jazz band performed at the KCKCC Jazz Summit in Kansas City on April 24. Sixth and seventh grade band members have the option to audition for the Lakewood Jazz Bands after the May 16 concert.

LMS Science

On Tuesday, April 23, Lakewood science classes celebrated Earth Day by cleaning up around Lakewood Campus and Lakewood park. Sixth grade is working on the water cycle then going into natural disasters. Seventh grade is working on biodiversity and human impacts. Finally, eighth grade is working on Earth's weather and climate patterns, followed by the Earth in space (solar system, objects in space, etc.)

LMS Reading

Mrs. Doll's reading students read a biography of their choice. After reading the book, students completed an informational packet, used the packet to create a trifold stand to display their information, and transformed their room into a gallery where students and staff could walk around and read about 37 different people. It was a wonderful learning experience for all and the students enjoyed creating their trifold and sharing their information. This month, Mrs. Hemmy's reading students will have the opportunity to choose one of three novels to end up the year. With it they will get create a book report to share with their classmates.

Sixth Grade Field Trip

On April 11 and 18, sixth grade English / Language Arts students went on a field trip to Abilene and Enterprise, Kansas. The trip involved riding a steam powered train from Abilene to Enterprise, touring the Hoffman Grist Mill while in Enterprise, and exploring the Dickinson County Heritage Museum back in Abilene.

Sixth and Seventh Grade S.T.a.R. Social Night

On Friday, April 5, sixth and seventh graders who met the qualifying S.T.a.R. (Safe, Teachable, and Respectful) criteria attended a social night at Lakewood Middle School. The game night consisted of a pizza catered dinner, board and card games in the commons, and opening the gyms for multiple physical/sports related activities.
