RE: Health & Safety Plan Updates

I am seeking approval of an updated Health & Safety Plan. Highlights are listed below:

- The Health & Safety Plan includes a temporary masking requirement for all students, staff, and visitors inside K-12 schools. The requirement does not apply to outdoor areas.
- The Health & Safety Plan includes a provision for Dr. Rozzo to modify masking requirements at any time upon written notification based on local conditions and applicable quarantine requirements.
- The Health & Safety Plan indicates that classrooms will be arranged for maximum distance between students and at least 3 feet to the greatest extent feasible.

ARP ESSER Health and Safety Plan Guidance & Template

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:
 - a. Universal and correct wearing of [masks](#);
 - b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding);
 - c. [Handwashing and respiratory etiquette](#);

- d. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
- e. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
- f. [Diagnostic](#) and screening testing;
- g. Efforts to provide COVID-19 [vaccinations to school communities](#);
- h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

Additional Resources

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Thorough an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

Health and Safety Plan Summary: Upper St. Clair SD

Initial Effective Date: June 28, 2021

Date of Last Review: August 18, 2021

Date of Last Revision: August 18, 2021

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

The School District reviews PDE, DOH, and CDC guidance. The School District will maintain proper cleaning, disinfecting, and ventilation strategies. Students and staff will review daily screening criteria to self-assess their health. Those individuals who exhibit symptoms of COVID-19 will complete a return to school/work process. The School District will encourage and provide for the hand hygiene of all students, staff, and visitors. The School District will continue to partner with local health officials to complete contact tracing and identify individuals for quarantine and/or isolation.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

The School District will provide instructional and non-instructional staff to ensure all students have access to quality learning opportunities and services as determined by the students' individualized education program or individual service agreements. Asynchronous cyber courses developed and supervised by certified District teachers will be an option for students who choose not to attend in-person.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

Memo

To: USC Board of School Directors, Dr. Rozzo & Mr. Carson

From: Dr. Lou Angelo

Date: August 2, 2021

RE: Feasibility Study RFP

The administration is recommending advertising for a Request for Proposals to conduct a feasibility study of the district's facilities. As you may recall, the estimated totals for anticipated capital improvement projects over the next five years are as follows:

2021 - 22	\$3,487,940
2022 - 23	\$6,714,552
2023 - 24	\$2,465,000
2024 - 25	\$1,312,000
2025 - 26	\$1,590,000

Because of the potential financial commitment to capital projects, it would be prudent to conduct the feasibility study. The information gained by a feasibility study will guide our future decisions related to the planning and prioritization of capital improvement projects over the next 5 - 10 years.

Purpose

The Board recognizes the importance of a safe school environment relative to the educational process. Possession of weapons in the school setting is a threat to the safety of students and staff and is prohibited by law.

Definitions

Weapon - the term shall include but **is** not limited to any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, replica of a weapon, and any other tool, instrument or implement capable of inflicting serious bodily injury.[\[1\]](#)[\[2\]](#)

Possession - a student is in possession of a weapon when the weapon is found on the person of the student; in the student's locker **or assigned storage area**; **or** under the student's control while on school property, on property being used by the school, at any school function or activity, at any school event held away from the school, or while the student is coming to or from school.

Authority

The Board prohibits students from possessing and bringing weapons and replicas of weapons into any district buildings, onto school property, to any school-sponsored activity, and onto any public vehicle providing transportation to **or from** school or a school-sponsored activity, or while the student is coming to or from school.[\[2\]](#)[\[3\]](#)

The Board shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and Board policy.[\[2\]](#)[\[4\]](#)[\[5\]](#)

The Superintendent may recommend modifications of such expulsion requirement on a case-by-case basis.[\[2\]](#)

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[\[2\]](#)[\[4\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)[\[11\]](#)

Delegation of Responsibility

The Superintendent or designee shall react promptly to information and knowledge concerning possession of a weapon. Such action shall be in compliance with state law and regulations and with the procedures set forth in the memorandum of understanding with local law enforcement officials and the district's emergency preparedness plan.[\[11\]](#)[\[12\]](#)[\[13\]](#)

When the behavior of a student in possession of a weapon indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy.[\[14\]](#)[\[15\]](#)

Guidelines

The Superintendent or designee shall immediately report incidents involving weapons on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[\[2\]](#)[\[11\]](#)[\[12\]](#)[\[16\]](#)[\[17\]](#)[\[18\]](#)

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident involving weapons as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[\[11\]](#)[\[17\]](#)[\[19\]](#)

In accordance with state law, the Superintendent shall annually, by July 31, report all incidents involving possession of a weapon to the Office for Safe Schools on the required form.[\[11\]](#)[\[16\]](#)

The building principal shall annually inform staff, students and parents/guardians about the Board policy prohibiting weapons and about their personal responsibility for the health, safety and welfare of the school community.

An exception to this policy may be made by the Superintendent, who shall prescribe special conditions or administrative regulations to be followed. [\[2\]](#)

{ } In accordance with federal law, possession or discharge of a firearm in, on, or within 1,000 feet of school grounds is prohibited. Violations shall be reported to the appropriate law enforcement agency. [\[20\]](#)[\[21\]](#)

Transfer Students

When the district receives a student who transfers from a public or private school during an expulsion period for an offense involving a weapon, the district may assign that student to an alternative assignment or may provide alternative education, provided the assignment does not exceed the expulsion period. [\[2\]](#)[\[22\]](#)

NOTES:

Gun-Free School Zone Act was found unconstitutional – change language to read “In accordance with federal law...” and keep cites to 18 U.S.C. Sec. 921, 922.

The “replica of a weapon” language in the policy definition of “weapon” is not included in School Code 1301-A or 1317.2; it was included because PSBA and solicitors agree that districts may define “weapon” through policy based on their needs—that language was included as a recommendation from a school safety standpoint, since it is often difficult to tell whether a weapon, particularly a gun, is real or a model.

The Board directs that verbal and written complaints of hazing shall be provided to the building principal or designee, who shall promptly notify the Superintendent or designee of the allegations and determine who shall conduct the investigation. Allegations of hazing shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of hazing brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be hazing under this policy but merits review and possible action under other Board policies.

Interim Measures/Police

Upon receipt of a complaint of hazing, the building principal or designee, in consultation with the Superintendent or designee, shall determine what, if any interim measures should be put in place to protect students from further hazing, bullying, discrimination or retaliatory conduct related to the alleged incident and report. Such interim measures may include, but not be limited to, the suspension of an adult who is involved, the separation of alleged victims and perpetrators, and the determination of what the complaining student needs or wants through questioning.

Those receiving the initial report and conducting or overseeing the investigation will assess whether the complaint, if proven, would constitute hazing, aggravated hazing or organizational hazing and shall report it to the police consistent with district practice and, as appropriate, consult with legal counsel about whether to report the matter to the police at every stage of the proceeding. The decision to report a matter to the police should not involve an analysis by district personnel of whether safe harbor provisions might apply to the person being reported, but information on the facts can be shared with the police in this regard. [\[15\]](#)

The Superintendent or designee shall document attempts made to reach the parent/guardian. [\[17\]](#)[\[22\]](#)[\[23\]](#)

Purpose

Under certain conditions, electronic records and signatures satisfy the requirements of a manual record and/or signature when transacting business. The Board recognizes that the effectiveness of electronic records and signatures depends upon the authenticity and reliability of the signatures and the context in which the electronic records are created, transferred and stored. Therefore, the Board adopts this policy to allow for the use of and acceptance of electronic records and signatures and to establish the guidelines under which electronic signatures may be utilized by the district.[\[1\]](#)

Authority

The Board authorizes the use of electronic signatures in place of manual signatures to conduct district business unless a manual signature is required by law or regulations. Electronic signatures shall have the full force and effect of a manual signature when used in accordance with this policy and applicable law and regulations.[\[1\]](#)

Electronic records filed with or issued by the district shall have the full force and effect of paper records when the requirements of this policy and applicable law and regulations are satisfied.[\[2\]](#)[\[3\]](#)[\[4\]](#)

This policy applies to the use of electronic records and signatures when permitted or required in connection with district programs and operations.

Definitions

Electronic record – any record created, generated, sent, communicated, received, or stored by electronic means.[\[4\]](#)[\[5\]](#)[\[6\]](#)

Electronic signature – an electronic sound, symbol or process attached to or logically associated

with a record and executed or adopted by a person with the intent to sign the record. More simply, it is a paperless means of committing to a contract or other document in a manner that indicates the signer's intent to bind themselves and/or the district.[\[5\]](#)[\[6\]](#)

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to direct staff on the parameters for authorized use of electronic signatures related to district programs and operations.

Guidelines

Electronic Recordkeeping

The maintenance of electronic records and signatures by the district shall comply with the electronic recordkeeping requirements of state and federal laws and regulations and the district's Records Management Plan.[\[4\]](#)[\[7\]](#)

Electronic records created or received by the district shall be appropriately attributed to the individual(s) responsible for their creation, authorization and/or approval.

The district may specify the type of electronic signature required on an electronic record, the manner and format in which the electronic signature must be affixed to the electronic record, and the criteria that must be met when an individual uses a third party to file a document if electronic records must be signed by electronic means.[\[8\]](#)

The district shall implement and maintain electronic recordkeeping systems to securely receive, store, and reproduce electronic records and signatures relating to transactions in their original form.[\[6\]](#)[\[9\]](#)[\[10\]](#)

Such a system shall allow the district to implement:

1. A security procedure for the purposes of verifying that an electronic signature is that of a specific person or for detecting changes or errors in the information in an electronic record.
2. Appropriate control processes and procedures to ensure adequate preservation, disposition, integrity, security, confidentiality and auditability of electronic records.[\[8\]](#)
3. A consistent manner and format in which the electronic records must be created, generated, sent, communicated, received and stored.[\[8\]](#)

Electronic Signatures

An electronic signature may be used if the law requires a signature unless there is a specific law, regulation, or order that requires records to be manually signed. The issuance and/or acceptance of an electronic signature by the district shall be permitted in accordance with the provisions of this policy and all applicable state and federal laws and regulations. Such electronic signature shall have the full force and effect of a manual signature only if the electronic signature satisfies all of the following requirements:[\[1\]](#)[\[2\]](#)[\[11\]](#)[\[12\]](#)

1. The signing employee is authorized to manually sign the document on behalf of the district.
2. The electronic signature identifies the individual signing the document by their name and position.
3. The individual signing with an electronic signature has signed a statement of exclusive use.
4. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail.

5. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been applied.

6. The electronic signature conforms to all other provisions of this policy.

The district shall maintain a secure log of each employee authorized to utilize an electronic signature in connection with district business.[4]

This policy does not require a specific method for executing an electronic signature. The employee signing a particular document is responsible for verifying that the method chosen is appropriate for the nature of the transaction. Employees must consider confidentiality, authentication of signatures, and verification that the document signed is, in all respects, identical to the one to which the signer intends to bind the district.

Any electronic signature that appears to be forged, altered, or otherwise not authentic, or that is not compliant with law or regulation, this policy or related administrative regulation, is not a valid signature. Should an electronic signature be deemed invalid, the Superintendent or designee may require a manual signature.

All other policies that apply to the execution of contracts or other documents on behalf of the district remain in full force and effect.

Purpose

The Board recognizes the importance of public records as the record of the district's actions and the repository of information about this district. The public has the right to access and procure copies of public records, with certain exceptions, subject to law, Board policy and administrative regulations.

Definitions

Financial record - any account, voucher or contract dealing with the receipt or disbursement of funds or acquisition, use or disposal of services, supplies, materials, equipment or property; or the salary or other payments or expenses paid to an officer or employee, including the individual's name and title; and a financial audit report, excluding the audit's underlying work papers.[\[1\]](#)

Public record - a record, including a financial record, that is not protected by a defined privilege or is not exempt from being disclosed under one of the exemptions in Pennsylvania's Right-to-Know Law or under other federal or state law or regulation, or judicial decree or order.

Record - information, regardless of physical form or characteristics, that documents a district transaction or activity and is created, received or retained pursuant to law or in connection with a district transaction, business or activity, including: a document; paper; letter; map; book; tape; photograph; film or sound recording; information stored or maintained electronically; and a data-processed or image-processed document.

Response - the district's notice informing a requester of a granting of access to a record or the district's written notice to a requester granting, denying, or partially granting and partially denying access to a requested record.

Requester - a legal resident of the United States, or an agency, who requests access to a record.

Authority

The Board shall make the district's public records available for access and duplication to a requester, in accordance with law, Board policy and administrative regulations.[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)

Delegation of Responsibility

The Board shall designate an Open Records Officer, who shall be responsible to:[\[6\]](#)

1. Receive written requests for access to records submitted to the district.
2. Review and respond to written requests in accordance with law, Board policy and administrative regulations.
3. Direct requests to other appropriate individuals in the district or in another agency.
4. Track the district's progress in responding to requests.
5. Issue interim and final responses to submitted requests.
6. Maintain a log of all record requests and their disposition.

7. **Ensure district staff are trained to perform assigned job functions relative to requests for access to records.**

Upon receiving a request for access to a record, the Open Records Officer shall:[\[6\]](#)[\[7\]](#)[\[8\]](#)

1. **Note the date of receipt on the written request.**
2. **Compute and note on the written request the day on which the five-day period for response will expire.**
3. **Maintain an electronic or paper copy of the written request, including all documents submitted with the request, until the request has been fulfilled.**
4. **If the written request is denied, maintain the written request for thirty (30) days or, if an appeal is filed, until a final determination is issued or the appeal is deemed denied.**

Guidelines

Requesters may access and procure copies of the public records of the district during the regular business hours of the administration offices.[\[5\]](#)

A requester's right of access does not include the right to remove a record from the control or supervision of the Open Records Officer.

The district shall not limit the number of records requested.[\[2\]](#)

When responding to a request for access, the district is not required to create a record that does not exist nor to compile, maintain, format or organize a record in a manner which the district does not currently use.[\[9\]](#)

Information shall be made available to individuals with disabilities in an appropriate format, upon request and with sufficient advance notice.[\[10\]](#)[\[11\]](#)[\[12\]](#)

The district shall post at the administration office and on the district's website the following information:[\[4\]](#)[\[13\]](#)

1. **Contact information for the Open Records Officer.**
2. **Contact information for the state's Office of Open Records or other applicable appeals officer.**
3. **The form to be used to file a request, with a notation that the state Office of Open Records form may also be used if the district decides to create its own form.**
4. **Board policy, administrative regulations and procedures governing requests for access to the district's public records.**

Request for Access

A written request for access to a public record shall be submitted on the required form(s) and addressed to the Open Records Officer.[\[4\]](#)[\[13\]](#)[\[14\]](#)

Written requests may be submitted to the district in person, by mail, to a designated facsimile machine, and to a designated email address.

Each request must include the following information:[\[5\]](#)[\[14\]](#)

1. **Identification or description of the requested record, in sufficient detail.**
2. **Medium in which the record is requested.**
3. **Name and address of the individual to receive the district's response.**

The district shall not require an explanation of the reason for the request or the intended use of the requested record, unless otherwise required by law.[\[14\]](#)

Fees

Except for the duplication fee established by the state, the Board shall approve a list of reasonable fees relative to requests for public records. The district shall maintain a list of applicable fees and disseminate the list to requesters.[\[15\]](#)

No fee may be imposed for review of a record to determine whether the record is subject to access under law.[\[15\]](#)

Prior to granting access, the district may require prepayment of estimated fees when the fees required to fulfill the request are expected to exceed \$100.[\[15\]](#)

The Superintendent may waive duplication fees when the requester duplicates the record or the Superintendent deems it is in the public interest to do so.[\[15\]](#)

Response to Request

District employees shall be directed to immediately forward requests for access to public records to the Open Records Officer.[\[6\]](#)[\[16\]](#)

Upon receipt of a written request for access to a record, the Open Records Officer shall determine if the requested record is a public record and if the district has possession, custody or control of that record.[\[7\]](#)

The Open Records Officer shall respond as promptly as possible under the existing circumstances, and the initial response time shall not exceed five (5) business days from the date the written request is received by the Open Records Officer.[\[7\]](#)

The initial response shall grant access to the requested record; deny access to the requested record; partially grant and partially deny access to the requested record; notify the requester of the need for an extension of time to fully respond; or request more detail from the requester to clearly identify the requested material.

If the district fails to respond to a request within five (5) business days of receipt, the request for access shall be deemed denied.[\[7\]](#)

Extension of Time

If the Open Records Officer determines that an extension of time is required to respond to a request, in accordance with the factors stated in law, written notice shall be sent within five (5) business days of receipt of request. The notice shall indicate that the request for access is being reviewed, the reason that the review requires an extension, a reasonable date when the response is expected, and an estimate of applicable fees owed when the record becomes available.[\[7\]](#)[\[17\]](#)

Up to a thirty-day extension for one (1) of the listed reasons does not require the consent of the requester. If the response is not given by the specified date, it shall be deemed denied on the day following that date.

A requester may consent in writing to an extension that exceeds thirty (30) days, in which case the request shall be deemed denied on the day following the date specified in the notice if the Open Records Officer has not provided a response by that date.

Granting of Request

If the Open Records Officer determines that the request will be granted, the response shall inform the requester that access is granted and either include information on the regular business hours of the administration office, provide electronic access, or state where the requester may go to inspect the records or information electronically at a publicly accessible site. The response shall include a copy of the fee schedule in effect, a statement that prepayment of fees is required in a specified amount if access to the records will cost in excess of \$100 and the medium in which the records will be provided.

A public record shall be provided to the requester in the medium requested if it exists in that form; otherwise, it shall be provided in its existing medium. However, the district is not required to permit use of its computers.[\[5\]](#)

The Open Records Officer may respond to a records request by notifying the requester that the record is available through publicly accessible electronic means or that the district shall provide access to inspect the record electronically. If the requester, within thirty (30) days following receipt of the district's notice, submits a written request to have the record converted to paper, the district shall provide access in printed form within five (5) days of receipt of the request for conversion to paper.[\[5\]](#)[\[18\]](#)

A public record that the district does not possess but is possessed by a third party with whom the district has contracted to perform a governmental function and which directly relates to that governmental function shall be considered a public record of the district. When the district contracts with such a third party, the district shall require the contractor to agree in writing to comply with requests for such records and to provide the district with the requested record in a timely manner to allow the district to comply with law.[\[19\]](#)

If the Open Records Officer determines that a public record contains information both subject to and not subject to access, the Open Records Officer shall grant access to the information subject to access and deny access to the information not subject to access. The Open Records Officer shall redact from the record the information that is not subject to access. The Open Records Officer shall not deny access to a record if information is able to be redacted.[\[20\]](#)

If the Open Records Officer responds to a requester that a copy of the requested record is available for delivery at the administration office and the requester does not retrieve the record within sixty (60) days of the district's response, the district shall dispose of the copy and retain any fees paid to date.[\[21\]](#)

Notification to Third Parties

When the district produces a record that is not a public record in response to a request, the Open Records Officer shall notify any third party that provided the record to the district, the person that is the subject of the record, and the requester.[\[22\]](#)

The Open Records Officer shall notify a third party of a record request if the requested record contains a trade secret or confidential proprietary information, in accordance with law and administrative regulations.[\[22\]](#)

Denial of Request

If the Open Records Officer denies a request for access to a record, whether in whole or in part, a written response shall be sent within five (5) business days

of receipt of the request. The response denying the request shall include the following:[\[7\]](#)[\[23\]](#)

1. Description of the record requested.
2. Specific reasons for denial, including a citation of supporting legal authority.
3. Name, title, business address, business telephone number, and signature of the Open Records Officer on whose authority the denial is issued.
4. Date of the response.
5. Procedure for the requester to appeal a denial of access.

The Open Records Officer may deny a request for access to a record if the requester has made repeated requests for that same record and the repeated requests have placed an unreasonable burden on the district.[\[19\]](#)

The Open Records Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record. To the extent possible, a record's contents shall be made accessible even when the record is physically unavailable.[\[19\]](#)

Information that is not subject to access and is redacted from a public record shall be deemed a denial.[\[20\]](#)[\[23\]](#)

If a written request for access to a record is denied or deemed denied, the requester may file an appeal with the state's Office of Open Records within fifteen (15) business days of the mailing date of the Open Records Officer's response or deemed denial.[\[8\]](#)

1. Assign individual school meal accounts to each student for the purchase of meals served in school cafeterias, which ensure that the identity of each student is protected.

A convenience fee may apply for using this service which is imposed by the online service, not the district.
3. All nonsufficient fund (NSF) checks will be charged a twenty-five dollar (\$25.00) fee, and the check amount will be deducted from the student's lunch account. After two (2) recorded NSF actions per school year, the

Collection of Unpaid Meal Charges

Students with account balances of greater than fifty dollars (\$50.00) will receive a certified letter from the district indicating that if payment is not made within fourteen (14) days, the account may be turned over to the District Magistrate's Office or a collection agency. Any further court costs or collection fees incurred by this section will be the responsibility of the parent/guardian.

For graduating seniors with a positive lunch account balance, a letter along with an election form from the Food Service Department will be sent within two (2) weeks of the end of the school year. Donations will be deposited into the Food Service Account using a separate revenue account.

After the graduating class' final school day, the Food Service Department will send a final obligation notice for all negative accounts to the parent/guardian. For graduating seniors with a negative lunch account balance, payment must be made by June 30th or the account may be turned over to the District Magistrate's Office or a collection agency.

Delinquent debt can carry over to the immediate subsequent school year if the delinquent debt is being actively pursued using the collection procedures identified in the school's Local Meal Charge policy. Code	814 - NEW

Authority

The Board emphasizes that federal law makes it illegal for anyone to duplicate copyrighted materials without permission. The Board acknowledges that severe penalties are provided for unauthorized copying of audio, visual, software, online or printed materials unless the copying falls within the bounds of the fair use doctrine.[\[1\]](#)

Definition

Under the **fair use doctrine**, fair use of a copyrighted work, including use by reproduction in copies or phonorecords, is permissible for such purposes as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship or research. In order for the duplication or alteration of a product to fall within the bounds of fair use, four (4) factors must be considered:

1. The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
2. The nature of the copyrighted work;
3. The amount and substantiality of the portion used; and
4. The effect of the use upon the potential market for or value of the copyrighted work.

Delegation of Responsibility

Staff may make copies of copyrighted school district materials that fall within the established administrative regulations and in accordance with applicable law,

regulation, and district policy. Where there is reason to believe the material to be copied does not fall within the administrative regulations, prior permission shall be obtained from the principal.

Staff members who fail to adhere to this policy may be held personally liable for copyright infringement.

Staff members shall be responsible for instructing students in fair copyright practices and academic integrity, including guidance on citing resources appropriately.

Guidelines

Under the considerations set forth by the Fair Use Doctrine:

1. All copyrighted work reproduced by school district staff shall be of use for such purposes as teaching or scholarship and must be nonprofit;
2. School district staff may make **single copies** of: book chapters; articles from periodicals or newspapers; short stories, essays or poems; and charts, graphs, diagrams, drawings, cartoons or pictures from books, periodicals or newspapers where necessary for the staff member's use in research, instruction or preparation for teaching.
3. School district staff may make **multiple copies** of copyrighted material for classroom use, a number not to exceed the number of pupils in a course), so long as the materials meet the definitions of brevity, spontaneity, and cumulative effect, as stated below, and each copy includes a notice of copyright:
 - a. Brevity:
 - i. Poetry: A complete poem, if less than 250 words and two (2) pages long, may be copied; excerpts from longer poems cannot exceed 250 words. The numerical limits may be expanded to permit the completion of an unfinished line of a poem.
 - ii. Prose: Complete articles, stories or essays of less than 2,500 words or excerpts from prose works not more than 1,000 words or ten percent (10%) of the work, whichever is less, may be copied; in any event, the minimum is 500 words. The numerical limits may be expanded to permit the completion of an unfinished prose paragraph.
 - iii. Illustration: One (1) chart, graph, diagram, design, drawing, cartoon or picture per book or periodical issue may be copied.
 - iv. "Special" works: Special works include works in poetry, prose, or in poetic prose, which often combine language with illustrations and are intended for children and at other times for a more general audience, which fall short of 2,500 words. Notwithstanding the

above requirements relevant to prose, these special works may not be reproduced in their entirety. An excerpt of not more than two (2) of the published pages of the special work and containing not more than ten percent (10%) of the words found in the full text may be reproduced.

- b. Spontaneity - Copying must be at the "instance and inspiration" of the individual teacher. The inspiration and decision to use the work and the moment of its use for maximum teaching effectiveness are so close in time that it would be unreasonable to expect a timely reply to a request for permission to reproduce the work.
 - c. Cumulative Effect - A staff member is limited to using copied material for only one (1) course in the school in which copies are made. No more than one (1) short poem, article, story, essay or two (2) excerpts from the same author may be copied, and no more than three (3) works can be copied from a collective work or periodical volume during one (1) class term. A staff member is limited to nine (9) instances of multiple copying for one (1) course during one (1) class term. These limitations do not apply to current news periodicals, newspapers and current news sections of other periodicals.
4. School district staff may make reproductions of **musical works** within the following parameters:
- a. Emergency copying to replace purchased copies which for any reason are not available for an imminent performance, provided purchased replacement copies are substituted in due course.
 - b. For academic purposes other than performance:
 - i. Multiple copies of excerpts of works may be made, provided that the excerpts do not comprise a part of the whole which would constitute a performable unit such as a section, movement, or aria; but in no case more than ten percent (10%) of the whole work. The number of copies may not exceed more than one (1) copy per student.
 - ii. A single copy of an entire performance unit (section, movement aria, etc.) that is confirmed by the copyright proprietor to be out of print, or unavailable except in a larger work, may be made by or for a staff member solely for the purpose of his/her scholarly research or in preparation to teach a class.
 - c. Printed copies that have been purchased may be edited or simplified, provided the fundamental character of the work is not distorted or the lyrics altered or lyrics added if none existed.
 - d. A single copy of recordings of performances by students may be made for evaluation or rehearsal purposes and may be retained by the school district or individual staff member.
 - e. A single copy of a sound recording, such as a tape, disc, cassette or electronic sound file such as an mp3, of copyrighted music may be made

from sound recordings owned by the school district or a staff member for the purpose of constructing aural exercises or examinations; and they may be retained by the school district or staff member. This pertains only to the copyright of music itself and not to any copyright which may exist in the sound recording.

- f. Schools must be licensed to play copyrighted music where the performer is paid or admission is charged, even if the admission is used to cover refreshment costs.
5. School district staff may make reproductions of **broadcast programs** within the following parameters:
- a. Broadcast programs available to the general public, which do not include pay cable TV services and satellite broadcasts, may be recorded off-air simultaneously with broadcast transmission, including simultaneous cable transmission, and retained by the District for a period not to exceed forty-five (45) consecutive calendar days after the date of recording. After this period of time, all recordings must be erased or destroyed immediately.
 - b. Program recordings may be used once by individual teachers in the course of relevant teaching activities, and repeated once only when instructional reinforcement is necessary, during the first ten (10) consecutive school days in the forty-five (45) calendar day retention period.
 - c. After the first ten (10) consecutive school days, off-air recordings may be used up to the end of the forty-five (45) calendar day retention period only for evaluation purposes by the teacher.
 - d. Off-air recordings may be made only at the request of and use by individual teachers and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.
 - e. Off-air recordings need not be used in their entirety; but they may not be altered from their original content and may not be physically or electronically combined or merged to constitute teaching anthologies or compilations.
 - f. All copies of off-air recordings must include the copyright notice on the broadcast program as recorded.
6. School district staff may make reproductions of **videotape recordings** within the following parameters:
- a. A library, archive, or media center may reproduce one (1) copy of a recording of a copyrighted work and distribute it in accordance with provisions of law.
 - b. Recorded copies of copyrighted programs owned by a staff member or another person or a copy of a rental program are considered illegally made and may not be used for instructional purposes unless its use meets the fair use test.

- c. Rental videocassettes, laser discs and other optical media with the "home use only" warning label may not be used in a classroom, school assembly, or club unless specifically covered in the rental agreement.
 - d. Multimedia use of copyrighted material falls under the guidelines of the medium being used (e.g., computer, video, audio).
 - e. Closed-circuit distribution of a copyrighted work to classrooms in a school or campus is legal, as long as the transmission is used for instructional activity and not entertainment.
7. Staff members shall copy a small, necessary portion of the copyrighted work as opposed to the entire copyrighted work.

Under the TEACH Act, the school district may use certain copyrighted materials while engaging in distance learning with students:

1. Materials permitted to be used include works typically displayed in an in-person classroom so long as the performance or display is made by or under the supervision of an instructor and would regularly be used in face-to-face instructional activities.
2. This use does not include the transmission of textbook materials, materials "typically purchased or acquired by students," or works developed specifically for online uses.
3. Students shall be notified that materials used in connection with a course may be subject to copyright protection.
4. Transmission of copyrighted materials shall be limited to students enrolled in a particular course.
5. The school district will not interfere with technological measures used by copyright owners to prevent unauthorized retention or dissemination.
6. The TEACH Act does not supersede fair use or existing digital license agreements.

Purpose

The Board supports use of the 1:1 and shared devices, Internet and subscription services, learning management systems, and other software, databases, and online services, including network resources in the district's instructional and operational programs in order to facilitate learning, teaching and daily operations through interpersonal communications and access to information, research and collaboration.

The district provides students, staff and other authorized individuals with access to the district's devices, electronic communication systems and network, which includes Internet access, whether wired or wireless, or by any other means. Equipment distribution for staff is determined by the employee classification group. Not all positions are eligible to receive district-owned technology. Staff members that change roles within the district are subject to re-evaluation of technology equipment needs based on their employee classification group.

All files, documents, and data are owned by the district. All files must be stored in district approved file services, district file servers, district applications and district devices. Files, documents, and data are not permitted to be stored on any non-district device or service that is not approved and managed by the district. Any file or document that needs to be shared with other staff members, students, or someone from the public must use the district's email and file storage systems and have the proper permissions and share with only the recipient or recipients.

Any communication regarding district business must use approved district systems, services, and applications. All staff and administration should be aware that e-mail messages, electronic documents, notes, files or data that reside on computers and other devices, networks, systems, or applications, and any cloud computing service may be subject to document requests both under Pennsylvania's Right To Know Law and pursuant to FERPA. The guidelines should be followed by all staff and administrators to ensure professionalism in the District's communications.

1. Maintain professionalism at all times. Do not write anything in an email, document, note, or any online system that you would not want to have read by a parent, lawyer, or judge.
2. A polite and respectful tone is always required, even when writing about contentious issues or situations.
3. If an email contains confidential student information, only those individuals with a legitimate educational interest in that information should be included or CC'd on the message.
4. Refrain from using personal email accounts or text messages to communicate with parents about school district business. Your school district account or online portals should be used for this purpose.
5. Only send confidential student information to non-district personnel if the appropriate legal release has been signed to allow the non-district personnel access to that information.
6. Use student names instead of initials in all electronic communications.
7. Particularly sensitive issues should be addressed to parents and students in person or over the phone, and not through email.
8. Do not assume that because an email has been sent to a parent that the email has been read by the parent. Follow up in person or over the phone on important issues to ensure that the parent has received the message.

For instructional purposes, the use of all district technology based resources shall be consistent with the curriculum adopted by the district as well as the varied instructional needs, learning styles, abilities, and developmental levels of students. All resources need approval by the Director of Technology to ensure compliance with Children's Internet Protection Act (CIPA) and Children's Online Privacy Protection Act (COPPA) and to ensure compatibility with the district network, systems, and devices.

Connick v. Myers, 461 U.S. 138 (1983)

Purpose

The purpose of this policy is to establish the process and standards for approval and operation of district-owned social media accounts, and to identify the differences between personally owned social media accounts and those maintained by the district.

Definitions

Social media - a category of Internet-based resources that integrate user-generated content and user participation to share information, ideas, personal messages and other content, including photos and videos. Social media includes **social networks**, which are online platforms where users can create profiles, share information and personal messages, and connect with others.

District-owned social media account - a social media account, regardless of platform, that is approved by the Board and operated by a designated district employee(s), and is designed to further the educational mission of the district by providing information to the school community and general public.

Personal social media account - a social media account, regardless of platform, that is attributed to and operated by an employee, individual school director or student for personal use and is not approved by the Board as an official communications channel of the district.

Nonpublic forum – created when a district-owned social media account enables members of the public to read and receive district information, but the district has not designated opportunity for expressive activity by the public, and no commenting or posting of information by members of the public is permitted. In terms of social media, the ability to comment, post or reply is disabled on the district’s account for public users.

Authority

The Superintendent shall approve all official social media accounts created and/or maintained as district-owned accounts, including social media accounts for individual schools within the district.[\[1\]](#) All district-owned social media accounts shall display the official name and a district logo. The Superintendent shall notify the Board of all district-owned social media accounts.

The Board establishes district-owned social media accounts as a **nonpublic forum** and directs school staff to disable functions allowing public users to comment or post information on district-owned social media accounts.

Delegation of Responsibility

The Board designates the Communications Director or other Superintendent designee to oversee all district-owned social media accounts and serve as the primary contact person for district owned social media accounts.

The Superintendent or designee shall notify students and staff about this policy through employee and student handbooks, posting on the district website and by other appropriate methods.

All district staff assigned to monitor and maintain district-owned social media accounts shall receive training on:

1. Regularly reviewing district-owned social media accounts, in coordination with the district’s chief communications representative, to update, remove and/or correct information.[\[6\]](#)

2. Complying with confidentiality provisions of student and staff information, in accordance with applicable law, regulations and Board policy and administrative regulations.[7][8]
3. Monitoring content for confidentiality and intellectual property violations, documenting potential violations, and notifying appropriate district staff to consider further action.[7][8][9]
4. Monitoring content for web accessibility standards and responding to public requests for accommodations.[2][4][5]

Guidelines

Posting of Personally Identifiable Information

The Board authorizes posting of student images in photos or videos depicting the educational process or school-related events on district-owned social media accounts, unless the students' parents/guardians have opted out of sharing directory information under the Family Educational Rights and Privacy Act and Board policy or have notified the Student Support Services department in writing that you do not want to have your child photographed or videotaped.[7][8][10][11]

The Board prohibits posting of other personally identifiable information of students on district-owned social media accounts without the consent of the parent/guardian, in accordance with applicable law, regulations and Board policy and administrative regulations.[7][8]

The Board prohibits posting of staff images in photos or videos when a staff member has submitted a request to the Superintendent or designee that their image not be posted publicly online.

The Board directs district staff to post images and information to social media accounts in a manner that protects the safety and security of students and staff, such as posting images without identification.

Accessibility

The Board directs district staff who maintain district-owned social media accounts to post content that is accessible to individuals with disabilities, to the greatest extent possible based on the limitations of the platform. This shall include, but is not limited to:[4][5][12][13][14][15]

1. Including alternate text descriptions or captions for images.
2. Including captions for video content.
3. Avoiding text that is posted as an image.
4. Creating links and attachments in formats that are accessible to screen readers and other assistive technology.
5. Formatting text so that it is accessible to screen readers and other assistive technology.

All district-owned social media accounts shall contain clear contact information that may be used by members of the public to request accommodations or assistance.

Intellectual Property Rights

The illegal use of copyrighted, branded or trademarked materials or trade secrets is prohibited on district-owned social media accounts. All content shall be subject to copyright fair use guidelines and applicable laws, regulations and Board policy and administrative regulations.[9]

Connecting with Other Social Media Accounts

Content or information posted to district-owned social media accounts shall not be connected to other social media accounts through linking or tagging if the outside account is for a commercial application, product or service and the district or its employees would receive financial or other compensation as a result of the connection.

When an official Board-approved corporate sponsorship or partnership includes connecting with the sponsor on district-owned social media accounts through linking or tagging, such connections shall be addressed in accordance with the provisions of the approved contract or partnership.

District-owned social media accounts shall not be connected to social media accounts of individual students through linking or tagging.

District-owned social media accounts may be connected through linking or tagging to social media accounts of parent-teacher organizations, district-related booster organizations or similar school-related groups when the content or information has been reviewed and approved by the district's chief communications representative.

Personal Social Media Accounts

The district shall not authorize, endorse or participate in posting on private social media accounts of individual school directors or school employees. School directors and employees are strongly encouraged to use privacy settings on social media accounts and to clearly identify that it is their personal social media account and that it does not officially represent the Board or district.

In accordance with Board policy establishing professional boundaries, school employees should only communicate with students through district-provided communication devices or platforms, and shall not follow, accept or make requests to connect or be friends with current students on personal social networking or social media platforms.[16]

The district respects employees' freedom of expression. The district does not actively monitor personal social media accounts of current school employees; however, the district reserves the right to address employees' job-related speech or employee speech posted on social media that has the potential to affect the district's operations. Speech that takes place off-site and on an employee's own time, including posting on personal social media accounts, may be addressed if the district establishes that the employee's expression infringed on the interests of the district in promoting the efficient and effective functioning and educational purpose of the district. If employee speech or expression would violate law or Board policy in a traditional forum, it is also prohibited in an online forum. When an employee speaks as a citizen on a matter of public concern, the district shall consult with the school solicitor in determining the appropriate course of action, in accordance with applicable law, regulations and Board policy.[17][18][19][20][21][22]

Student use of personal social media accounts shall be addressed in accordance with applicable Board policies and administrative regulations related to student conduct, expression and students' individual rights and responsibilities. In accordance with Board policy, the district shall provide education on network etiquette and appropriate online behavior for students, including interaction with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. [2][4][23][24][25][26][27][28]

Consequences

A district employee who violates this policy may be subject to disciplinary action, up to and including termination, in accordance with applicable law, regulations and Board policy and administrative regulations.[16][21][29]

Purpose

In its effort to provide cost-effective programs, the Board uses outside independent contractors for a variety of purposes. The district is required to ensure that such contractors comply with certain legal requirements regarding contractor employees involved in the delivery of services to the district. This policy is adopted to outline those requirements and the manner in which the district shall direct and monitor contractor compliance.

Definitions

For purposes of this policy, **contractor employee** shall include an individual who:

1. Is employed or offered employment by an independent contractor or a subcontractor of an independent contractor, or is an individual independent contractor; and

For purposes of this policy, **independent contractor** shall mean an individual or entity that contracts with the district to provide services.

Authority

The district is required by law to ensure that independent contractors and contractor employees comply with the mandatory background check requirements for criminal history and child abuse certifications, the employment history review requirement, and the arrest and conviction reporting requirements.[\[2\]](#)[\[3\]](#)[\[4\]](#)

Guidelines

Prior to using contracted services, a written contractual agreement shall be entered into between the district and the independent contractor and maintained centrally by the district in a manner similar to that for other contracts. Requests for proposals, bid specifications for proposals and resulting contracts shall specify the following:

1. Mandatory requirements for criminal history background checks, child abuse certifications, employment history reviews, and arrest and conviction reporting for contracted services involving direct contact with children, as mandated by law and set forth in this policy.[\[5\]](#)
2. A requirement that all contracted transportation providers provide a program of drug and alcohol testing for covered drivers. A covered driver shall include any contractor employee who drives, operates or is in the actual physical control or movement of a school bus or a commercial vehicle owned, leased or operated by the independent contractor in connection with school district services.[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)
3. That failure to comply with this policy and the requirements for criminal history background checks and child abuse certifications, employment history reviews, and required reporting of employee arrests, convictions or other misconduct by an independent contractor or contractor employee shall be grounds for termination of the contract.

The Superintendent or designee shall review all information provided pursuant to this policy and determine if information is disclosed that precludes employment or continued service of an independent contractor or contractor employee.[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[11\]](#)

Information submitted by an independent contractor or contractor employee in accordance with this policy shall be maintained centrally in a manner similar to that for school employees.

Pre-Employment Requirements

Employment History Review -

Independent contractors shall conduct an employment history review, in compliance with state law, prior to assignment of a contractor employee to perform work for the district in a position or assignment involving direct contact with children. The independent contractor may use the information for the purpose of evaluating an applicant's fitness to be hired or for continued employment of a current contractor employee and may report the information as permitted by law.[\[4\]](#)

Independent contractors shall inform the district, in writing, upon receipt of an affirmative response to any of the abuse and sexual misconduct background questions for a contractor employee. If the district objects to the assignment, the independent contractor may not assign the contractor employee to the district.[\[4\]](#)

Independent contractors shall, upon request, provide the district to which a contractor employee is assigned access to the employee's employment history review records.

Criminal History -

Prior to assignment of contractor employees to perform work for the district in a position or assignment involving direct contact with children, contractor employees shall submit an official child abuse clearance statement and state and federal criminal history background checks (certifications) as required by law.[\[2\]](#)[\[3\]](#)

Contractor employees shall report, on the designated form, all arrests and convictions as specified on the form. Contractor employees shall likewise report arrests and/or convictions that occur subsequent to initially submitting the form. Failure to accurately report such arrests and convictions may subject the individual to denial of employment/contract, termination if already hired/contracted, and/or criminal prosecution.[\[3\]](#)

Tuberculosis Test -

Contractor employees providing services for students shall undergo a test for tuberculosis in accordance with the regulations and guidance of the Pennsylvania Department of Health.[\[12\]](#)[\[13\]](#)

Arrest and Conviction Reporting Requirements

All independent contractors shall adopt policies and procedures that require their employees, who are providing services to the district and who have direct contact with children, to notify the independent contractor, in writing, within seventy-two (72) hours of the occurrence, of an arrest or conviction required to be reported by law. Contractor employees shall also be required to report to the independent contractor, within seventy-two (72) hours of notification, that the employee has been named as a perpetrator in a founded or indicated report pursuant to the Child Protective Services Law. The policies and procedures shall also include the provision that the failure on the part of contractor employees to make such a timely notification shall subject them to disciplinary action, including termination. [\[3\]\[11\]](#)

If the independent contractor receives notice of such arrest or conviction or that the contractor employee has been named as a perpetrator in a founded or indicated report, from either the contractor employee or a third party, the independent contractor shall immediately report, in writing, that information to the Superintendent or designee.

The independent contractor shall immediately require a contractor employee to submit new certifications when there is a reasonable belief that the employee was arrested for or has been convicted of an offense required to be reported by law, was named as a perpetrator in a founded or indicated report, or has provided written notice of such occurrence. [\[3\]\[11\]](#)

Educator Misconduct

If the Superintendent reasonably suspects that conduct being reported involves an incident required to be reported under the Educator Discipline Act, the Superintendent or designee shall notify the Pennsylvania Department of Education, in accordance with applicable law, regulations and Board policy 317.1. 4. Maintenance of professional and appropriate relationships with students.[\[18\]](#)

Employees of independent contractors who have direct contact with children are required to complete a minimum of three (3) hours of training every five (5) years.[\[1\]](#)

Contractor employees shall attend orientation and training sessions, as appropriate to the nature of their service. When training is provided for school employees relating to the legal obligations of employers and educational institutions, consideration shall be given to which contractor employees should also receive that training.

Child Abuse Reporting

All contractor employees who have reasonable cause to suspect that a child is the victim of child abuse shall make a report of suspected child abuse in accordance with applicable law, Board policy and administrative regulations.[\[17\]](#)[\[19\]](#)

Confidentiality

No contractor employee shall be permitted access to confidential student information unless the district has determined that such access is necessary for the contractor employee to fulfill his/her responsibilities. Contractor employees with access to confidential student information shall maintain the confidentiality of that information in accordance with Board policies and procedures and applicable law. If a contractor employee has questions about the confidentiality of student information, the contractor employee should consult with the building principal.[\[20\]](#)[\[21\]](#)

Authority

This policy applies to district employees, volunteers, student teachers, and independent contractors and their employees who interact with students or are present on school grounds. For purposes of this policy, such individuals are referred to collectively as **adults**. The term **adults** as used in this policy, does not include district students who perform services on a volunteer or compensated basis.

All adults shall be expected to maintain professional, moral and ethical relationships with district students that are conducive to an effective, safe learning environment. This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct.

The Board directs that all adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board policies, administrative regulations, rules and procedures.[\[1\]](#)

This policy is not intended to interfere with appropriate pre-existing personal relationships between adults and students and their families that exist independently of the district or to interfere with participation in civic, religious or other outside organizations that include district students.

Definition

For purposes of this policy, **legitimate educational reasons** include matters or communications related to teaching, counseling, athletics, extracurricular activities,

treatment of a student's physical injury or other medical needs, school administration or other purposes within the scope of the adult's **assigned** job duties.

Delegation of Responsibility

The Superintendent or designee shall annually inform students, parents/guardians, and all adults regarding the contents of this Board policy through employee and student handbooks, posting on the district website, and by other appropriate methods.

The building principal or designee shall be available to answer questions about behaviors or activities that may violate professional boundaries as defined in this policy.

Independent contractors doing business with the district shall ensure that their employees who have interaction with students or are present on school grounds are informed of the provisions of this policy.[2]

Guidelines

Adults shall establish and maintain appropriate personal boundaries with students and not engage in any behavior that is prohibited by this policy or that creates the appearance of prohibited behavior.

Prohibited Conduct

Romantic or Sexual Relationships -

Adults shall be prohibited from dating, courting, or entering into or attempting to form a romantic or sexual relationship with any student enrolled in the district, regardless of the student's age. Students of any age are not legally capable of consenting to romantic or sexual interactions with adults.[\[3\]](#)[\[4\]](#)

Prohibited romantic or sexual interaction involving students includes, but is not limited to:

1. Sexual physical contact.
2. Romantic flirtation, propositions, or sexual remarks.

10. Displaying or transmitting sexual objects, pictures, or depictions.

Social Interactions -

In order to maintain professional boundaries, adults shall ensure that their interactions with students are appropriate.

Examples of prohibited conduct that violates professional boundaries include, but are not limited to:

1. Disclosing personal, sexual, family, employment concerns or other private matters to one or more students.
2. Exchanging notes, emails or other communications of a personal nature with a student.
3. Giving personal gifts, cards or letters to a student without written approval from the building principal.
4. Touching students without a legitimate educational reason. (Reasons could include the need for assistance when injured, a kindergartner having a toileting accident and requiring assistance, appropriate coaching instruction, or appropriate music instruction).
5. Singling out a particular student or students for personal attention or friendship beyond the ordinary professional adult-student relationship.
6. Taking a student out of class without a legitimate educational reason.

7. Being alone with a student behind closed doors without a legitimate educational reason.
8. Initiating or extending contact with a student beyond the school day or outside of class times without a legitimate educational reason.
9. Sending or accompanying a student on personal errands.
10. Inviting a student to the adult's home.
11. Going to a student's home without a legitimate educational reason.
12. Taking a student on outings without prior notification to and approval from both the parent/guardian and the building principal.

15. Telling a student personal secrets or sharing personal secrets with a student.
16. For adults who are not guidance/counseling staff, psychologists, social workers or other adults with designated responsibilities to counsel students, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, the student should be referred to the appropriate school resource.
17. Furnishing alcohol, drugs or tobacco to a student or being present where any student is consuming these substances.
18. Engaging in harassing or discriminatory conduct prohibited by other district policies or by state or federal law and regulations.[5][6]

Electronic Communications -

For purposes of this policy, **electronic communication** shall mean a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant or pager. Electronic communications include, but are not limited to, emails, instant messages and communications made by means of an Internet website, including social media and other networking websites.

As with other forms of communication, when communicating electronically, adults shall maintain professional boundaries with students.

Electronic communication with students shall be for legitimate educational reasons only.

When available, district-provided email or other district-provided communication devices **or platforms** shall be used when communicating electronically with students. The use of district-provided email or other district-provided communication devices **or platforms** shall be in accordance with district policies and procedures.[7]

In the case of sports teams under the direction of the Athletic Director, such medical or academic communications shall also be copied to the Athletic Director.

Adults shall not follow or accept requests for current students to be friends or connections on personal social networking sites and shall not create any networking site for communication with students other than those provided by the district for this purpose, without the prior written approval of the building principal.

Exceptions

An emergency situation or a legitimate educational reason may justify deviation from **the rules regarding communication or methods for maintaining** professional boundaries set out in this policy. The adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that s/he has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the "Romantic and Sexual Relationships" section of this policy.

There will be circumstances where personal relationships develop between an adult and a student's family, e.g. when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are normally consistent with such relationships. Adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many adults are involved in various other roles in the community through nondistrict-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an adult's ability to serve in those roles; however, adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity with regard to all youth with whom they interact in the course of their community involvement.

Any person, including a student, who has concerns about or is uncomfortable with a relationship or interaction between an adult and a student, shall **promptly** notify the **building** principal or **Title IX Coordinator. It is understood that some reports made pursuant to this policy will be based on rumors or misunderstandings; the mere fact that the reported adult is cleared of any wrongdoing shall not result in disciplinary action against the **person making the report** or any witnesses. If as the result of an investigation any individual, including the reported adult, the **person making the report**, or a witness is found to have **knowingly** provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, this may be addressed as a violation of this policy and other applicable laws, regulations and **Board** policies. **Obstruction** includes, but is not limited to, violation of “no contact” orders given to the reported adult, attempting to alter or influence witness testimony, and destruction of or hiding evidence.[5][8][12][19][20][21][22]

Good faith acquisition of personal information by an employee or agent of the school district for the purpose of the district is not a breach of the security of the system if the personal information is not used for a purpose other than the lawful purpose of the district and is not subject to further unauthorized disclosure.[\[2\]](#)
