## 2024 NHS Summer Reading Program

Dear Newmark High School Parents,

Our **Newmark High School 2024 Summer Reading Program** is designed to give students an opportunity to strengthen their reading comprehension skills. Each year, students are encouraged to choose a novel that is of high interest with the objective of finding reading enjoyable. Students are always encouraged to read as many as they like throughout the summer.

**This year, ALL students regardless of their participation in ESY, are *required* to read one book from the provided lists.**

- **Students who are attending ESY will have an opportunity to choose their book in advance and it will be available in the English classroom on the first day of ESY.**
- **Students who are not attending ESY can purchase their own book from any preferred bookstore.**

During the first weeks of school, students will work on a required assignment in their English class centered around the book they selected. Students will be presented with a choice board that includes diverse options like crafting a diary entry, assembling a collage, designing a soundtrack, composing a book of poetry, or writing a letter to the author. This project will be graded and included as part of their first quarter grade in English.

**Please make sure your teen brings in their summer reading book on the first day of school, Thursday, September 5, 2024 this fall!**
