## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Antelope High School is one of six comprehensive high schools in the Roseville Joint Union High School District. The city of Antelope is located about 15 miles northeast of downtown Sacramento, and received its own postmark and recognition as a community by Sacramento county on July 1, 1994. Today, Antelope has a socio-economically and ethnically diverse population of nearly 46,000 middle-income families. While Antelope High School is located in Sacramento County, the school actually belongs to Placer County. Antelope High School services students from the Dry Creek School district as well as surrounding areas. Antelope High School is the result of a \$79 million general obligation bond passed by district residents in 2004. The Antelope community endured two previously failed bond attempts, but was able to open a beautiful facility in 2008, bringing significant name recognition to the Antelope community. Antelope High School graduated its first senior class in 2011.

The Antelope High School campus is comfortably large and offers students a modern setting. The school covers fifty acres, including shared facilities with the Sunrise Park and Recreation District. The campus has a college atmosphere with its two-story brick buildings, two gyms, performing arts center and exceptional outdoor athletic facilities which include a water park/aquatics center. The campus also houses a large library, a TV/media lab, four media computer labs, and an engineering lab. Antelope High School is technology-rich with a variety of technology available in classrooms, 1:1 student Chromebooks, and school-wide WiFi.

The school operates on a 4x4 traditional block schedule, as do all other comprehensive schools in the district. The 4x4 traditional block schedule allows students the opportunity to take thirty-two classes during a four-year period. This is an opportunity to complete all UC/CSU admission requirements, while still engaging in other curricular interests such as visual and performing arts and career technical education. Antelope High School has a robust Visual and Performing Arts program and a nationally recognized Project Lead the Way program.

Since opening, Antelope High School has seen sustained growth in enrollment (currently just below 1800) and increasing diversity among its students. The community consists of families from all over the world, mixed with lifelong area residents which bring together a variety of languages and cultural backgrounds. Primarily, Antelope High School has students originating from Latin America, and several Slavic region countries. The largest ethnic groups are white (47%), Latino (25%), Asian (12%), and African American (14%). Approximately 48% of Antelope High school students qualify for Free and Reduced Lunch, and almost 6% of the students are designated as English Language Learners.

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>Total Teachers Without Credentials and Misassignments</b>	<b>0.90</b>	<b>1.70</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	6.30	1.00
<b>Total Out-of-Field Teachers</b>	<b>6.30</b>	<b>1.00</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	2.7
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	2.3	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

Antelope High School was originally constructed in 2008 and is comprised of 62 classrooms, 5 modular buildings, 2 gymnasiums, a multipurpose room/cafeteria, a library, a staff lounge, a computer lab, a dance room, and state of the art athletic facilities.

Administrators and staff work daily with the custodial staff of 5 employees to ensure that cleaning of the school is maintained to provide for a clean and safe environment for our students. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the district office for review. District maintenance staff ensures that the school is in good repair and that all work orders are completed in a timely manner. The work order process is used to ensure efficient services and that the highest priority is given to emergency repairs. The groundskeeper keeps the campus landscaping manicured and presentable, helping to provide a positive learning environment that students and staff can take pride in daily.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

<b>Mathematics</b> (grades 3-8 and 11)	33	32	39	36	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2022-23 Career Technical Education Programs

Career Technical Education in Roseville Joint Union High School district consists of Programs of Study at all of our school sites. Programs are managed through a collaboration between teacher, site and administration ensuring that programs meet the 11 High Quality Indicators for a Program of Study. Courses in the programs are taught by CTE credentialed teachers and follow the CTE Model Curriculum Standards. CTE funds from Perkins, CTEIG, and K-12 Strong Workforce Program provide over \$1,500,000 a year to support RJUHSD CTE programs.

Antelope High School offers the CTE program Project Lead the Way in all three available areas: Biomedical Sciences (Principles of Biomedical Science, Human Body Systems, Medical Interventions, Biomedical Innovation), Engineering (Introduction to Engineering Design, Environmental Sustainability, Engineering Design and Development), and Computer Science (Computer Science Essentials, AP Computer Science Principles, AP Computer Science A). Professional Photography is the fourth CTE pathway, and a fifth pathway was approved in the fall of 2022 - Technical Theater (currently just in the introductory course phase). All four complete pathways have fully credentialed CTE teachers. Additionally, work-based learning in the form of internships and job shadows is offered for students who qualify and are successful in an interview for positions. For information about the district's career technical advisory committee, which includes representatives from local industries, please contact Director of CTE & Assessment, Shane Waggoner at the district office, (916) 786-2051 or [swaggoner@rjuhsd.us](mailto:swaggoner@rjuhsd.us).

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Antelope High School is a place of pride for the community, and the school greatly benefits from the support from Titan parents. Titan parents are involved in giving input during School Site Council and the WASC accreditation process, as well as English Learner Advisory Committee (ELAC) and District English Learners Advisory Committee (DELAC). Parents aid in extra curricular activities as well in the Athletic Booster, Band Booster, Dance Booster, and general Antelope Parent Booster organizations. All parents have access to their child's attendance and ongoing academic record online through Aeries Parent Portal. Antelope High School counselors work closely with parents to support student success, including annual academic planning meetings with students and parents. AnHS counselors also host college application workshops, and FAFSA workshops for students and parents. Since the 2013-2014 school year, parents have been participating in the annual creation and implementation of the district LCAP.

Additionally, AnHS has a strong base of parent volunteers who assist with daily school activities, student government/ASB activities, work as proctors for state and district assessments, and supervise extracurricular activities. Parents are always welcome on campus, and they are encouraged to join one or more of the above programs. Antelope High School believes that adult support and contact on campus leads to a safer, more supportive school environment for students. Any Titan parent looking to get more involved is encouraged to contact the school for more information about volunteer opportunities.

## 2023-24 School Safety Plan

Safety of students and staff is of primary concern of Antelope High School. Antelope High School employs a full time nurse and a consistent rotation of School Resource Officers from the Sacramento Sheriff's Department. Antelope High School's campus is closed, meaning students must be "checked out" by an approved adult to leave campus before the end of the day. There is only one entry point to the campus during school hours, through the main office doors. All visitors must sign in when entering through the Raptor Technologies School Safety Check in system (implemented in January 2019). Also in January 2020, the office was reorganized, moving the attendance office to the immediate front of the main office, lessening the amount of foot traffic into the back of the office. Students are supervised before, during, and after school by teachers, administrators, school resource officers, and three full-time campus monitors. There is a designated area for student drop off and pick up in the front of the school as well as the back of the school.

The School Site Safety Plan is discussed on a monthly basis by the members of the School Safety Committee and approved by different committees annually. The School Safety Committee consists of Antelope staff members, including administrators, campus monitors, teachers, the athletic director and office staff. The School Site Safety Plan is communicated to both classified and certificated staff annually. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. The District-wide I Love You Guys procedures were implemented in the 2022-2023 school year. Hold, Secure, Shelter, Lockdown and Evacuation drills are conducted throughout the school year and followed up with Safety meetings to understand strengths and where adjustments can be made in each plan. In addition to these plans, Antelope has implemented Restorative Practices and Positive Behavior Intervention and Support (PBIS) program. These programs provide students with clear expectations for behavior on a daily basis. Restorative Practices focuses on positive relationship building, positive community building, and repairing harm when done. The PBIS program is integrated in academics, athletics and school activities.

As part of a district initiative, Antelope High School implemented an emergency management system called "Catapult" during the 2016-2017 school year. Catapult allows the School Safety Team to communicate easily with staff, students, district office

personnel, families, students, and local law enforcement during a safety incident. Catapult allows teachers to account for students during an evacuation in a timely and consistent manner, as well as receiving real time updates.

The School Safety Plan for the 23-24 school year was adopted on January 18, 2023, approved by the RJUHSD Board and maintained throughout the 2023-2024 school year. The School Safety Plan for the 24-25 school year is currently being vetted and will be signed off in early 2024.

## 2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2022-23 Types of Services Funded

State resources include the Local Control Funding Formula (LCFF) and the LCFF Supplemental Grant used to address the State Priorities for All Students as outlined in the LEA's Local Control Accountability Plan (LCAP). Federal categorical programs include Title I Part A, Title II Parts A and D, Title III Part A, Title IV Part A, and Title V Part A. We also occasionally have students who qualify for McKinney-Vento Homeless services.

The LCFF Supplemental grant assists district schools with providing many forms of student support. The district's LCAP plan focuses on four main areas: English Learners, College Readiness for All, Interventions for Struggling Learners and Districtwide Actions.

English Learners are provided support through on-going teacher training, supplemental materials for their classes, additional staffing for English Language Development classes, and increased parent involvement through the use of translators and interpreters. The EL Coordinator position was introduced in the 2022-2023 school year. Additionally, a Learning Support Specialist and two Parent Ambassador positions were added in Fall 2022 and two Academic Tutor part-time positions were added Fall of 2023 to support English Learners, with a focus on newcomer students.

The College Readiness for All strand helps students access college and career readiness courses and to create equity opportunities for all students. Some of the tools and programs that have been implemented include Equal Opportunity Schools Program, Virtual College Visits and College representatives on campus during lunch time, PSAT for all 10th graders and credit/a-g recovery to ensure students leave Antelope as "academic qualifiers" if they choose to continue into higher education.

The Intervention for Struggling Learners strand provides academic and social/emotional interventions and supports for all students. These programs include extended after school tutoring hours in the library, additional transportation after hours, home visits, Social Work interns, and School Based Therapy interns, provided in our Wellness Center. The Academic Culture Coordinator position was introduced in the 2023-2024 school year. This position supports freshmen learning strategies and the transition to high school rigor.

In addition, Districtwide activities include ensuring students and teachers are supported with the shift to Common Core State Standards in math and literacy, using technology as an accelerator for learning, and implementing Restorative Practices and Positive Behavior Intervention and Supports (PBIS) districtwide to help support multi-tiered systems of support. Antelope has begun issuing "Titan Points" to students caught doing positive acts or displaying positive behavior to their peers and the campus.

Antelope High School continues to fund teacher training in a variety of areas, including technology, English Language Development, Special Education, highly effective instructional strategies such as Learner Driven Instruction (LDI), and many more. Funding for technology equipment continues to be a priority at Antelope High School. This includes Chromebooks, Chromeboxes, cameras, microphones and projection systems.

School culture is a huge piece of Antelope High School's success. Maintaining the school culture is supported by funding guest speakers each year for the first day of school (Fall & Winter) and other activities for students such as Breaking Down the Walls. Antelope engages the parents and community through sporting events, Performing Arts shows, and Back to School nights during the school year. October 2022 saw the first Antelope High School Haunted House and Trunk or Treat event. This was a huge success that was brought back for the 2023-2024 school year. In the 2023-2024 school year, two community events were added to the calendar. One was a schedule pick up night to welcome families and students back to school. The other was a springtime open house event for departments to showcase student work throughout the year.

## Professional Development

The Roseville Joint Union High School District utilizes and implements adopted California State Standards in all content areas. District and site leadership provide regularly scheduled (three full days annually) professional development training focused on curriculum implementation, instructional strategies, and assessments aligned to the standards. Ongoing emphasis focuses on Essential Learning Outcomes for all courses and designing district common assessments in order to analyze results to determine best instructional practices and interventions to support learning.

## Professional Development

The RJUHSD has recently taken on other professional development areas that addresses student wellness. Research continues to show providing students and staff positive, supportive and affirming learning environments increases student engagement and achievement, especially for students who have historically struggled in school. Addressing content area professional development needs varies by content area. A common theme of accelerating student achievement through technology is prevalent in all content areas. The RJUHSD focus on digital equity ensures that every student had a personal digital device for learning by the 2020-21 school year. Regular professional development opportunities abound throughout the school year. In addition to the three full-day district led events, our Content Teacher Leaders, Professional Learning Specialists, Content Coaches and Coordinators sponsor, support or lead training events after school, weekends and during the summer. Canvas trainings have increased as a main focus of technology professional development with the transition to the new platform in progress since the summer of 2022. In addition, a huge emphasis on Learner Driven Instruction (LDI) has taken place district wide and at Antelope High School. DigiCOACH is a newly adopted teacher coaching platform used for informal classroom walkthroughs.

New staff gain initial awareness of district professional development priorities each year through the New Teacher Induction program led by Professional Learning Specialists. Content Teacher Leaders guide general staff professional development from each school site. Professional development includes but is not limited to; administrative and peer coaching, tracking and analyzing student learning results, targeted classroom instructional strategies that increase student engagement and applications of technology in the classroom. For the most part all teachers have developed and implemented Essential Learning Outcomes across the district. Teachers continue to revamp and adjust their curriculum to address evolving state frameworks and curriculum guides. Heads from each site in Science, specifically Biology, Chemistry, and Physics, are currently working together to update the Science framework and curriculum guides for each subject.
