NOTICE IS HEREBY GIVEN that the Roseville Joint Union High School District (RJUHSD or District) has completed an Initial Study for the following described project at the following location:

The District is the lead agency for the preparation and review of an Initial Study/Negative Declaration (IS/MND) for the proposed Roseville High School Improvement Project. The proposed project involves construction of a new 14,000-square-foot multistory classroom building, competition pool, outdoor dining patio and quad extension, tennis courts, and parking lot, and demolition of the existing 12,000-square-foot auxiliary gymnasium, 3,000-square-foot pool, and 180-square-foot pool building. A total of 18 portables located adjacent to the baseball field will be removed and one portable will be relocated for use as offices to accommodate a new parking lot. Removal of the portables will result in a net loss of four classrooms.

The Initial Study was completed in accordance with the District's Guidelines implementing the California Environmental Quality Act. This Initial Study was undertaken for the purpose of deciding whether the project may have a significant effect on the environment. On the basis of such Initial Study, the District Board of Trustees' staff have concluded that the project will not have a significant effect on the environment, and has, therefore, prepared a Draft Mitigated Negative Declaration. The Initial Study reflects the independent judgment of the District Board of Trustees.

1. The Project site is not on a list compiled pursuant to Government Code section 65962.5.

2. The proposed Project is not considered a project of statewide, regional or areawide significance.

3. The proposed Project will not affect highways or other facilities under the jurisdiction of the State Department of Transportation.

Copies of the Initial Study and Draft Mitigated Negative Declaration are on file at Placer County Clerk-Recorder's Office, 2954 Richardson Drive, Auburn, California 95603, and are available for public review. Electronic format of the document(s) are also available for public review at https://www.rjuhsd.us or by contacting Scott Davis, Director of Facilities Development at scdavis@rjuhsd.us or (916) 782-4707 ext. 1213.

The 30-day public review period for the Initial Study and Draft Mitigated Negative Declaration is from **April 15, 2024, to May 14, 2024**. Any person wishing to comment on this matter must submit such comments, in writing, to the District prior to **May 14, 2024**. Comments of all Responsible Agencies are also requested.

If the District Board of Trustees finds that the project will not have a significant effect on the environment, it may adopt the Negative Declaration/Mitigated Negative Declaration. This means that the District Board of Trustees may proceed to consider the Project without the preparation of an Environmental Impact Report. The District Board of Trustees will consider this item at a regular public meeting on May 28, 2024, at 6:00 PM.
