Please visit the RJUHS Digital Equity website at: bit.ly/digital-equity. You can find information about Chromebooks, Chromebook care & troubleshooting, Google Suite for Education info, the RJUHS Technology Toolkit, Student Privacy, and additional resources. There are resources on Digital Citizenship and why it's important for students.

If you do not have internet access at home, please contact your school administration or counselor as soon as possible. All schools have free wireless access. We can assist you in finding affordable internet. Comcast has programs starting at \$10/month (call 1-855-8-INTERNET). Our Digital Equity website also has maps that show where free WiFi is available (link above). We can also help you set your Chromebook to function offline.
