CONSENT AGENDA ITEM BOARD MEETING September 11, 2018

<u>TOPIC</u>: BOARD OF EDUCATION MEETING MINUTES

BACKGROUND:

The Open Meetings Act (the "Act") was adopted in 1967 with the sole intent of making governmental decision-making accessible to the public. (It was codified without substantive change as Government Code Chapter 551.) The "Act" requires meetings of governmental bodies (school district board of trustees) to be open to the public, except for expressly authorized closed sessions, and to be preceded by public notice of the time, place and subject matter of the meeting.

Section 551.021 of the Texas Government Code states that (a) A governmental body shall prepare and keep minutes of each open meeting of the body with the minutes containing the subject of each deliberation and indicating action taken on each vote, order or decision. Section 551.022 provides the minutes are public records and shall be available for public inspection and copying on request to the governmental body's chief administrative officer or designee.

In order to maintain compliance with Texas Code chapter 551 and the Texas Open Meetings Act, the Board must approve each set of minutes presented. Upon approval, the minutes can then be made available to the public as an official record of a given meeting.

STRATEGIC GOAL:

2-Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

- 1. Approve the Board Of Education Meeting Minutes
- 2. Decline to Approve the Board Of Education Meeting Minutes

CONSENT AGENDA ITEM BOARD MEETING SEPTEMBER 11, 2018

TOPIC: APPROVE AMENDMENT OF WIDE AREA NETWORK SERVICES (E-RATE ELIGIBLE)

BACKGROUND:

This item represents a budget amendment to increase allocation to reflect a twelve-month service period. The original amount submitted on the May 24, 2016 agenda item was for a ten-month period; this amendment is to add the two additional months of service. The Wide Area Network Service is the infrastructure that transports all data, telecommunications, and video between all FWISD sites and to and from the Internet. The District issued RFP 16-056, High-Bandwidth Wide Area Network Upgrade to provide increased bandwidth and comply with the E-rate program. The period of performance is from date of award through May 31, 2027 with the option to extend five (5) additional years.

Wide Area Network (WAN) Services are eligible for partial reimbursement under the FCC's E-rate program. If the application for reimbursement is approved, the District will receive a 90% reimbursement of the full cost. Both locations are eligible for the E-Rate reimbursement. In the meantime, the District is responsible for paying the full cost.

STRATEGIC GOAL:

2-Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

- 1. Approve Amendment of Wide Area Network Services (E-Rate Eligible)
- 2. Decline to Approve Amendment of Wide Area Network Services (E-Rate Eligible)
- 3. Remand to staff for further study

CONSENT AGENDA ITEM BOARD MEETING September 11, 2018

TOPIC: APPROVE AMENDMENT OF LEASE BETWEEN FORT WORTH ISD AND THE FORT WORTH STOCK SHOW & RODEO TO IMPROVE FARRINGTON FIELD PARKING FACILITIES AND TO EXTEND TERM OF LEASE

BACKGROUND:

Fort Worth ISD and Southwest Exposition and Livestock Show (SELS) entered into a lease agreement in January of 1992 for the use of parking areas at Farrington Field for the three-week period during January and February of each year coinciding with the annual Fort Worth Stock Show and Rodeo. Currently, the lease term expires at the end of the 2021 Stock Show.

Fort Worth ISD and SELS desire to amend the lease to extend the term 25 additional years and to provide for SELS to make improvements to the parking facilities, per the terms and conditions in the attached First Amendment. SELS agrees to renovate the Farrington Field southwest parking lot (concept plan attached) to provide 200 additional parking spaces, including any sidewalk connections, curbs, islands, and/or landscaping and lighting as required.

The District will reimburse SELS for one-half of the cost of the improvements through credits to the rental obligation. The Bass Foundation is providing a grant to SELS to apply toward the other half of the costs incurred. Under the amended terms, should the District terminate the lease prior to the expiration in 2046, FWISD shall pay Southwest Exposition and Livestock Show any remaining balance of the parking lot project costs.

STRATEGIC GOAL:

2- Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

 Approve Amendment of Lease Between Fort Worth ISD and the Fort Worth Stock Show & Rodeo to Improve Farrington Field Parking Facilities and to Extend Term of Lease
 Decline to Approve Amendment of Lease Between Fort Worth ISD and the Fort Worth Stock Show & Rodeo to Improve Farrington Field Parking Facilities and to Extend Term of Lease.
 Remand to staff for further study

CONSENT AGENDA ITEM BOARD MEETING September 11, 2018

TOPIC: INTERLOCAL AGREEMENT TO ACCESS TRINITY PARK

BACKGROUND:

Paschal High School received a grant from TCU's Andrews Institute of Mathematics and Science Education to conduct a survey of the turtles in the Trinity River. The primary investigator is science teacher Andrew Brinker. Research permits from Texas Parks and Wildlife Department, along with permits from Tarrant Regional Water District for access to the Trinity Trails. This innovative educational experience has been featured on multiple news outlets, and served as a professional development for science teachers last year. Four Paschal students have presented posters at both educational and scientific conferences. The goal of the project is to give FWISD students experience with hands-on science, and use the data to produce manuscripts and presentations.

The current agenda item is a three-year Interlocal Agreement to Access Trinity Park. The ILA will provide students and faculty access to restrooms, which we currently don't have at Rotary Plaza.

STRATEGIC GOAL:

1-Increase Student Achievement

ALTERNATIVES:

- 1. Approve Interlocal Agreement to Access to Trinity Park
- 2. Decline to Approve Interlocal Agreement Access to Trinity Park
- 3. Remand to staff for further study

August 9, 2018 Principal Investigator: Andrew Brinker re: Interlocal Agreement to access Trinity Park

In the fall of 2017, Paschal High School received a grant from the TCU's Andrews Institute to conduct a mark recapture study of the turtles in the Trinity River. Permits from both Texas Parks and Wildlife as well as Tarrant Regional Water District were obtained and the study began in October 2017. Students and faculty have caught, measured, marked and released over 500 turtles to date.

Towards the end of the school year we began working to secure an Interlocal Agreement with the City of Fort Worth that would provide participants with access to restrooms at Trinity Park (across from the Botanic Gardens). Dr. Mossige signed the agreement, although she resigned soon thereafter, and we have had to begin the process again. On June 19th I was told that students may no longer participate, and have been working diligently ever since to get our students back to the river to continue their research projects. We are hoping to have the ILA approved during the September 11th board meeting.

I have met with current principal Troy Langston, and he fully supports the Trinity River Turtle Survey. There will be no exchange of money between the City of Fort Worth and FWISD, and no city employees will be interacting with students. The purpose of the ILA is to provide students and faculty access to restrooms through access to the opposite side of the river from one of our current study sites (Rotary plaza near the Lancaster bridge).

The project has already resulted in three posters at scientific conferences with students as coauthors. FWISD Science department also requested we provide a professional development on the trade-off day last March, and we had nearly 20 science teachers from across the district being taught by students (featured on INSIDE FWISD). The project has also been featured on NBC, and resulted in a teaching award for Mr. Brinker.

If you have any questions or concerns please contact Mr. Brinker via email - Andrew.brinker@fwisd.org

Procurement Methods

The 2017 CIP will follow the 2013 CIP procurement process. Below are the three types of procurement processes.

Contractor Manager at Risk (CMAR) is a project delivery method that allows the owner to hire a contractor early in the design process and assist with value engineering, cost estimating and constructability reviews.

CAPITAL IMPROVEMENT PROGRAM

Job Order Contract (JOC) is a project delivery method commonly encountered to get projects done quickly for a wide variety of renovation, replacement and minor construction projects. This procurement method has a dollar amount that is capped by the State of Texas. Any JOC project that is over the amount of \$500K has to be approved by your BOE.

Competitive Sealed Proposal (CSP) is a project delivery method that offer the opportunity to select a contractor for projects based on best value instead of simply the lowest price. Contractors may be selected on reputation, relevant project experience, schedule and other criteria, including overall price. This delivery method happens when the drawings are 100% complete and we send out an advertisement to bid.

Communications

Website

Will be updated periodically depending on activity.

Historically Underutilized Business (HUB) Outreach

Krystal James has been in contact with contractors to inform them of upcoming projects in the 2017 CIP, gathering interest to bid projects.

The goal for the District is 25% which PROCEDEO has exceeded that goal up to date. Working with all local groups to get them to engage in our projects. Robbie Thompson is the HUB Director that has been involved in this process.

Student Engagement - College and Career Readiness

Robbie Thompson and staff coordinated a field trip on April 18th-20th to different architect and construction firms, to engage students and inform them of the field. Over 300 students attended from ten different high schools to this event. An opportunity to attend this event will be available next school year.

Curriculum and Instruction Equity and Excellence Campuses district-wide

RATIONALE:

Preparing ALL students for success in college, career, and community leadership means a FWISD graduate should independently be able to articulate ideas and exhibit behaviors that cultivate teamwork, critical thought, and the communication skills needed to function in a diverse workforce and global community. Needed to live up to this goal are increased opportunities for students to connect with the history of geo-cultural groups who have been traditionally underrepresented in state level standards.

In tandem with African and African American History and Culture resources developed in SY 207-18, the Latino/a American History and Culture deliverables will lay a foundation for

the purposeful infusion of multiple historical and cultural perspectives into the core curriculum. Through exploring multiple perspectives, students will cultivate critical thinking and literacy skills transferable to life beyond the classroom while growing socially and emotionally as they become equipped to better understand themselves and foster authentic relationships grounded in mutual understanding,

Deliverables resulting from the award of this contract are consistent with AE (LOCAL) and advance the district's broader ongoing equity work. Most directly, the deliverables respond to the following as per the local policy:

1. The District shall provide every student with equitable access to high quality, culturally and personally relevant instruction, curricula, support, facilities, and other educational resources, even when this means differentiating resources to accomplish this goal.

ACTION AGENDA ITEM BOARD MEETING September 11, 2018

TOPIC: APPROVAL OF DISTRICT TEACHING PERMITS FOR NON-CORE CTE COURSES

BACKGROUND:

The Texas Education Agency provides a provision in the Texas Education Code (§21.055) that allows districts to issue school district teaching permits without approval of the commissioner of education for "noncore academic career and technical education (CTE) courses" beginning September 1, 2015 (TEC §21.055 d-1). Currently, certified Health Science and Aircraft Technology teachers are difficult to find; however, we have an experienced health professional applicant and an experienced aviation mechanic who otherwise qualify for these positions. This request is to exercise the Board's option to issue District teaching permits to allow the District to hire Hogan Hammond and Rickey Hestilow into current vacant teaching positions. The current need for the Health Science program and the Aircraft Technology program is at North Side High School and Dunbar High School respectively.

STRATEGIC GOAL:

1-Increase Student Achievement

ALTERNATIVES:

- 1. Approve District Teaching Permits for Non-Core CTE Courses
- 2. Decline to Approve District Teaching Permits for Non-Core CTE Courses
- 3. Remand to staff for further study

SUPERINTENDENT'S RECOMMENDATION:

Approve of District Teaching Permits for Non-Core CTE Courses
