

Summer Assignments- AP World History- MARSHALL

Right now, you are a blank slate to me as a person and a student. I don't know a single thing about you. You could be a hard worker, someone who tends to procrastinate, or someone who knows they don't work to their full potential in class. Failure to complete summer assignments immediately gives your teachers a bad impression of your work ethic as a student. On the very first day I already have an impression of you as a student who is unwilling to complete the work necessary to be successful in an Advanced Placement class. Start with a positive impression by completing your summer assignments thoroughly and on time.

There are **TWO** summer assignments. BOTH assignments will be turned in to me COMPLETE on the first day of class. They are to be completed by hand, use the links to print if you lose a copy. THEY ARE **NOT** TO BE COMPLETED ONLINE OR DIGITALLY:

1. **Autobiographical Long-Essay-Question (LEQ)**: Both the outline AND your essay should be turned in together.

2. **Global Religious/Belief Systems Graphic Organizer**: You will be quizzed over these belief systems the first week of school. It's important that you have this complete.

Summer Assignment Resources

I'm sure your next question is: where can I find the information to complete the two graphic organizers? I have Google presentations made for all the empires and the belief systems are also included in those presentations. As you learn about the different empires, record what you learn about them and their belief systems on your handouts.

1. Qin and Han China- Confucianism Legalism Daoism
