

APPROVED EXTERNAL PROFESSIONAL LEARNING LIST 2023-2024

From time to time, teachers and other district staff may attend professional learning outside of Fort Worth ISD. We call this external professional learning or out-of-district professional learning. External professional learning includes conferences, training, seminars, and consultants, that provide professional learning to FortWorth ISD employees.

Principal and Supervisors

Principals and supervisors should use the Approved External Professional Learning List when planning external professional learning (conferences, professional trips, or consultants). Before entering a requisition, check the Approved External Professional Learning List. If the learning opportunity is not on the approved list, use the Pre-Approval Process for External Professional Learning found at <https://www.fwisd.org/Page/28149>. If you plan conference attendance, organize external learning for your staff, or use a service provider identified on the Approved External Professional Learning List, skip the pre-approval process.

Out-of-District Professional Learning (District Content FLEX Category)

If an out-of-district training is pre-approved by a Content Director or Executive Director for District Content FLEX, the course will be listed in Eduphoria.

The teacher is responsible for outside registration and related fees unless otherwise stated in the course description in Eduphoria. The District uses a process to pre-approve out-of-district professional learning for District Content FLEX. For more information, go to <https://www.fwisd.org/Page/28149>.

Out-of-District Professional Learning (Teacher-Selected FLEX Category)

In most cases, teachers who participate in external (out-of-district) professional learning will receive Teacher-Selected FLEX because most District Content FLEX hours are hosted internally by content area departments. Learning through an external provider WILL NOT BE APPROVED towards "District Content FLEX" without pre-approval from the appropriate Content Area Director or Executive Director. The professional learning must occur during off-contract hours throughout the summer, fall, spring, after school, on weekends, or on the 3 District FLEX Days identified on the Fort Worth ISD calendar.

To submit a certificate of completion for out-of-district professional learning for Teacher-Selected FLEX credit, go to <https://www.fwisd.org/Page/27170>. Certificates of completion for out-of-district professional learning should be submitted no later than two weeks after the event. The final date to submit out-of-district certificates is March 25, 2024.

Approved External Professional Learning List
