

SUMMER EBT

What is Summer EBT?

Summer EBT, or SUN Bucks, is a new permanent nutrition program authorized by the U.S. Department of Agriculture (USDA) to help families buy food for their school-aged children during the summer. SUN Bucks 2024 will provide a \$120 annual benefit to eligible children, via an Electronic Benefit Transfer (EBT) issuance by the Illinois Department of Human Services (IDHS) later this summer. More basic information on the new federal program is available on the USDA website at www.fns.usda.gov/sebt/household. Illinois is one of 36 states that have announced their intent to launch Summer EBT in summer 2024.

How do I enroll my child in SUN Bucks?

To be eligible, a child must be identified as direct certified due to participation in SNAP, TANF, income-eligible Medicaid (185% of the federal poverty guideline), or be identified as foster, homeless, migrant or be approved income eligible by submitting a program application. Work with your student's enrolling eligible school through the end of the school year to complete and submit either the Household Eligibility Application for school meals benefits or the Household and Income Form for eligibility determination. **A statewide Summer EBT application will be made available after the school year has ended. More details will be shared once they are available. Households are encouraged to ensure that the enrolling school has your current mailing address.**

Who should I contact if I have a question?

Your school can assist you with basic questions about Summer EBT. However, households should visit the DHS website (www.dhs.state.il.us/) for information about Illinois Summer EBT. IDHS will be setting up a customer help line at (833) 621-0737 to assist families. The agency will be able to assist with such things as the card distribution timeline, usage, allowable expenses, and lost or misplaced cards.
