

Bidding Procedures

This policy directs bidding by Mapleton Public Schools (the “District”). All contractual services, professional services, and purchases of supplies, materials, and equipment in the amount of \$75,000 or more will be put to bid. This does not apply, however, to contracts for instructional services or materials. Other purchases may be made in the open market but will, when possible, be based on competitive quotations or prices.

Competitive Selection

All contracts and all open market orders will be awarded to the lowest responsible qualified supplier, taking into consideration the quality of materials/services desired and their contribution to program goals.

The Board reserves the right to reject any or all bids and to accept that bid which appears to be in the best interest of the District.

Response Receipt and Opening

All bids must be submitted in sealed envelopes, addressed to the Board of Education, and plainly marked with the bid number and the time of the bid opening. Bids will be opened in public by appropriate District officials or employees at the time specified, and all bidders will be invited to be present.

Awarding a Bid

The bidder to whom an award is made will be required to submit to the District proof of liability insurance and when appropriate, proof of workers’ compensation insurance, and may be required to enter into a written contract with the District. Any written contract must include a provision requiring a criminal background check for any person providing direct services to students under the contract, including but not limited to transportation, instruction, or food services as required by law. The contracting entity is responsible for any costs associated with the background check.

Requirements for Written Contract

Any contract must include a provision that states that any of the district’s obligations for the construction and design of public works projects that are payable after the current fiscal year are contingent on money to pay the obligations being appropriated, budgeted, and otherwise made available to the district, subject to the requirements of C.R.S. 24-91-103.6.

Any written contract shall not include any of the below conditions or terms. If any of the below conditions are included in a written contract, that condition or term is considered null and void.

- Any requirement that the district hold harmless another person or entity;
- Any requirement that the district or contracting entity participate in binding arbitration or other extra-judicial process for dispute resolution;
- Any requirement that the district agree to limit liability of another person or entity for bodily injury, death, or property damage;
- Any waiver, alteration, or limitation of the application of the “Student Data Transparency and Security Act” or the “Colorado Privacy Act”;
- Any conflict with Colorado law or associated rules under state statute.
