## THE SCHOOL AND COMMUNITY

Western Hills High School first opened its doors on the campus of Arlington Heights High School in the fall of 1968 with 714 students crowded into thirteen temporary buildings. In January 1969, this student body proudly moved into its new home on a 25 acre tract in north Benbrook.

Today, the Western Hills community encompasses the urban area surrounding the school, the Benbrook City area, and the rural section west to the Tarrant County line. While our numbers are small, our faculty and staff work hard to offer a variety of course options for both college and career readiness including AP, IB and dual credit/enrollment courses.

**Mission Statement:** We are a diverse learning community dedicated to provide a challenging, collaborative and inquiry-based environment which builds positive habits of mind and develops compassionate, life-long learners.
