## Gold Seal Programs and Schools of Choice

### Public Service & Cybersecurity

Exciting, hands-on learning focused on Law Enforcement, Legal Services, and Emergency Medical Technician training

- Develop basic firefighter skills and train with professional firefighters at the Fort Worth Fire Academy
- Gain career and professional experiences by interning at local area law offices.

Real-world simulation experiences provided on campus

Partnered with MedStar, Acadian Ambulance, and Texas Health Resources

Certifications offered in Law Enforcement and Emergency Medical Technology

### Emergency Medical Technician

- Firefighters have the 3rd-highest ranked occupation in terms of prestige for a reason: they help people in times of need.

The Highlander Fire Science Technology Academy teaches how to control fires, provide emergency medical care and investigate the causes of fires and hazardous situations.

Upon completion of this program, students are eligible to take:

- CPR/First Aid
- Emergency Medical Technician (EMT), and
- FEMA-Incident Command Systems.

Students complete clinical rotations with MedStar, Arcadian Ambulance, JPS and Harris Hospital.

Certifications: Emergency Medical Technician (EMT), OSHA General 10-Hour, OSHA Healthcare 10-Hour

### Law Enforcement and Legal Services

- Criminal trial simulation: You and your team will master courtroom techniques as you try a challenging case – from preparing and examining witnesses to crafting and delivering a closing statement.
- Law school visit: You will learn firsthand what law school is like from admissions officers and current students.
- Guest speakers: You will meet with leading trial, jury, forensic and legal experts from top law firms, the Department of Justice, the court system, the FBI, Secret Service and local police departments.
- Students participate in the Fort Worth Explorer program.

Opportunities: 911 Dispatch Certification, Internships at local law offices.

### Collegiate Academies: Pathways in Technology (P-TECH): Cybersecurity

•Provide students grade 9 through 12 the opportunity to complete a course of study that combines high school and post-secondary courses.

•Enable students to earn a high school diploma, an associate degree, a two-year post-secondary certificate or industry certification, and complete work-based training.

•Allow students to gain work experience through an internship, apprenticeship, or other job training programs.

•Partner with Texas institutions of higher education (IHEs) and regional businesses and industries, giving students access to post-secondary education and workforce training opportunities.

### Industry Partners: McAfee

- Top-rated Malware Detection and Industry Recognition
- McAfee Personnel: Mr. Daniel Huff
