3. A working email address is required to create an account. The email address should be a family email address that is checked regularly. It cannot be a student's FWISD email address (stu.org) assigned to them by the district. There is a link on the application that will assist you with creating an email address if you do not have one.
4. Falsifying information on the Choices application will invalidate it, and the student's application will be excluded from the selection process.
