November 18, 2020

Dear Parents and Guardians of Kindergarten and Grade 1 Students,

The Technology Department is currently setting up Chromebooks for students in Kindergarten and Grade 1. If your child does not currently have a District assigned Chromebook, he or she will be receiving one for use in school and at home in the coming weeks. If you have not already completed a Chromebook agreement, please do so and send it into your child's school to the attention of the Computer Aide. You can find a copy of the agreement on the [District website here](#).

Students that are attending school in-person will receive the Chromebook in class. Students on remote learning will be contacted to arrange for a time that the Chromebook can be picked up from school.

If you are in need of technical support after you receive the Chromebook, please use our Student Technology Help Desk linked on all school websites or [by clicking here](#).

Sincerely,

David Gee
Director of Technology
