Welcome to the new school year!

As we all know, this year will have a different look to it. It is our goal to make sure there is a strong school-community connection with our Tuskers

Last year we were able to bring many of our programs to students with modifications. The PTA will continue to work with administration to bring our programs to students within district guidelines.

At the beginning of the school year, units will be having their PTA meetings virtually. While this is different than what we are used to, we are excited to be able to welcome many parents who may not under normal circumstances be able to attend. Should guidelines change, units will re-evaluate how to hold their meetings.

PTA membership and dues support your child by funding essential educational and curriculum needs; advocating on behalf of children and educators at the local, state, and national levels; and building an inclusive school community for all families.

We invite you to join the PTA for your child because increasing our membership, by even one, makes it possible to provide important educational resources, speak up on important issues and create a stronger school community. There is no wrong or right way to be involved – anything you can give, whether its time or money or attending a PTA meeting will support your child's potential.

Please visit the PTA website and choose the school your child is enrolled in or SEPTA to get meeting dates. Each unit PTA website will have how you can join the PTA.

Please sign up for PTA emails by filling out this form with your name and email and check off your students grade – can do all children on one form. If you belong to SEPTA, please check that box too.

We are confident that our Tusker Community will come together to make this an amazing school year! We look forward to meeting you all as we work together to support our children and the staff in our schools.
