

# AP Statistics

Welcome to AP Statistics!

I look forward to beginning the new school year in August. There is summer work for this class.

I will email each of you when the online version of the 7<sup>th</sup> edition of The Practice of Statistics for AP is available. Please check your email beginning June 19 for directions. You will pay the school and I will give you an access code. When I send the access code, I will also send: Formula Sheets, Summer assignment and the book assignments for the year.

May the odds be forever in your favor.

Peace,

Mrs. Douglass
