Thursday, May 30th

Final Exams Assembly 4 & 5 Schedule

Today, Thursday we will have Exams for Periods 4 & 5. Following the Period 5 Exam we will have our “End of Year Assembly” to introduce our new ASB Officers for next year and hear more specific information about registering for summer school and the required summer reading for your English Class. Dismissal on Thursday will be at 12:30pm following our “Year End Assembly” in the Gym.

On Friday, we will end the year with Final Exams for Periods 6 & 7. On our last day of school we will have an Early Dismissal at 11:30am following Period 7.

During exam week, the library will be used for studying only. We want to ensure a quiet and productive environment. Please note that no gaming is allowed during this period.

Good luck on your exams.

Ms. Modesto wants freshmen, sophomores and juniors to know that if you failed a class last semester or unfortunately will fail a class this semester, you **MUST** attend summer school here at Cathedral in order to return next year. In addition, while you’re encouraged to also make up D grades to remain eligible to apply to a four-year college or university your senior year, you do have the option to make up D grades at another school or approved online provider.

If you are planning to make up D's this summer at a school other than Cathedral, you must get approval in advance from Ms. Modesto. **DO NOT** sign up for any summer school class

without Ms. Modesto's Approval. Failure to get approval from Ms. Modesto in advance may result in Cathedral not accepting these classes for credit.

If you're thinking about making up D grades at another school or online provider, see Ms. Modesto soon by no later than our last day of school on Friday, May 31.

Freshmen, sophomores and juniors also need to remove whatever you have inside a locker in the Gym locker room! Starting today all items left behind will be removed and thrown away. Even if you are currently on a team or practicing for a team, you need to remove whatever is inside a locker.

Once everything is removed and cleaned you can be re-assigned a new locker, but for now all lockers need to be cleared out in the locker room.
