Budget for School Board Adoption and Deliberative Session

The GWRSD budget is up for adoption at the January 8th, 2024 board meeting and the deliberative session is scheduled for February 3rd, 2024, at 10 am at the Kingswood Arts Center. Your engagement in this process is invaluable, and we appreciate your continued support in fostering educational excellence within our community.

Portrait of a Learner

The POL committee will convene for its third session, facilitated by the New Hampshire Learning Initiative, on February 7th. During this session, our focus will be on determining the next steps in our collaborative endeavor to identify and refine the key attributes that best encapsulate the Portrait of a Learner for our district as we will have student responses as previously approved by the Board.

In our earlier stages, we have successfully distributed the survey to our dedicated staff and engaged parents, receiving thoughtful and constructive input that will undoubtedly inform our evolving educational priorities. This initiative is integrated into our broader strategic planning efforts, reinforcing our commitment to delivering an education that not only meets current needs but also prepares our learners for the dynamic challenges and opportunities that lie ahead. I extend my appreciation to the entire community for your continued engagement and contributions as we collectively shape the future of education in our district.

GWRSD Committee Meetings

The Academic Affairs Committee will meet on January 16th. This meeting will focus on the fall updates from the New Hampshire School Boards' Association (NHSBA) to required and existing policies as we near completion of our full review of the policy manual. The committee's goals are to ensure that all of our policies are consistent with New Hampshire law and reviewed on a regular basis.

The Building & Maintenance Committee will meet on January 18th. This meeting will focus on the ESSER III project status and the Security Action for Education (SAFE) grant projects across the district among other facility-related agenda items.
