Program Details

**JACKSON CO SCHOOL DIST (3000) Public District - FY 2020 - Elementary and Secondary School Emergency Relief - Rev 1 - Elementary and Secondary School Emergency Relief**

\* 1. Please describe how your LEA identified the most important educational needs resulting from COVID-19?

The JCSD convened several meetings at the onset of school closures due to the COVID-19 pandemic. Weekly Administrative Team meetings have been held, which included the following personnel members: Superintendent, School Board president, Curriculum, SPED, CTE, CNP, Federal Programs/Student Services, Business, HR, Technology Directors, and all 13 school principals. Moreover, a smaller group meeting was completed after receiving knowledge of the distribution of CARES funds for local LEAs. Representatives from all three attendance centers, along with the JCSD Business manager, Assistant Business Manager, SPED Director, JCTC CTE Director, Curriculum Director, and Federal Programs Director met and discussed several needs to include the need to provide compensatory education for students with IEPs, a need to remediate all students' academic gaps, and technologies needed to ensure that students had access to academic content using a variety of methods. In later meetings, safety and health concerns were discussed and it was concluded that JCSD had a need for a certified registered nurse to benefit all three attendance centers.

\* 2. Please share your LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.

Upon receiving the FY20 ESSER funds, JCSD will hire after school and day tutors, interventionists, and nurses. These personnel members will begin providing services at the start of the 2020-2021 school year for all students in all three attendance centers. Additionally, educational technology and intervention software and/or renewals will be encumbered as soon as the FY20 ESSER application is approved and funding is available in preparation for the beginning of school. During the first week of school, diagnostic assessments will be administered to all students in grades K-12, and intervention groups will be formed to meet the academic needs of all students. All interventions will be provided to all students throughout the 2020-21 school year. If carryover funding is carried over and available for personnel during the 2021-22 school year, intervention/remediation services and any other ESSER-funded activities will continue. Funding will also be utilized to ensure that CDC and/or MDE distancing guidelines are being met, such as the development of outdoor classrooms and other technologies that reach several students in a larger space.

\* 3. Describe the extent to which your LEA intends to use ESSER funds to promote remote learning.

Currently, all teachers will engage in Summer training to develop curriculum for an online Learning Management System. Laptops will be purchased for teachers to utilize remotely to administer curriculum to students online. Moreover, student laptops will be purchased to ensure that all students have access to technology to increase learning. Teachers will also participate in professional development opportunities that increase overall teacher efficacy in technology usage and their ability to effectively use technology to deliver creative, meaningful instruction in an online learning environment. Technologies will also be purchased for to improve distance learning STEAM opportunities for students.

\* 4. How will your LEA assess and address student learning gaps resulting from the disruption in educational services?

JCSD will assess each student at the beginning of the 2020-2021 school year using various diagnostic tools, and re-assess them during the 2021-2022 school year if carryover ESSER funds are available for usage. Once students are assessed and academic gaps revealed, local schools will form intervention groups and assign interventionists and/or tutors appropriately. Additionally, after school tutors will also be utilized to provide compensatory and remedial services.

\* 5. Describe how your LEA will ensure that all eligible students, teachers, and other program beneficiaries have an equal opportunity to participate in any project or activity carried out under the ESSER program. (20 U.S.C. §1228(a)(1))

All students, teachers, and other program beneficiaries will have equal access to technology, nursing services, professional development opportunities to improve intervention and technology usage effectiveness, all remediation/intervention services and any other service/activity utilizing ESSER funding. All schools in the Jackson County School District will utilize ESSER funds for various services, personnel, or projects.

\* 6. Describe how your LEA will promote the expectations of meeting high standards to students, teachers, and other beneficiaries. (20 U.S.C. §1228(a)(2))

All local school principals have developed academic intervention plans with an outlined monitoring explanation to ensure that rigor and relevance is maintained during all intervention/remediation services. Teachers will also continue to promote the overall academic development of all students using their online platforms to communicate with parents and students to address instructional deficits and meet the academic needs of students.

**JACKSON CO SCHOOL DIST (3000) Public District - FY 2020 - Elementary and Secondary School Emergency Relief - Rev 1 - Elementary and Secondary School Emergency Relief**

\* Any applicant, other than a State educational agency that submits a plan or application under this Act shall have on file with the State educational agency a single set of assurances, applicable to each program for which a plan or application is submitted, that provides that-

1. ESSER funds will provide equitable services to students and teachers in non-public schools as required under 18005 of Division B of the CARES Act.

2. LEAs receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.

- a. The LEA will maintain control of funds for the services and assistance provided to a non-public school under the ESSER Fund.
- b. The nonpublic school will have no title to materials, equipment, and property purchased with ESSER funds.
- c. Services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

3. LEA and any other entity that receives ESSER funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

4. The LEA will comply with all reporting requirements, including those in Section 15011(b)(2) of Division B of the CARES Act, and submit required quarterly reports to the MDE at such time and in such manner and containing such information as the MDE may subsequently require. (See also 2 CFR 200.327-200.329). The MDE may require

additional reporting in the future, which may include: the methodology LEAs will use to provide services or assistance to students and staff in both public and non-public schools, the uses of funds by the LEAs or other entities and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.

5. Every recipient and subrecipient of ESSER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the MDE, USDE and/or its Inspector General; or (ii) any other state contractor, federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

6. The LEA must recognize that SEA approval of an application does not relieve the LEA of its responsibility to comply with all applicable requirements.

7. ESSER funds will be coordinated to provide services and supports with other federal education programs, including but not limited to IDEA, ESEA, Carl E. Perkins Act of 2006, and the McKinney-Vento Homeless Assistance Act.

(A) the project is not inconsistent with overall State plans for the construction of school facilities, and

(B) in developing plans for construction, due consideration will be given to excellence of architecture and design and to compliance with standards prescribed by the Secretary under section 504 of the Rehabilitation Act of 1973 in order to ensure that facilities constructed with the use of Federal funds are accessible to and usable by individuals with disabilities;

8. ESSER funds must be administered in accordance with the Uniform Administrative Requirement, Cost Principals, and Audit Requirement for Federal Awards (2 C.F.R. Part 200) and the Education Department General Administrative Regulations (EDGAR).

9. SEC. 442. 20 U.S.C. 1232e(b)

The following general assurances apply to this application:

(1) that the local educational agency will administer each program covered by the application in accordance with all applicable statutes, regulations, program plans, and applications;

(2) that the control of funds provided to the local educational agency under each program, and title to property

acquired with those funds, will be in a public agency and that a public agency will administer those funds and property;

(3) that the local educational agency will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, Federal funds paid to that agency under each program;

(4) that the local educational agency will make reports to the State agency or board and to the Secretary as may reasonably be necessary to enable the State agency or board and the Secretary to perform their duties and that the local educational agency will maintain such records, including the records required under section 443, and provide access to those records, as the State agency or board or the Secretary deem necessary to perform their duties;

(5) that the local educational agency will provide reasonable opportunities for the participation by teachers, parents, and other interested agencies, organizations, and individuals in the planning for and operation of each program;

(6) that any application, evaluation, periodic program plan or report relating to each program will be made readily available to parents and other members of the general public;

(7) that in the case of any project involving construction -

(8) that the local educational agency has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects; and

(9) that none of the funds expended under any applicable program will be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization.

10. This application remains in effect for the duration of the program. The LEA will submit a revision to the application if any budget changes are required in accordance with the MDE revision process.
