

## Senior Chromebook Options

Seniors have the option to retain their Chromebook or return it. In either case, the form below needs to be turned into the front office. Seniors returning their device are to turn it in with this form to the FRONT OFFICE ONLY. Do not leave in locker or in a classroom.

**IMPORTANT NOTE:** If you are keeping your Chromebook, the device will be removed/deprovisioned from the MASD Google domain. Please make sure you create your own Google account because once the device is deprovisioned, you will need to log into it with your personal Google account. MASD will no longer manage the device. Also we strongly suggest that you share any MASD Google or Onedrive files you might wish to retain to your personal Google account.
