

24-25 School Level Improvement Plan

School Name: Oakdale Middle School	LEA #:0405039	Building Principal: Martin Resendiz
--	----------------------	---

District Goals:

All schools will meet their individual building goals focused on weighted achievement, growth, 3rd grade reading, post-secondary readiness, and graduation rate as measured by summative assessments.

Comprehensive Needs Assessment

Areas of Strength: (school adds data statements based on most relevant data)

We have adopted high quality instructional materials in Science, Mathematics, Social Studies, Reading and English Language Arts. Each of these curriculums give students access to content tied to the essential standards. The scope and sequence should be paced according to the curriculum development and a progression of learning that connects one piece of learning to the next

Areas of Improvement: (school adds data statements based on most relevant data)

In comparison to state testing in 2022-2023 and 2023-2024, the following students showed a decrease in math test scores - Economically Disadvantaged, English Learners, and Students with Disabilities.

In comparison to state testing in 2022-2023 and 2023-2024, the following students showed an increase in ELA test scores - Economically Disadvantaged, English Learners, and Students with Disabilities.

Building Goal: *100% of students will perform at a minimum of 70% in their Common Formative Assessments*

Health & Wellness Priority: RPS supports providing physical activities, nutrition education and a healthy school environment that promotes student wellness. The schools will follow all state and federal laws regarding student health, nutrition and wellness and the Arkansas Rules Governing Nutrition and Physical Activity Standards in Arkansas Public Schools. RPS has a district health and wellness committee that meets quarterly. Each school has a wellness committee that annually creates goals and actions centered on nutrition, physical activity, and professional development for staff. Schools measure progress made in attaining the goals in the local wellness policy using BMI data, SHI, and SLIPs.

Evaluation Process: Each school will conduct quarterly evaluations of its School Level Improvement Plan to monitor progress and adjust actions as needed. Additionally, each school will host an annual spring stakeholder meeting to assess its plan's overall effectiveness and inform necessary revisions for the upcoming school year. This review, involving various stakeholders, will include a thorough examination of goals, action steps, and comprehensive data analysis.
