# Annual Information Session for Public Schools

# What is College Credit Plus?

## College Credit Plus is Ohio's dual credit program

- ❖ Students can earn high school and college credit at the same time
- ❖ Ohio residents in grades 7-12; enrolled at a public/private high school or homeschooled
- ❖ Take a variety of courses at any public and participating private college in Ohio
- ❖ Courses held at the high school, on a college campus, or online

# How can students participate?

## Step 1: Eligibility

- ❖ A student is eligible for the College Credit Plus program if the student meets any of the following criteria:
  - ❖ Obtains a remediation-free score on one of the standard assessment exams
  - ❖ Has a cumulative unweighted high school grade point average of at least 3.00
  - ❖ Has a cumulative unweighted high school grade point average of at least 2.75 but less than 3.00 and received an "A" or "B" grade in a relevant high school course.

# How can students participate?

## Step 2: College Admission

- ❖ Students must apply for admission at each institution
  - ❖ Admission is reviewed per the requirements of the college or university; contact the college to find specific information
- ❖ College applications include the permission slip for mature content and a questionnaire about emotional maturity
- ❖ Colleges have the final decision on student admission

# How can students participate?

## Step 3: Course Registration

- ❖ The college will discuss course options with the student, based on assessment scores, prerequisites, and other requirements
- ❖ School counselors can help students understand graduation requirements and CCP course substitutions
- ❖ High schools and colleges develop 15 and 30 credit hour pathways to help you determine your plan

# Course Eligibility Rules

Students must complete their first 15 credits in Level I courses, which include:

- ❖ Transferable courses
- ❖ Courses in IT, Computer Science, Anatomy & Physiology, foreign language
- ❖ Courses that are part of a technical certificate
- ❖ Courses that are part of a 15- or 30-credit pathway
- ❖ Courses in study skills, academic or career success

# Course Eligibility Rules

## Non-allowable courses include:

- ❖ Private applied courses with one-on-one instruction (such as performing art lessons)
- ❖ Courses with high fees
- ❖ Study abroad courses
- ❖ Physical education courses
- ❖ Pass/Fail graded courses
- ❖ Remedial courses or sectarian/religious courses

# How many classes can students take?

Students may be enrolled in up to 30 credits per year, which includes high school courses:

- ❖ Calculation:  $30 - (\text{HS units} \times 3) = \text{max CCP credit hours}$
- ❖ The maximum number of college credits a student can complete while participating in the program is 120
- ❖ If a student enrolls in more than 30 credits for the year, they can:
  - ❖ Drop the course prior to the no-fault withdrawal date
  - ❖ Pay for the entire course at the college's standard rates (Option A)
- ❖ **Families are ultimately responsible for monitoring over hours calculations. This calculation uses both college and high school classes. You can ask the MVCTC Academics Supervisors for assistance with this calculation.**

# Additional Considerations

## Grades

- ❖ The final grades earned in the college course are the same grade that will be on the high school transcript
  - ❖ CCP course grades will be factored into the high school and college GPAs

## Grade Weighting

- ❖ High schools must weight all advanced standing courses in a subject area consistently (CCP, AP, IB, Honors)

# Additional Considerations

## Selective Service

- ❖ Male students who are at least 18 years of age and Ohio residents are required to be registered with the Selective Service System
- ❖ Students are required to provide their Selective Service number to the public college or university within 30 days of their 18th birthday
- ❖ Failure submit the Selective Service number will result in the student not being considered a College Credit Plus participant for that semester or term
  - ❖ The student will be responsible for any tuition, textbooks, or fees associated with the course(s)

# What are differences between high school & college?

	High School	College
Study Time	Required homework ranges between 1-3 hours per day	2-3 hours of studying/reading for each hour of class
Knowledge Acquisition	Information provided mostly in class, assignments to follow what was covered	Out-of-class work in advance of in-class discussion
Tests	Given weekly or at the end of each unit	Less frequent and cover more material

# What are differences between high school & college?

	High School	College
Grades	Numerous quizzes, tests, homework assignments, etc.	Fewer tests and few homework assignments
Role of Parents/Guardians	Guardians advocate, involved and work with teachers & counselors	Student has more responsibility; guardians more of a mentor/support
