

SUMMER IPAD CARE

With keeping your iPad over the summer, please continue to use it in a responsible manner.

DO:	DO NOT:
Keep your iPad charged.	Loan it to anyone else.
Periodically check it to make sure it is working correctly.	Keep your iPad in a hot car or out in the sun for a long period of time.
Keep your iPad in a secure location.	Do not leave it dead at 0% all summer long.
Bring your iPad ready for use on the first day of School.	Take it out of the case or peel off the asset tag sticker.

If your iPad is damaged over the Summer...

- Email summertechhelp@hudson.k12.oh.us for assistance.
- Someone will reach out to you for next steps.

You are Responsible for Your Device.

These iPads are to be used for educational and professional purposes. The student is responsible to keep the iPad safe and secure from loss and/or damage. Fees for loss or damage to the iPad will be assessed.

How to clean your iPad.

- Power off the device.
- Use a soft, slightly damp, lint-free cloth.
- Avoid moisture in openings.
- Do not use glass cleaners or household cleaners.
