

Welcome to Foundations of Algebra 1 2024

Your summer assignment includes practice problems that review M.S. math topics and beginning pre-algebra topics. It is expected that you complete these assignments and are ready for a test on the *third* day of school.

Algebra Binder Requirement: It is required that you get a **large** binder (at least 2 inches thick) with three (3) sections with dividers. Fill up your binder with lined paper & graph paper!!!

Section 1 – Notes/Homework/Handouts

Section 2 – Vocabulary pages (added below)

Section 3 – Tests, Projects, and Quizzes

In addition, you will need a zippered pouch with three holes that will hold your materials in your binder. Please include the following tools:

1. At least 6 pencils
2. A few colored pencils.
3. TI-83 or higher graphing calculator.
4. Ruler (cm and inches, could be small)
5. Lined paper

Your summer assignment (FOLLOW THESE DIRECTIONS):

- Go to <https://www.deltamath.com/students?code=SJ3V-7YW7> and sign into DeltaMath by registering with Google using your school email.

If you have any trouble accessing your assignment, email gmitesser@nwr7.org. Do NOT wait until the night before the first day of school to start the assignment because:

1. That will not be enough time
2. I won't be able to help you if you have trouble.

KEEP A NOTEBOOK OF ALL OF YOUR WORK! YOU MAY BE ASKED TO TURN IT IN OR IT WILL BE PART OF A NOTEBOOK CHECK.

- On the third day of school, you will have a test on the summer assignment material. Those first two days are not enough time to review everything. Any questions, e-mail gmitesser@nwr7.org (Mr. Mitesser) or jbarry@nwr7.org (Mr. Barry).
