Last IMPORTANT Task for Seniors:

Every senior who will be attending college in the fall must verify where they plan to enroll on their Naviance account.

This last step is highly important as it allows us to send your final transcript to the correct institution. Without completing this step, students will not be permitted to partake in orientation programs or select courses.

Click on your 'colleges' tab and scroll to the bottom of your list of schools. Look for Set Attending College; select your college; hit update button.

Also, New York State finishes classes later than most states. Many colleges will send emails stating our transcripts are late. Please ignore these 'robo' emails as final transcripts are sent when grades are verified during the first week in July. *Please do not worry!*

Letting Go:

Tips for Parents of New College Students

- ♦ Recognize your child's conflicting emotions.
- ♦ Take comfort in knowing that part of you is going with your child.
- ♦ Do not tell your child...*"Theses are the best years of your life."*
- ♦ Be prepared to see less of your child this summer.
- ♦ Make a financial plan and discuss expectations with your child.
- ♦ Discuss academic goals prior to classes beginning.
- ♦ Send surprise care packages.
- ♦ Be a coach rather than trying to solve every problem.
- ♦ Acknowledge that the start of college can be difficult and that it's not a life sentence.
- ♦ Inquire about courses rather than grades.

Attention Rising Seniors!

Summer Jump-Start Your College Applications!

Student feedback has proven that procrastination with the college application process has resulted in much higher stress levels for both student and parents! Completing the majority of your college application workload over the summer will result in a smoother start to your senior year...and a much happier household!!

Tips on What to DO this Summer:

The **MOST** important part of this entire process is applying to appropriate colleges! Summer is the ideal time to continue researching colleges and narrowing down your final list to include roughly 10 colleges.

Tip #1: You want this process to be successful! A healthy guideline to follow consists of:

- 2 reach colleges
- 6 target colleges
- 2 safety colleges

The **COMMON APP** student profile rolls over on **August 1st** to the 2025 application. At this point, students will verify the application started prior to the roll over and can answer the individual college questions. ***All juniors have created an account and completed the personal data section prior to leaving Hewlett High School .***

Tip #1: If your college does not appear under the Common App, go directly to their website and click 'admissions' for direction on how to apply.

Tip #2: Always use proper grammar and capitalization throughout the entire application. No abbreviations or text message language of any kind!

Tip #3: There is ONE main essay question required for your Common App colleges. **Get Started NOW!!** The college essays holds up the process for most students – and it also causes the most stress!!! **Click here** to view the common app essay questions.

More Essays! Do NOT think that there is one essay and you're done! When you link your colleges to the Common App, supplemental 'College Questions' appear. This additional application will ask for specific information regarding the selected college and may ask for additional essays specific to their school!

Tip #4: Get the Common App essay out of the way!!!! Come August— more work is headed your way!

Tip #5: Many colleges post their supplemental essays on their websites. Check them out now.

College Essay Guy: **Free** summer workshop on how to create a great college essay. [Click here to register!](#)

Stay Organized: Create a spreadsheet that lists all the colleges you are researching. Collect data that is important to you such as deadline dates; # of students; tuition cost; majors available; and more. This will allow you to easily compare one college to another. Once you hit the submit button, it is your responsibility to keep track of your login codes. Each school will send

you a unique code to track your application status. You can add your login information to the spreadsheet as well.

Tip #6: Stay organized by breaking tasks down into manageable increments.

Common App/Essay Review: August 26th @ 10:30 a.m.—12:30 pm. College admissions reps will sit individually with students and offer feedback on college essay drafts! Mrs. Harrison will be hosting a Common App review drop-in workshop during this time.

Senior-Year Timeline: September 9th @ 7:00 p.m. Dr. Greenberg and Mrs. Harrison will host this program that overviews the many events during senior year, including the college application process, senior year obligations, and end-of-year events.

HHS Summer School Information:

Students who fail either a required course for graduation or a NYS Regents exam will be notified no later than **June 27th**. At that time, options will be presented, which will include Summer School at **Woodmere Middle School**, which runs from July 9th – August 15th (Regents exams: August 19 – 20).

THREE required courses can be taken during this time. Course enrollment is for **credit recovery only**—no student will be permitted to enroll for accelerated coursework.

Attendance is mandatory and monitored very closely (**no more than 2 absences are allowed**).

Denied Credit Due to Absences:

Reminder of Attendance Policy and DCA procedures:

- ◆ Semester Course: No more than 12 absences
- ◆ Full Year Course: No more than 24 absences
- ◆ 3 latenesses = 1 absence
- ◆ The Parent Portal has up-to-date record of total # of absences (manually include latenesses)

DCA Appeal Process:

- ◆ Pick up paperwork at the Attendance Desk
- ◆ Deliver form to teacher of the DCA class
- ◆ Submit your completed form to Mrs. Murray in Assistant Principal's Office
- ◆ Any DCA related questions should be directed to:
Mrs. Jacobsen (Grades 9 – 11)
Mrs. Canny (Grade 12)

Attention Seniors with a 504 Accommodation Plan

Transitioning out of high school and into college is exciting, however at the same time is a change from what the student is used to. Students are used to parents, teachers, and counselors making sure the student receives the necessary services and accommodations to help them meet with success. In the post-secondary world, services and accommodations are completely accessible, however the student has to initiate the process and follow up to ensure they are carried out.

As the Transition Coordinator for the District, I would like to assist graduating students who have a 504 plan in high school to initiate the process of accessing accommodations at the college they plan to attend this fall. Once you know where you will be attending, please schedule an appointment with me and we can start the process of contacting the students with disabilities office. I will assist you with the process and answer any questions you may have.

My office is located in the PPS office of G.W Hewlett High School. Feel free to stop by, call 516-792-4161, or email mkinhackl@hewlett-woodmere.net to schedule an appointment. You can meet with me individually or your parent and/or guardian are more than welcome to attend. Feel free to call me with any questions. I look forward to helping you in your transition to college.

Thank you, *Michelle Kinhackl, MA, CRC*
Transition Coordinator

The Pupil Personnel Office wishes you and your family a safe and productive summer!

Take time to truly enjoy your friends and family over your much deserved summer vacation!

Happy Summer 2024!!
