Mission of Excellence

*We, at Raul H. Yzaguirre Middle School, are committed to facilitate instruction by a highly qualified staff in a supportive learning environment where all students will experience success. Our students will develop a life-long love for learning, think critically, develop pride and self-respect, and will acquire democratic values as they progress towards becoming productive citizens. Together, we will continue in –
Transforming with a **BOLD** Vision.*

Vision of Excellence

At Raul H. Yzaguirre Middle School, we work together towards a common vision of providing quality, learning-centered instruction utilizing effective innovative teaching strategies and technology advancements that will nurture a diversity of individual differences within students. Cooperative efforts for all stakeholders are necessary to ensure that our goal of student achievement will indeed become a reality.

What We Believe In

Guiding Principles

- Prepare your Self
- Act Respectfully
- Work Together
- Safety First

Title I, Part A
School wide Components:

- 1. A comprehensive needs assessment of the entire school(including taking into account the needs of migratory children as defined in section 1309(2)) that is based on information which includes the achievement of children in relation to the State academic content standards and the State student academic achievement standards described in section 1111(b)(1).**
- 2. School wide reform strategies that provide opportunities for all children to meet the State's proficient and advanced levels of student academic achievement, use effective methods and instructional strategies that are based on scientifically based research, and that include strategies to address the needs of all children in the school, but particularly the needs of low-achieving children and those at risk of not meeting the State student academic achievement standards who are members of the target population of any program that is included in the school wide program.**
- 3. Instruction by highly qualified teachers.**
- 4. In accordance with section 1119 and subsection (a)(4), high-quality and ongoing professional development for teachers, principals, and paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff to enable all children in the school to meet the State's student academic achievement standards.**
- 5. Strategies to attract high-quality teachers to high-need schools.**
- 6. Strategies to increase parental involvement in accordance with section 1118, such as family literary services.**
- 7. Plans for assisting preschool children in the transition from early childhood programs, such as Head Start, Even Start, Early Reading First, or a State-run preschool program, to local elementary school programs.**
- 8. Measures to include teachers in the decisions regarding the use of academic assessments described in section 1111(b)(3) in order to provide information on, and to improve, the achievement of individual students and the overall instructional program.**
- 9. Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement standards required by section 1111(b) (1) shall be provided with effective, timely additional assistance which shall include measures to ensure that student difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.**
- 10. Coordination and integration of Federal, State, and local services and programs, including programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.**
