## INDEPENDENT AUDITOR'S REPORT

To the Members of the School Administrative Unit Board School Administrative Unit No. 70 Hanover, New Hampshire

## Report on the Audit of the Financial Statements

## **Opinions**

We have audited the accompanying financial statements of the governmental activities and major general fund of the School Administrative Unit No. 70 as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School Administrative Unit's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major general fund of the School Administrative Unit No. 70, as of June 30, 2022, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the School Administrative Unit No. 70 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

The School Administrative Unit's No. 70 management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Administrative Unit's No. 70 ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## School Administrative Unit No. 70 Independent Auditor's Report

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
  in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Administrative
  Unit's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Administrative Unit's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

## Change in Accounting Principle

As discussed in Note 2-A to the financial statements, in the fiscal year 2022, the School Administrative Unit adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

**Required Supplementary Information** – Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

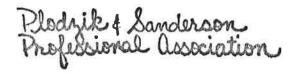

- Management's Discussion and Analysis,
- Schedule of the School Administrative Unit's Proportionate Share of Net Pension Liability,
- Schedule of School Administrative Unit Contributions Pensions,
- Schedule of the School Administrative Unit's Proportionate Share of Net Other Postemployment Benefits Liability,
- Schedule of School Administrative Unit Contributions Other Postemployment Benefits,
- Schedule of Changes in the School Administrative Unit's Total Other Postemployment Benefits Liability and Related Ratios, and
- Notes to the Required Supplementary Information

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information** — Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Administrative Unit No. 70's basic financial statements. The individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

June 26, 2023 Concord, New Hampshire

## SCHOOL ADMINISTRATIVE UNIT #70

Administrative Agent for the Hanover, New Hampshire; Norwich, Vermont; and Dresden Interstate School Districts

## Management's Discussion and Analysis (MD&A) of the Annual Financial Report for The Year Ended June 30, 2022

The Superintendent of Schools and Business Administrator of School Administrative Unit (SAU) #70 offer readers of the SAU's annual financial statements this narrative discussion and analysis of the financial activities of the SAU for the fiscal year, which ended June 30, 2022. This discussion and analysis is prepared in accordance with the provisions of the Governmental Accounting Standards Board Statements 34 (GASB 34) and 68, as well as recently adopted GASB Statement 75. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the annual audited report.

In New Hampshire, the State legislature created School Administrative Units as a means of providing professional management support for groups of the many small school districts throughout the State. SAU 70 is unique in the State of New Hampshire in that of its three member districts, one—Norwich—is a Vermont School District. A second, the Dresden School District, is an "interstate school district" which accepts students from both New Hampshire and Vermont. Thus, SAU 70's service and administrative mandate actually crosses state boundaries, managing schools in two separate states, according to the laws and regulations of those two states.

## FINANCIAL HIGHLIGHTS

The SAU's total net position for the year ending June 30, 2022, was (\$1,301,405). Net position increased by \$69,164 or 5.04% between July 1, 2021 and June 30, 2022. The SAU's total net position consisted of \$2,775 of capital assets, \$13,766 in restricted net position and (\$1,317,946) of unrestricted net position. Under GASB 68, the SAU's long-term obligations include its pro-rata share of the unfunded liability of in the New Hampshire Retirement System. Under GASB 75, as in other years, significant liability arises from Other Post Employment Benefits. Under GASB 34, these liabilities are reflected as a reduction in net position. Under New Hampshire state law, the SAU is prohibited from issuing bonds.

During the year, the SAU's operating expenses were \$1,914,261; operating revenues were \$1,983,425. Revenues consist primarily of assessments to the three member districts, but the SAU also has a very small amount of miscellaneous income.

## **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve to be an introduction to the SAU's annual financial report, which consists of basic financial statements, notes and related financial and compliance information. The SAU's annual financial report consists of four elements: (1) government-wide financial statements; (2) fund financial statements (3) notes to the financial statements; and (4) required supplementary information. This report also contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements include two kinds of statements that present different views of the SAU based upon measurement focus and basis of accounting. The first two statements are government-wide financial statements that provide both long-term and short-term information about the SAU's overall financial status. The remaining statements are fund financial statements that focus on individual parts of the SAU, reporting the SAU's operations in more detail than the government-wide statements. The governmental fund statements tell how the SAU's services were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

## School Administrative Unit #70 Management Discussion and Analysis for Fiscal Year 2022

The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

## Government-Wide Financial Statements

The Government-wide Financial Statements show functions of the SAU that are principally supported by district assessments as Governmental Activities. These functions are also accounted for in the General Fund. The governmental activities of the SAU include superintendent services, special education administration, technology, curriculum development, and business support services including accounting, payroll, and financial reporting.

## Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund definitions are part of a state and federal mandated uniform accounting system and chart of accounts for all New Hampshire SAU's. The SAU uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The SAU has only one fund, the General Fund. General Fund expenditures are compared to budget in the Budgetary and Actual schedule, Exhibit D.

## Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

The government-wide financial statements—the Statement of Net Position (Exhibit A) and Statement of Activities (Exhibit B) provide a comprehensive summary of governmental activities. The Statement of Net Position may serve, over time, as a useful indicator of a government's financial position. At June 30, 2022, unrestricted net position of the SAU totaled (\$1,317,946). The SAU's negative net position is due entirely to the implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, which requires the SAU to report its proportionate share of the New Hampshire Retirement System's net pension liability based upon their plan contributions for the year. The New Hampshire Retirement System has a statutory funding schedule whose goal is to reach 100% plan funding by June 30, 2039.

Unrestricted net position also includes GASB 75's Other Post-Employment Benefits. The SAU has no real property—land or buildings—but rather operates out of space at the Dresden School District's Hanover High School. Finally, the SAU's net position reflects its investment in machinery and equipment for accounting and administrative operations, less any related debt used to acquire those assets that is still outstanding. The SAU uses these capital assets to provide services to the management of its subsidiary districts and their students; consequently, these assets are not available for future spending. Although the SAU's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A portion of the net position is invested in capital assets. The SAU's investment in capital assets (furniture, machinery, and technology equipment) is reported net of accumulated depreciation and net of related debt.

## Comparative Statement of Changes in Net Position

The SAU's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. Summaries of the capital assets, depreciation and long-term debt obligations can be found in the Notes to Financial Statements. Depreciation is included by accounting convention thus the depreciated value of an SAU asset, as reflected in these reports, does not reflect an

## School Administrative Unit #70 Management Discussion and Analysis for Fiscal Year 2022

asset's useful, market or replacement value. A Statement of Comparative Net Position for the periods ending June 30, 2021, and June 30, 2022 is shown below.

## Comparative Statement of Changes in Net Position

			Increase
	2022	2021	(Decrease)
Current assets	\$ 188	,775 \$ 147,	127 \$ 41,648

<b>Total Net Position</b>	\$ (1,301,	\$ (1,370,5	69) \$ 69,164

## Statement of Activities

The Statement of Activities provides an important record of overall expenditures and revenues for the fiscal year. During the 2021-22 year the SAU's total expenses were \$1,914,261, and total revenues were \$1,983,425 resulting in an increase in net position of \$69,164. The largest share of revenue, \$1,977,603, was from district assessments. The SAU's expenses were entirely for executive administration.

## Comparative Statement of Changes in Activities

	FY 2022	FY 2021	\$ Chg	% Chg
Expenditures Support Services Executive Administration	\$ 1,914,261	\$ 1,937,573	\$ (23,312)	1.20%

Net Position, ending	\$(1,301,405)	\$(1,370,569)	\$ 69,164	5.05%

## **FUND FINANCIAL STATEMENTS**

## General Fund

The SAU's governmental funds include only the General Fund. Information from the fund accounting system is essential in managing budgets as the financial year progresses and is useful in assessing financial resource needs for future operations. The General Fund is what most people think of as "the budget" since it is largely supported by locally raised assessments.

Exhibit D as well as Schedules 1 and 2 detail General Fund activity for 2021-22. Schedule 1 shows that budgeted revenues totaled \$1,978,964 with another \$78,554 of fund balance, while actual revenues equaled \$1,983,425, a favorable variance of \$4,461. District assessments are the lion's share of the SAU's income. Schedule 2 shows that against budgeted appropriations of \$2,057,518 the SAU expended \$1,945,333, a favorable balance of \$112,185. Schedule 3 shows the change in unassigned fund balance ending of \$166,811.

The SAU utilized no other funds during the 2021-2022 fiscal year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

## Capital Assets

On June 30, 2022, the SAU reported capital assets of \$2,775 (net of accumulated depreciation). As the SAU owns no real property this was composed entirely of office and computer equipment. The SAU annually invests in new furnishings, computers and peripherals, and printed media.

## Statement of Capital Assets

	June	e 30, 2022	_Jun	e 30, 2021	% Change
Being Depreciated:					
Equipment	\$	17,540	\$	17,540	0.00%
Less Accumulated Depreciation:					
Equipment	-	(14,765)		(13,655)	8.13%
Net Book Value, all capital assets	\$	2,775	\$	3,885	-28.57%

## Long-Term Liabilities

The SAU has no debt outstanding. Its long-term liabilities are comprised only of compensated absences payable, pension and OPEB liabilities, as shown below.

## Long Term Liabilities

	6/3	30/2022	_6/.	30/2021	_\$	Change_
Compensated Absences	\$	74,863	\$	66,056	\$	8,807

Net Pension Liability		1,167,504		1,493,134		(325,630)
Total Long-Term Debt Outstanding	\$1,	564,460	\$1	,868,088_	_\$ (	303,628)

## **FUTURE BUDGETARY IMPLICATIONS**

The residents of Hanover and Norwich have a long history of strong support for the education of the children of their community and for providing sufficient resources for quality education. There is no indication of any change in this support. Nonetheless, funding for education is a matter of concern in view of constantly changing economic conditions. With financing systems in both states that struggle to equitably fund education on a long-term basis and impending changes to the funding formula in Vermont, the prospect of rising tax rates is a concern. Further budgetary challenges will be presented by unavoidable increases in the costs of retirement, health insurance, special education, energy, electricity, heating fuel, and technology. School administrators are constantly mindful of the financial impact of school budgets on the taxpayer. The school board and administration are committed to continually looking for ways to contain cost increases and to keep budgets as low as possible, while at the same time not compromising services to students. Taxpayers have shown patience in that they have not let taxation issues detract from their financial support of their schools. We are grateful for the continued confidence and support.

It is important that we recognize and disclose the following event. On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19), a global pandemic. In response to the pandemic, the State of New Hampshire's Governor issued an order declaring a state of emergency on March 13, 2020. The impact of this pandemic is still wreaking havoc on supply chains around the world and as a result inflation is beginning to ramp up. The financial impact of these pressures cannot be fully known, but the administration of the SAU are ready and able to make necessary changes.

## Contacting the SAU's Financial Management

Questions regarding this report should be directed to Jay Badams, Superintendent of Schools, or to Jamie Teague, Business Administrator, at (603-643-6050) or by mail at:

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School Administrative Unit No. 70, in Hanover, New Hampshire (the Administrative Unit), have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources.

## 1-A Reporting Entity

The School Administrative Unit 70 is an entity established by State statute to provide administrative service for the Dresden, Hanover, and Norwich School Districts. The School Administrative Unit is governed by the respective School Boards of Dresden, Hanover, and Norwich School Districts. In evaluating how to define the School Administrative Unit for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth by the GASB. The School Administrative Unit has no component units to include in its reporting entity.

The following is a summary of the more significant accounting policies:

## 1-B Government-wide and Fund Financial Statements

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the primary government. Governmental activities normally are supported through school district assessments.

The Statement of Net Position presents the financial position of the School Administrative Unit at year-end. This Statement includes all of the School Administrative Unit's non-fiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Assessments and other items not meeting the definition of program revenues are reported instead as general revenues. Resources that are dedicated internally are reported as general revenue rather than program revenue.

*Fund Financial Statements* – Separate financial statements are provided for the governmental fund. The School Administrative Unit reports one major fund, the general fund.

In the governmental fund financial statements are provided for the governmental fund. Current expenditures are subclassified by the executive administration function and are for items such as salaries, grants, supplies, and services.

## 1-C Measurement Focus, Basis of Accounting, and Financial Statement Presentation

**Measurement Focus and Basis of Accounting** – The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School Administrative Unit generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, with the exception of reimbursement-based grants, which use a period of one year. District assessments, and other local sources associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

## SCHOOL ADMINISTRATIVE UNIT NO. 70 NOTES TO THE BASIC FINANCIAL STATEMENTS

## AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Financial Statement Presentation – A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to report financial position and the results of operations, to demonstrate legal compliance, and to aid financial management by segregating transactions related to certain government functions or activities.

The School Administrative Unit reports the following major governmental fund:

General Fund – is the School Administrative Unit's primary operating fund. The general fund accounts for all financial resources except those required to be accounted for in another fund. The primary revenue sources include district assessments, state and federal grants, and other local sources. The primary expenditures are for executive administration support services.

## 1-D Cash and Cash Equivalents

The School Administrative Unit considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Deposits with financial institutions consist primarily of demand deposits.

New Hampshire statutes require that the School Administrative Unit treasurer have custody of all money belonging to the School Administrative Unit and pay out the same only upon orders of the School Administrative Unit Board. The treasurer shall deposit all such monies in participation units in the public deposit investment pool established pursuant to NH RSA 383:22 or in solvent banks in the State. Funds may be deposited in banks outside the State if such banks pledge and deliver to a third-party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations of obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.

## 1-E Investments

State statutes place certain limitations on the nature of deposits and investments available as follows:

New Hampshire law authorizes the School Administrative Unit to invest in the following type of obligations:

- Obligations of the United States government;
- The public deposit investment pool established pursuant to RSA 383:22;
- Savings bank deposits; and
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State treasurer.

Any person who directly or indirectly receives any such funds or monies for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the School Administrative Unit. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

**Fair Value Measurement of Investments** – In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, except for investments measured using the net asset value (NAV) as a practical expedient to estimate fair value, the School Administrative Unit categorizes the fair value measurements of its investments within the fair value hierarchy established by US GAAP. The fair value hierarchy categorizes the inputs to valuation techniques used for fair value measurement into three levels as follows:

- **Level 1** Inputs that reflect quoted prices (unadjusted) in active markets for identical assets and liabilities that the School Administrative Unit has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, including inputs in markets that are not considered to be active. Because they most often are priced on the basis of transactions involving similar but not identical securities or do not trade with sufficient frequency.
- Level 3 Unobservable inputs based on the best information available, using assumptions in determining the fair value of investments and derivative financial instruments.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In certain instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level of the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Investments are reported at fair value. If an investment is held directly by the School Administrative Unit and an active market with quoted prices exists, such as for domestic equity securities, the market price of an identical security is used to report fair value and is classified as Level 1. Corporate fixed income securities and certain government securities utilize pricing that may involve estimation using similar securities or trade dates and are classified in Level 2. Fair value for shares in registered mutual funds and exchange traded funds are based on published share prices and classified in Level 1.

**Investments in Certain External Investment Pools** – In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the School Administrative Unit held investments with the New Hampshire Public Deposit Investment Pool (NHPDIP). The NHPDIP measures all of its investments at amortized cost. There are no redemption restrictions and shares may be redeemed by the School Administrative Unit in accordance with the NHPDIP's information statement.

## 1-F Capital Assets

Capital assets are reported in the government-wide financial statements, but are not reported in the fund financial statements. Purchased or constructed assets are recorded at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair value at the date of donation, if received on or before June 15, 2015. Donated capital assets received after June 15, 2015 are recorded at acquisition value. The School Administrative Unit has established a threshold of \$5,000 or more and an estimated useful life in excess of one year for capitalization of depreciable assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

The accounting and reporting treatment applied to capital assets associated with a fund are determined by the fund's measurement focus. General capital assets are assets of the School Administrative Unit as a whole. When purchased, such assets are recorded as expenditures in a governmental fund and capitalized as assets in the government-wide Statement of Net Position.

In the government-wide financial statements, the cost of property sold or retired, together with the related accumulated depreciation, is removed and any resulting gain or loss is included in income.

All of the capital assets of the School Administrative Unit are depreciated using the straight-line method over five years.

## 1-G Accounts Payable

Accounts payable represent the gross amount of expenditures or expenses incurred as a result of normal operations, but for which no actual payment has yet been issued to vendors/providers as of June 30, 2022.

## 1-H Deferred Outflows/Inflows of Resources

Deferred outflows of resources, a separate financial statement element, represents a consumption of net position or fund balance that applies to a future period(s) and thus will not be recognized as an outflow of resources (expenses) until that time. The School Administrative Unit has two items that quality for reporting in this category. Deferred outflows related to pensions and deferred outflows related to OPEB are reported in the government-wide Statement of Net Position for various estimate differences that will be amortized and recognized over future years.

Deferred inflows of resources, a separate financial statement element, represents an acquisition of net position or fund balance that applies to a future period(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. The School Administrative Unit has two types of items which quality for reporting in this category. Deferred inflows of resources related to pensions and OPEB are reported in the government-wide Statement of Net Position for various estimate differences that will be amortized and recognized over future years.

## SCHOOL ADMINISTRATIVE UNIT NO. 70 NOTES TO THE BASIC FINANCIAL STATEMENTS

## AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2022

## 1-I Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

## 1-J Compensated Absences

General leave for the School Administrative Unit includes accrued vacation pay. General leave is based on an employee's length of employment and is earned ratably during the span of employment. Upon retirement or termination, employees are paid full value for any accrued general leave earned as set forth by the School Administrative Unit's personnel policy.

Vested or accumulated general leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated general leave that are not expected to be liquidated with expendable financial resources are maintained separately and represent a reconciling item between the governmental fund and government-wide presentations.

## 1-K Defined Benefit Pension Plan

GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date requires participating employers to recognize their proportionate share of collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, and schedules have been prepared to provide employers with their calculated proportionate share of these amounts. The collective amounts have been allocated based on employer contributions during the respective fiscal years. Contributions from employers are recognized when legally due, based on statutory requirements.

The schedules prepared by New Hampshire Retirement System, and audited by the plan's independent auditors, require management to make a number of estimates and assumptions related to the reported amounts. Due to the inherent nature and uncertainty of these estimates, actual results could differ, and the differences may be material.

## 1-L Postemployment Benefits Other Than Pensions (OPEB)

The School Administrative Unit maintains two separate other postemployment benefit plans, as follows:

New Hampshire Retirement System Plan – For the purposes of measuring the total other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Hampshire Retirement System OPEB Plan (the plan) and additions to/deductions from the plan's fiduciary net position has been determined on the same basis as they are reported by the New Hampshire Retirement System. For this purpose, the plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Single Employer Plan – For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information has been determined based on the School Administrative Unit's actuarial report. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms.

## 1-M Net Position/Fund Balances

Government-wide statements – Equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, net of accumulated depreciation.

Restricted Net Position – Results when constraints placed on net position use are either externally imposed by a third party (statutory, bond covenant, or granting agency) or are imposed by law through constitutional provisions or enabling legislation. The School Administrative Unit typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future period.

**Unrestricted Net Position** – Consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

Fund Balance Classifications – GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, provides more clearly defined fund balance categories to make sure the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

**Restricted** – Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Unassigned - The portion of fund balance that has not been restricted, committed, or assigned for a specific purpose.

When multiple net position/fund balance classifications are available for use, it is the School Administrative Unit's policy to utilize the most restricted balances first, then the next most restricted balance as needed. When components of unrestricted fund balance are used, committed fund balance is depleted first followed by assigned fund balance. Unassigned fund balance is applied last.

## 1-N Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include assessing the useful lives of capital assets, net pension liability, other postemployment benefit liability, and deferred outflows and inflows of resources related to both pension and other postemployment benefits among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from estimates.

## NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

General government revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the School Administrative Unit's operations. At its annual meeting, the School Administrative Unit adopts a budget for the current year for the general fund. The budget was adopted on a basis consistent with United States generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

State statues require balanced budgets, but provided for the use of beginning unassigned fund balance to achieve that end. In the fiscal year 2022, \$78,554 of the beginning general fund unassigned fund balance was applied for this purpose.

## 2-A Accounting Change

Governmental Accounting Standards Board Statement No. 87, *Leases*, was implemented during fiscal year 2022. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The School Administrative Unit has assessed all potential agreements that may be applicable for reporting under GASB Statement No. 87 and have determined that none of the agreements met the requirements of the pronouncement.

## DETAILED NOTES ON ALL FUNDS

## NOTE 3 – CASH AND CASH EQUIVALENTS

The School Administrative Unit's deposits are entirely covered by Federal Depository Insurance Corporation (FDIC) or by collateral held by the School Administrative Unit's agent in the School Administrative Unit's name. The FDIC currently insures the first \$250,000 of the School Administrative Unit's deposits at each financial institution, per case custodian. Deposit balances over \$250,000 are insured by collateral. As of year-end, the carrying amount of the School Administrative Unit's deposits was \$87,066 and the bank balances totaled \$50,000. Petty cash totaled \$200.

## NOTE 4 – INVESTMENTS

Note 1-E describes statutory requirements covering the investment of the School Administrative Unit funds. The School Administrative Unit holds investments that are measured at fair value on a recurring basis. Because investing is not a core part of the School Administrative Unit's mission, the School Administrative Unit determines that the disclosures related to these investments only need to be disaggregated by major type. The School Administrative Unit categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The School Administrative Unit has the following recurring cost measurements as of June 30, 2022:

Investments carried at amortized cost:

NH Public Deposit Investment Pool \$ 101,709

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the cost value of an investment. The School Administrative Unit does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The School Administrative Unit has no formal policy on managing credit risk, however, state law limits investments as explained in Notes 1-E. The School Administrative Units investments are exempt from this disclosure.

Custodial Credit Risk – This is the risk that in the event of the failure of the counterparty (e.g., broker/dealer) to honor a transaction, the School Administrative Unit will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Concentration of Credit Risk – The School Administrative Unit places no limit on the amount it may invest in any one issuer. No more than 5% of the School Administrative Unit's investment balance is invested in any one issuer.

## NOTE 5 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 consisted of the following:

	Balance, beginning	Addi	tions	Retire	ments	Balance, ending
At cost:						
Being depreciated:						
Equipment	\$17,540	\$	-	\$	*	\$17,540
Less accumulated depreciation:						
Equipment	(13,655)	(1	,110)		2	(14,765)
Net book value, all capital assets	\$ 3,885	\$ (1	,110)	\$	2	\$ 2,775

## SCHOOL ADMINISTRATIVE UNIT NO. 70

## NOTES TO THE BASIC FINANCIAL STATEMENTS

## AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Depreciation expense of \$1,110 was charged to the executive administration function of the School Administrative Unit based on their usage of the related assets.

## NOTE 6 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources at June 30, 2022 consist of amounts related to pensions totaling \$487,372 and amounts related to OPEB totaling \$29,529. For further discussion on these amounts, see Notes 8 and 9, respectively.

Deferred inflows of resources at June 30, 2022 consist of amounts related to pensions totaling \$381,281 and amounts related to OPEB totaling \$55,917. For further discussion on these amounts, see Notes 8 and 9, respectively.

## NOTE 7 – LONG-TERM LIABILITIES

Changes in the School Administrative Unit's long-term liabilities consisted of the following for the year ended June 30, 2022:

	I	Balance						Balance	Du	e Within	Due	In More
	Jul	y 1, 2021	A	dditions	R	Leductions	Ju	ne 30, 2022	O	ne Year	Than	One Year
Compensated absences	\$	66,056	\$	8,807	\$	•	\$	74,863	\$	9,910	\$	64,953
Pension related liability	1	,493,134		-		(325,630)		1,167,504		-	1	,167,504
Net other postemployment benefits		308,898		13,195				322,093		-		322,093
Total long-term liabilities	\$ 1	,868,088	\$	22,002	\$	(325,630)	\$	1,564,460	\$	9,910	\$ 1	,554,550

## NOTE 8 – DEFINED BENEFIT PENSION PLAN

Plan Description – The New Hampshire Retirement System (NHRS or the System) is a public employee retirement system that administers one cost-sharing multiple-employer defined benefit pension plan (Pension Plan), a component unit of the State of New Hampshire, as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25. The Pension Plan was established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The Pension Plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters and permanent police officers with in the State are eligible and required to participate in the Pension Plan. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

**Benefits Provided** – Benefit formulas and eligibility requirements for the Pension Plan are set by state law (RSA 100-A). The Pension Plan is divided into two membership groups. State and local employees and teachers belong to Group I. Police and firefighters belong to Group II.

Group I benefits are provided based on creditable service and average final salary for the highest of either three or five years, depending on when service commenced.

Group II benefits are provided based on age, years of creditable service and benefit multiplier depending on vesting status as of 1/1/12. The maximum retirement allowance for Group II members vested by 1/1/12 (45 years of age with 20 years of service or age 60 regardless of years of creditable service) is the average final compensation multiplied by 2.5% multiplied by creditable service. For Group II members not vested by 1/1/12 the benefit is calculated the same way but the multiplier used in the calculation will change depending on age and years of creditable service as follows:

Years of Creditable Service as of 1/1/12	Minimum Age	Minimum Service	Benefit Multiplier
At least 8 but less than 10 years	46	21	2.4%
At least 6 but less than 8 years	47	22	2.3%
At least 4 but less than 6 years	48	23	2.2%
Less than 4 years	49	24	2.1%

Members of both groups may qualify for vested deferred allowances, disability allowances and death benefit allowances, subject to meeting various eligibility requirements. Benefits are based on AFC or earnable compensation and/or service.

## SCHOOL ADMINISTRATIVE UNIT NO. 70

## NOTES TO THE BASIC FINANCIAL STATEMENTS

## AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Contributions – The System is financed by contributions from both the employees and the School Administrative Unit. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees are required to contribute 7% of earnable compensation. For fiscal year 2022, the School Administrative Unit contributed 19.48% for teachers and 13.75% for other employees. The contribution requirement for the fiscal year 2022 was \$166,160, which was paid in full.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the School Administrative Unit reported a liability of \$1,167,504 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The School Administrative Unit's proportion of the net pension liability was based on a projection of the School Administrative Unit's long-term share of contributions to the pension plan relative to the projected contributions of all participating towns and school districts, actuarially determined. At June 30, 2021, the School Administrative Unit's proportion was 0.03% which was an increase of .01% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the School Administrative Unit recognized pension expense of \$82,023. At June 30, 2022, the School Administrative Unit reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Changes in proportion	\$ 166,581	\$ 42,534
Net difference between projected and actual investment		
earnings on pension plan investments	1(5)	326,524
Changes in assumptions	121,939	S.
Differences between expected and actual experience	32,692	12,223
Contributions subsequent to the measurement date	166,160_	( <del>*</del> )
Total	\$ 487,372	\$381,281

The \$166,160 reported as deferred outflows of resources related to pensions results from the School Administrative Unit contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending	
June 30,	
2022	\$ (20,288)
2023	26,415
2024	11,949
2025	(78,145)
2026	
Thereafter	-
Totals	\$ (60,069)

Actuarial Assumptions – The collective total pension liability was determined by an actuarial performed as of June 30, 2020, rolled forward to June 30, 2021, using the following assumptions:

Inflation: 2.0% per year

Wage inflation: 2.75% per year (2.25% for Teachers) Salary increases: 5.6% average, including inflation

Investment rate of return: 6.75% net of pension plan investment expense, including inflation

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (Police and Fire combined) and projected fully generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2016 – June 30, 2019.

Long-term Rates of Return – The long-term expected rate of return on pension plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. Following is a table presenting target allocations and long-term rates of return for 2021:

		Weighted average long-term
	Target	expected real rate of return
Asset Class	Allocation	<u>2021</u>
Large Cap Equities	22.50%	6.46%
Small/Mid Cap Equities	7.50%	1.14%
Total domestic equities	30.00%	
Int'l Equities (unhedged)	14.00%	5.53%
Emerging Int'l Equities	6.00%	2.37%
Total international equity	20.00%	
Core US Fixed Income	25.00%	3.60%
Private equity	10.00%	8.85%
Private debt	5.00%	7.25%
Total alternative investments	15.00%	
Real estate	10.00%	6.60%
Total	100.00%	

Discount Rate – The discount rate used to measure the collective total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the Pension Plan's actuarial funding policy as required by RSA 100-A:16. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on Pension Plan investment was applied to all periods of projected benefit payments to determine the collective total pension liability.

Sensitivity of the School Administrative Unit's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following table presents the School Administrative Unit's proportionate share of the net pension liability calculated using the discount rate of 6.75% as well as what the School Administrative Unit's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.75%) or 1-percentage point higher (7.75%) than the current rate:

Actuarial		Current Single	
Valuation	1% Decrease	Rate Assumption	1% Increase
Date	5.75%	6.75%	7.75%
June 30, 2021	\$ 1,669,664	\$ 1,167,504	\$ 748,620

**Pension Plan Fiduciary Net Position** – Detailed information about the pension plan's fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit Pension Plan financial report.

## NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

## 9-A New Hampshire Retirement System (NHRS)

**Plan Description** – The New Hampshire Retirement System (NHRS or the System) administers a cost-sharing multiple-employer other postemployment benefit plan medical subsidy healthcare plan (OPEB Plan). For additional system information, please refer to the 2019 Comprehensive Annual Financial Report, which can be found on the system's website at www.nhrs.org.

Benefits Provided – Benefit amounts and eligibility requirements for the OPEB Plan are set by State law (RSA 100-A:52, RSA 100-A:52-a and RSA 100-A:52-b), and members are designated in statute by type. The four membership types are Group II, Police Officers and Firefighters; Group I, Teachers; Group I, Political Subdivision Employees; and Group I, State Employees. The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical insurance subsidy is a payment made by NHRS to the former employer or its insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certified dependent children with a disability who are living in the household and being cared for by the retiree. If the health insurance premium amount is less than the medical subsidy amount, then only the health insurance premium amount will be paid. If the health insurance premium amount exceeds the medical subsidy amount, then the retiree or other qualified person is responsible for paying any portion that the employer does not pay.

Group I benefits are based on creditable service, age and retirement date. Group II benefits are based on hire date, age and creditable service. The OPEB plan is closed to new entrants.

Maximum medical subsidy rates paid during fiscal year 2021 were as follows:

For qualified retirees not eligible for Medicare, the amounts were \$375.56 for a single-person plan and \$751.12 for a two-person plan.

For those qualified retirees eligible for Medicare, the amounts were \$236.84 for a single-person plan and \$473.68 for a two-person plan.

Contributions – The OPEB Plan is funded by allocating to the 401(h) subtrust the lessor of: 25% of all employer contributions made in accordance with RSA 100-A:16 or the percentage of employer contributions determined by the actuary to be the minimum rate necessary to maintain the benefits provided under RSA 100-A:53-b, RSA 100-A:53-c, and RSA 100-A:53-d. For fiscal year 2021, the minimum rates determined by the actuary to maintain benefits were the lesser of the two options and were used to determine the employer contributions due to the 401(h) subtrust. The State Legislature has the authority to establish, amend and discontinue the contribution requirements of the OPEB Plan. Administrative costs are allocated to the OPEB Plan based on fund balances. For fiscal year 2022, the School Administrative Unit contributed 1.54% for teachers and 0.31% for other employees. The contribution requirement for the fiscal year 2022 was \$4,880 which was paid in full.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB – At June 30, 2022, the School Administrative Unit reported a liability of \$38,241 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020. The School Administrative Unit's proportion of the net OPEB liability was based on a projection of the School Administrative Unit's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating towns and school districts, actuarially determined. At June 30, 2021, the School Administrative Unit's proportion was 0.01% which was the same as its proportion measured as of June 30, 2020.

## SCHOOL ADMINISTRATIVE UNIT NO. 70 NOTES TO THE BASIC FINANCIAL STATEMENTS

## AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2022

For the year ended June 30, 2022, the School Administrative Unit recognized OPEB expense of \$5,528. At June 30, 2022, the School Administrative Unit reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	De	eferred	De	ferred
	Out	flows of	Infl	ows of
	Resources		Resource	
Changes in proportion	\$	30	\$	=
Net difference between projected and actual investment				
earnings on OPEB plan investments		-		478
Differences between expected and actual experience		120		8
Contributions subsequent to the measurement date		4,880		=
Total	\$	4,910	\$	486
	\$		\$	4

The \$4,880 reported as deferred outflows of resources related to OPEB results from the School Administrative Unit contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending	
June 30,	
2022	\$ (87)
2023	(100)
2024	(113)
2025	(156)
2026	140
Thereafter	1.6
Totals	\$(456)

Actuarial Assumptions – The total OPEB liability in this report is based on an actuarial valuation performed as of June 30, 2020 and a measurement date of June 30, 2021. The total OPEB liability was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Price inflation: 2.0% per year

Wage inflation: 2.75% per year (2.25% for Teachers) Salary increases: 5.6% average, including inflation

Investment rate of return: 6.75% net of OPEB plan investment expense, including inflation

Health care trend rate: Not applicable, given that the benefits are fixed stipends

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (Police and Fire combined) and projected fully generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2016 – June 30, 2019.

Long-term Rates of Return – The long-term expected rate of return on OPEB plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation.

Following is a table presenting target allocations and long-term rates of return for 2021:

		Weighted average long-term
	Target	expected real rate of return
Asset Class	Allocation	<u>2021</u>
Large Cap Equities	22.50%	6.46%
Small/Mid Cap Equities	7.50%	1.14%
Total domestic equities	30.00%	
Int'l Equities (unhedged)	14.00%	5.53%
Emerging Int'l Equities	6.00%	2.37%
Total international equity	20.00%	
Core US Fixed Income	25.00%	3.60%
Private equity	10.00%	8.85%
Private debt	5.00%	7.25%
Total alternative investments	15.00%	
Real estate	10.00%	6.60%
Total	100.00%	

**Discount Rate** – The discount rate used to measure the total OPEB liability as of June 30, 2021 was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made under the current statute RSA 100-A:16 and that plan member contributions will be made under RSA 100-A:16. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the collective total OPEB liability.

Sensitivity of the School Administrative Unit's Proportionate Share of the OPEB Liability to Changes in the Discount Rate — The following table presents the School Administrative Unit's proportionate share of the OPEB liability calculated using the discount rate of 6.75% as well as what the School Administrative Unit's proportionate share of the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.75%) or 1-percentage point higher (7.75%) than the current rate:

Actuarial			Curr	ent Single			
Valuation	1%	Decrease	Rate A	Assumption	1%	Increase	
Date	5.75%		2000	6.75%	7.75%		
June 30, 2021	\$	41,571	\$	38,241	\$	35,344	

Sensitivity of the School Administrative Unit's Proportionate Share of the OPEB Liability to Changes in the Healthcare Cost Trend Rate – GASB No. 75 requires the sensitivity of the Net OPEB liability to the healthcare cost trend assumption. Since the medical subsidy benefits are a fixed stipend, there is no sensitivity to the change in the healthcare cost trend assumption.

*OPEB Plan Fiduciary Net Position* — Detailed information about the OPEB plan's fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit OPEB Plan financial report.

## 9-B Retiree Health Benefit Program

Plan Description – GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, requires governments to account for other postemployment benefits (OPEB) on an accrual basis, rather than on a payas-you-go basis. The effect is the recognition of an actuarially determined expense on the Statement of Activities when a future retiree earns their postemployment benefits, rather than when they use their postemployment benefit. The postemployment benefit liability is recognized on the Statement of Net Position over time. The School Administrative Unit OPEB plan is not administered through a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

The total OPEB liability is based on the School Administrative Unit offering retirees postemployment healthcare insurance governed by RSA 100-A:50. The retirees pay 100% of the premium cost to participate and are included in the same pool as the active members. The inclusion of the retirees in the same pool effects the insurance rates of the active employees as the rates for the retirees are assumed to be higher due to the age consideration, thereby creating an implicit rate subsidy.

Funding Policy - The School Administrative Unit's funding policy for the implicit rate subsidy is a pay-as-you-go basis.

**Benefits Provided** – The School Administrative Unit provides postemployment healthcare benefits for certain eligible retirees. The School Administrative Unit provides medical benefits to its eligible retirees.

Employees Covered by Benefit Terms – At June 30, 2022 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	11
Active employees	329
Total participants covered by OPEB plan*	340

<sup>\*</sup>The SAU-wide total is represented above, as an allocation by district and for the School Administrative Unit was not explicitly disclosed by the actuaries.

**Total OPEB Liability** – The School Administrative Unit's total OPEB liability of \$283,852 was measured as of June 30, 2022, and was determined by an actuarial valuation as of July 1, 2020. The School Administrative Unit contracts with an outside actuary to complete the actuarial valuation and schedule of changes in the total OEPB liability. Detailed information can be found in the separately issued report through request of the School Administrative Unit business office.

Actuarial Assumptions and Other Inputs – The total OPEB liability of \$283,852 in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate:	4.09%
Healthcare Cost Trend Rates:	
Current Year Trend	7.50%
Second Year Trend	7.00%
Decrement	0.50%
Ultimate Trend	4.50%
Year Ultimate Trend is Reached	2029
Salary Increases:	2.75%

The discount rate was based on the index provided by *Bond Buyer 20-Bond General Obligation Index* based on the 20-year AA municipal bond rate as of June 30, 2022. Mortality rates were based on the Pub-2010 Mortality tables and the most recent generational projection scale MP-2021 released by the Society of Actuaries (SOA) for future mortality improvements.

## Changes in the Total OPEB Liability

	June 30,			
	2021	2022		
Total OPEB liability beginning of year	\$216,933	\$270,613		
Changes for the year:				
Service cost	15,200	18,129		
Interest	6,900	6,932		
Changes in benefit terms	0 <b>≘</b> :	3.50		
Assumption changes and difference between				
actual and expected expererience	36,054	(2,626)		
Benefit payments	(4,474)	(9,196)		
Total OPEB liability end of year	\$270,613	\$ 283,852		

Sensitivity of the School Administrative Unit's OPEB Liability to Changes in the Discount Rate – The July 1, 2020 actuarial valuation was prepared using a discount rate of 4.09%. If the discount rate were 1% higher than what was used the OPEB liability would decrease to \$264,522 or by 6.81%. If the discount rate were 1% lower than what was used the OPEB liability would increase to \$304,341 or by 7.22%.

	Discount Rate						
	1% Decrease Baseline 4.09% 1% Incr		1% Increase				
Total OPEB Liability	\$ 304,341	\$ 283,852	\$ 264,522				

Sensitivity of the School Administrative Unit's OPEB Liability to Changes in the Healthcare Cost Trend Rates – The July 1, 2020 actuarial valuation was prepared using an initial trend rate of 7.50%. If the trend rate were 1% higher than what was used the OPEB liability would increase to \$307,083 or by 8.18%. If the trend rate were 1% lower than what was used the OPEB liability would decrease to \$263,157 or by 7.29%.

	Healthcare Cost Trend Rates						
	1% Decrease	1% Increase					
Total OPEB Liability	\$ 263,157	\$ 283,852	\$ 307,083				

*OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB* – For the year ended June 30, 2022, the School Administrative Unit recognized OPEB expense of \$19,144. At June 30, 2022, the School Administrative Unit reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	D	eferred	D	eferred
	Ou	tflows of	In	flows of
	Re	Resources		esources
Increase in OPEB liability due to actual experience different				
from expected and actuarial assumption changes	\$	209	\$	24,250
Changes in assumptions		24,410		31,181
Total	\$	24,619	\$	55,431
			$\overline{}$	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending	
June 30,	
2022	\$ (5,918)
2023	(5,918)
2024	(5,918)
2025	(2,175)
2026	(3,052)
Thereafter	(7,831)
Totals	\$(30,812)

## NOTE 10 - GOVERNMENTAL ACTIVITIES AND NET POSITION

Net position reported on the government-wide Statement of Net Position at June 30, 2022 include the following:

		ernmental ctivities
Net investment in capital assets	\$	2,775
Restricted net position:		
Grants		13,766
Unrestricted	(1	,317,946)
Total net position	\$ (1	,301,405)

## NOTE 11 - GOVERNMENTAL FUND BALANCES

Governmental fund balances at June 30, 2022 consist of the following:

I	Fund
Restricted:	
Grants \$	13,766
Unassigned 1	66,811
Total governmental fund balances \$1	80,577

## NOTE 12 - RISK MANAGEMENT

The School Administrative Unit is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2022, the School Administrative Unit was a member of the New Hampshire Public Risk Management Exchange (Primex<sup>3</sup>) Workers' Compensation and Property/Liability Programs.

The New Hampshire Public Risk Management Exchange (Primex³) Workers' Compensation and Property/Liability Programs are pooled risk management programs under RSAs 5-B and 281-A. Coverage was provided from July 1, 2021 to June 30, 2022 by Primex³, which retained \$2,000,000 of each workers' compensation loss, \$500,000 of each liability loss, and for each property loss it is based upon the School Administrative Unit's property schedule on file with Primex³. The Board has decided to self-insure the aggregate exposure and has allocated funds based on actuarial analysis for that purpose. The workers' compensation section of the self-insurance membership agreement permits Primex³ to make additional assessments to members should there be a deficiency in contributions for any member year, not to exceed the member's annual contribution. GASB Statement No. 10 requires members of a pool with a sharing risk to disclose if such an assessment is probable, and a reasonable estimate of the amount, if any. In fiscal year 2021-22, the School Administrative Unit paid \$1,797 and \$3,496, respectively, to Primex for workers' compensation and property/liability. At this time, Primex³ foresees no likelihood of any additional assessment for this or any prior year.

The School Administrative Unit continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

## NOTE 13 – CAFETERIA BENEFIT PLAN

Effective July 1, 2018 the School Administrative Unit implemented a cafeteria benefit plan pursuant to Section 125 of the IRS code. Under this plan, eligible employees may direct a contribution, made by the School Administrative Unit, into any combination of the following benefit categories:

- 1. Medical Insurance Premium Account;
- 2. Out of Pocket Medical Spending Account; or
- 3. Dependent Care Spending Account.

In addition to directing the School Administrative Unit's contribution to the above categories, eligible employees may elect to contribute pre-tax dollars to these categories. Under no circumstances may an employee direct more than \$5,000 (\$2,500 if the participant is married and filing a separate return) annually into the Dependent Care Spending Account, and \$2,700 into the Medical Spending Account. This cap applies to both School Administrative Unit contributions and employee pre-tax contributions.

All regular full-time and part-time employees employed on a regular and continuous basis, including certain contractual employees, are eligible to participate in this plan. Temporary and casual employees are not eligible. The plan year adopted by the School Administrative Unit begins on July 1, 2021 and ends on June 30, 2022. To obtain reimbursement of expenses incurred within a plan year within the spending accounts (items 2 and 3 above), employees must submit claims within ninety days of the end of the plan year or separation of service from the School Administrative Unit, whichever occurs first. Funds unclaimed after ninety days of the close of the plan year are then remitted to the School Administrative Unit.

## *NOTE 14 – COVID-19*

As a result of the spread of COVID-19, Coronavirus, economic uncertainties continue. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

On March 27, 2020, the United States Federal Government established the Coronavirus Aid, Relief and Economic Security (CARES Act) in response to the economic downfall caused by the COVID-19 pandemic. This Act provided funding through the Coronavirus Relief Fund (CRF) as well as the Education Stabilization Fund (ESF). On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA) was signed into law, which provided additional funding for the ESF programs.

The ESF provided funds to the School Administrative Unit through the Elementary and Secondary School Emergency Relief Fund (ESSER). The objective of ESSER is to provide local education agencies with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

The School Administrative Unit received no such grant funds during the year.

The full extent of the financial impact cannot be determined as of the date of the financial statements.

## NOTE 15 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date, but before the financial statements are issued. Recognized subsequent events are events or transactions that provided additional evidence about conditions that existed at the balance sheet date, including the estimates inherent in the process of preparing the financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the balance sheet date, but arose after the date. Management has evaluated subsequent events through June 26, 2023, the date the June 30, 2022 financial statements were available to be issued, and noted no events occurred that require recognition or disclosure.
