Vision

Every PSJA student is prepared to participate, compete, and excel in a global society to foster multi-generational prosperity.

Mission

As educational leaders, the PSJA team is engaged and empowered to connect all students with innovative instruction, outstanding facilities, technology, skills, and social-emotional support while prioritizing health and safety for all – from early childhood through their chosen career.

As one PSJA family, we build on our legacy of academic excellence, renowned college and career readiness, biliteracy and extracurricular programs, and our multicultural heritage to ensure every student has the experiences and resources necessary to achieve the highest levels of success.

Adopted June 22, 2020 by the PSJA School Board of Trustees

2021-2022 Strategic Planning Framework

Roadmap to Success for Every Student: *Strategic Priorities for 2021-2022 and Beyond*

Leadership Growth

Formal structures that provide the opportunity for those interested or identified as high potential leaders to develop the talent and skills necessary to drive success in PSJA ISD. Leadership growth means opportunities are made available for staff to use the Spirit of PSJA to support the District Vision and Mission.

Effective Teaching & Learning

Providing students with quality education requires offering innovative curriculum that challenges students' knowledge and cultivates their creativity. The commitment to administering dynamic learning opportunities is paramount to PSJA ISD.

Family & Community Empowerment

The departments that support PSJA ISD play an integral part in ensuring we serve every student. Creating an efficient structure, streamlining efforts and operating in a transparent manner will be a key to overall success.

Student Support

While academics are at the heart and soul of our district, the importance of a student's health, safety and well-being cannot be understated. Ensuring students have access to safe spaces, transportation, mental health support and nutritious food must continue to be a priority of our district.

PSJA ISD believes that a coordinated SEL and Wraparound Services Model complements academics to improve outcomes by addressing challenges.

Executive Summary

School Name: Allen & William Arnold Elementary School

Principal: Pedro Trevino

Mission: Our mission at Allen & William Arnold Elementary is to facilitate the acquisition and the use of knowledge to nurture a sense of individual worth and the potential for success in a changing, challenging world. To fulfill this mission, the school, with the support of the school board, central office staff, parents, and the community make the commitment to provide for all learners, a quality core academic program enhanced by enrichment.

Demographic Summary: The enrollment at Allen & William Arnold Elementary as of Snapshot 2020 was 632 students. The student population at Allen & William Arnold Elementary consists of 98.89% Hispanic, 0.95% White and 0.16% Asian. Our students represent low socio-economic status of approximately 82.44% with 1.42% migrant students and a 28.9% mobility rate. Approximately 11% of our student population receive special education services, while 5% receive accommodations under 504. Our Gifted and Talented population accounts for approximately 4% of our student population. The bilingual population is approximately 34% where most of the students' home language is Spanish. The attendance rate for the campus has consistently maintained between 95-96%. Most of our students live in the surrounding areas with some commuting from neighboring districts.

Curriculum/Instruction and Assessment: Allen & William Arnold Elementary offers a rigorous curriculum with highly qualified staff. Most of our teachers are bilingual certified, and we offer a Dual Language curriculum as well as an all English curriculum for our students. Students needing academic support are offered after-school tutorials, in-school tutorials as well as small group interventions.

Comprehensive Needs Assessment Summary: Allen & William Arnold Elementary received an overall grade of 84 out of 100 based on performance in three different domains. In Domain I, Student Achievement, Arnold Elementary earned a 78. Domain I measures how much a student knows and can do at the end of the school year. In Domain II Part A, Academic Growth, Arnold Elementary scored a 77. Domain II Part A measures how students perform over time and how that growth compares to similar schools. In Domain II Part B, which evaluates the overall student performance on the Student Achievement STAAR component compared to campuses with similar percentages of economically disadvantaged students, the score was 86. Arnold Elementary scored a 79 in Domain III, Closing the Gaps. Domain III shows how well different student groups within a school are performing.

Summary of Measurable Objectives:

- Increase the number of students scoring at the Meets or Masters level on STAAR by 5% in all subject areas.
- Increase student growth in all subject areas by 5%.
- Increase the academic achievement of all subgroups by 5% in all subject areas.
- Close the achievement gap by 5% between the economically disadvantaged, special education and EL populations.

At Arnold Elementary, we will continue to implement our Response to Intervention (RTI) Program in Reading and Math for the 2021-22 school year and plan for Tier I classroom interventions. We will continue to offer after-school tutorials, In-school tutorials, and small group interventions. Our campus leadership team will ensure that teachers are aligning their instruction with the state TEKS and improving the practice of high-engagement and rigorous instruction for all students. We will provide opportunities and highly encourage all parents to participate in school events and engagement activities. Furthermore, commitment from administrators, teachers, parents, students and the community will be an integral part in attaining our school mission.

The attendance rate at Allen & William Arnold Elementary for the 2018-2019 school year (as indicated on the 2019-2020 TAPR) was 95.4% which is slightly below the district level of 95.9%. We will continue to provide incentives for students every 6 weeks. Additionally, we will continue to reach out to the parents of students with chronic absenteeism. The teachers, PEIMS clerk, parent liaison, and administrative team will reach out to these individuals.

Discipline/Bullying Prevention

At Arnold Elementary, we currently use MTSS-B as our School Wide Social Skills Training. Staff teach and model the social skills using a school-wide schedule. The Social Skills include topics related to school wide expectations such as being respectful, responsible and being safe. These social skills are used during daily interactions amongst students and staff at Arnold Elementary. This Positive Behavior Intervention System has been instrumental in creating a positive school culture and climate.

As part of our continued efforts to emphasize social emotional learning, Arnold Elementary has established a Growth Mindset Team composed of Support Staff. The team includes physical education coaches, the music teacher, the librarian and school counselor who deliver virtual guidance lessons. Skills addressed during Growth Mindset virtual lessons include mindfulness activities. These mindfulness lessons are aimed at helping students cope positively with feelings of stress and anxiety. Additional skills also addressed during Growth Mindset are respect, empathy, responsible

decision making, interpersonal skills, and communication skills. These skills are geared towards decreasing bullying and discipline problems.

To support the whole child, parents and their school support system receive training sessions throughout the school year. These parent and teacher sessions are provided by the school counselor and include topics such as bullying and helping children build positive relationships. Through these trainings, all stakeholders involved are given the tools to support a positive learning environment with decreased incidences of bullying and discipline.

Student Academic Achievement Summary

NOTE: Due to the COVID- 19 Pandemic, 2019-2020 accountability data is not available. All campuses will maintain the same accountability rating for the 2020-2021 school year as was rated for the 2019-2020 school year. STAAR data for limited number of students receiving on-campus instruction will be available for the 2021-2022 school year.

2019 Accountability Rating: B overall scaled score of 84

Student Academic Achievement Strengths

After analyzing and comparing our data from the previous year, we found the following strengths:

- Grade 3 Reading had an increase from 2018 to 2019 in approaches (73% to 80%), at meets (30% to 42%), and masters (17% to 24%).

- Grade 3 Mathematics had an increase from 2018 to 2019 in approaches (73% to 82%), at meets (36% to 54%) and masters (16% to 26%).
- Grade 4 Reading had an increase from 2018 to 2019 in approaches (69% to 81%).
- Grade 4 Mathematics had an increase from 2018 to 2019 in approaches (64% to 82%).
- Grade 4 Writing had an increase from 2018 to 2019 in approaches (64% to 77%) and at meets (39% to 44%).
- Grade 5 Reading had an increase from 2018 to 2019 in approaches (79% to 81%) and at masters (23% to 27%).
- Grade 5 Mathematics had an increase from 2018 to 2019 in approaches (89% to 94%) and at masters (37% to 42%).
- Grade 5 Science had an increase from 2018 to 2019 at meets (52% to 55%) and at masters (28% to 31%).

Priority Problem Statements

- **Problem Statement 1:** There is a need for improvement in STAAR Grade 3 Mathematics.
 - **Root Cause:** Incoming 3rd grade students lack basic skills in Mathematics in order to perform on level.
- **Problem Statement 2:** There is a need for improvement in STAAR Grade 3 Reading.
 - **Root Cause:** Incoming 3rd grade students lack basic skills in Reading in order to perform on level.
- **Problem Statement 3:** There is a need for improvement of Academic Growth in Mathematics.
 - **Root Cause:** Lessons prepared for students lack differentiated instruction and intentional progress monitoring for all groups to meet performance levels on STAAR.
- **Problem Statement 4:** There is a need for improvement of Academic Growth in Reading.
 - **Root Cause:** Lessons prepared for students lack differentiated instruction and intentional progress monitoring for all groups to meet performance levels on STAAR.

School Process & Programs

Schoolwide Program Plan

Arnold Elementary has created a schoolwide program that is comprehensive in nature to ensure that we are serving all students, improving all structures that support student learning, and combining all resources, as allowed, to achieve our goals and maximize the impact of Title I.

The six steps include:

1. Establishing and training the site-based planning team
2. Clarifying the vision/mission for the campus
3. Creating the school's academic profile
4. Gather data and identify sources
5. Analyzing the data
6. Reporting data findings to the entire site-based planning team and gather constructive feedback

Throughout the schoolwide planning process, administrators and teachers identify student strengths, needs, and the interventions that are currently in place. They assess the effectiveness of those interventions and make recommendations for revisions as needed. The site-based planning process is used as a campus organizational strategy to guide program development, implementation, and evaluation. This systemic planning provides structure and a common language for school improvement. It also provides logical ways for school staff to think about current progress and the adjustments or changes that need to be made on campus to continually improve the effectiveness of schoolwide programs.

Ten Schoolwide Components

1: Comprehensive Needs Assessment

Allen & William Arnold Elementary has conducted a comprehensive needs assessment that serves as the centerpiece of a planning process and the driving force impacting the campus improvement plan. While data is gathered and analyzed throughout the year, a comprehensive effort is always made at the end of each school year. This year, administrators collected data in collaboration with other educators. Strengths and problems were identified. Root causes were explored and the entire CNA was reported to the site-based planning team. The team was given time to reflect on the data, the strengths, problem statements, and questions were clarified. When the team felt that all appropriate data had been discussed and reviewed, this step of an ever-developing CNA process was finalized and written in the CIP.

2: Schoolwide Reform Strategies

Our schoolwide reform strategies provide opportunities for all students to achieve Meets Grade Level Performance or Masters Grade Level Performance on the appropriate state assessments. These strategies are based on effective means of improving achievement for all students. This plan reflects the following strategies:

1. Review program documentation to ensure that all instructional programs/instruction strategies are proven, evidence-based interventions.
2. Identify how each strategy strengthens the core academic program.
3. Identify evidence-based interventions that increase the amount and quality of learning time.
4. Review the master schedule to identify opportunities for extended learning time.
5. Explore optional strategies used to support core areas.
6. Identify programs that address enriched and accelerated curriculum issues.
7. Disaggregate data by each student group, to determine the program's effectiveness which meets the needs of all students.

3: Instruction by highly qualified professional teachers

Instruction by highly effective, state-certified professional teachers is an important component of the schoolwide plan. To ensure that instruction is provided by highly effective teachers, trainings are provided which include:

1. Provide time off for targeted, high-quality professional development.
2. Provide a mentor system for teachers new to the campus and to the district.
3. Afford teachers the opportunity to observe master teachers.
4. Provide professional development for existing programs prior to new school year for new and existing staff.
5. Monitor effectiveness of teachers by frequent walk-throughs and constructive feedback.
6. Provide training and opportunities in collaboration with formative and summative student achievement data.
7. Implement strategies to provide a network of communication amongst teachers and administrators.
8. Ongoing professional development for teachers, principals, paraprofessionals, support staff, parents, and other staff.

Arnold Elementary utilizes effective and ongoing professional development to ensure teachers and others are equipped to expedite the challenge of helping students meet the state's academic achievement standards.

Procedures include:

1. Select appropriate professional development that meets the needs of all principals, teachers, paraprofessionals, parents, and others as needed.
2. Provide opportunities for all staff to obtain training on campus programs and initiatives that are already in place.
3. Provide professional development opportunities for all personnel to meet the identified needs of all student populations in order to increase student performance.

4. Allow teachers to attend professional development throughout the year on content areas specific to teacher's assignment.
5. Teachers plan collaboratively according to the assigned subject area. Planning allows teachers the opportunity to desegregate data to compare and contrast objectives covered and assessed.

5: Recruitment of highly qualified educators

Allen & William Arnold Elementary follows district procedures for recruiting and attracting effective, state certified teachers.

Please refer to the district recruiting procedures that are located at the PSJA ISD Human Resources office.

6: Strategies to increase parental involvement.

Arnold Elementary understands the authenticity of parental involvement; therefore, parental engagement is a key factor to student success.

- The Parent Involvement Director leads a campus parent advisory team.
- Each year, it is ensured that the parent advisory team mirrors the composition of the student population so that opinions/ideas are validated.

Additionally, as activities are developed by the campus, plans are reviewed by the advisory team to ensure quality. The parent team is in charge of assessing activities and projects which impact family life. As a result, better decisions are made to increase and strengthen parental involvement.

7: Plans for assisting preschool children in the transition from early childhood programs to elementary school programs

Although this component primarily addresses the transition from early childhood into elementary, Arnold Elementary understands the importance of creating coping skills to assist students with adjustment/transition. District staff collaborates with campus staff to provide parent orientation, campus tour, meet the teacher night, pre-registration sessions with the counselors, etc.

8: Measures to include teachers in the decision making regarding academic assessments in order to improve the achievement of individual students and the overall instructional program

In addition to STAAR results, teachers collect and analyze current data on assessments that describe student achievement. The data is retrieved from formal/informal assessments, such as observations, campus-based assessments, or end-of-unit exams. The campus provides teachers with professional development to increase their understanding of the appropriate uses of multiple assessment measures. Assessment data is then used to improve instruction. Each grade level is represented in the formative review process for the improvement plan. This allows teachers to consistently evaluate the effectiveness of the academic programs by analyzing student progress

9: Strategies which ensure effective timely assistance for students who experience difficulty mastering the proficient or advanced levels of academic achievement standards

- Each grade level identifies individual students who need additional learning time in order to meet grade level standards.
- The teachers provide those students with timely, additional assistance that targets and is tailored to their needs.
- The assistance and supports are different at each grade level and is available to all students in need.

10: Coordination and integration of federal, state and local services and programs

Arnold Elementary is a schoolwide Title I district, with the flexibility to integrate services and programs which aims toward upgrading the entire educational program. By doing so, it affords all students the opportunity to reach Meets Standard and Masters Standard levels of achievement. In addition, through improvement planning and budgeting process, efforts to combine most federal, state, and local funds in order to maximize the impact of the resources available to carry out the schoolwide Title I program.
