

Opt-out Media Release

Please sign and return the attached form only if you DO NOT want your son/daughter's information or photographs shared in district media outlets such as print, district website, social media or Internet publications.

Dear Family or Guardian,

North and South Technical High Schools provide the community with news, photos, and videos from our school, and information about events, activities, achievements, etc. We do this each year through a variety of methods, including printed publications, newsletters, calendars, media releases, website stories, videos, and social media.

Some examples of news we may share include honor roll lists, student of the month names, unique program or classroom activities, awards, academic recognition and more. Information about your son/daughter, including his or her name, grade, age, photograph, and comments may be published if he or she is part of one of these activities. In addition, photos/videos of students taken throughout the school year may be randomly placed on the pages of the printed and web versions of district publications as well as shared with the media.

In the past, North and South Technical High Schools used an "opt-in" system for our media releases. The district has since adopted an annual "opt-out" media policy only for North and South Tech. This means that unless your child has provided a signed "opt-out" form (below) their information and/or photo may be used in any of the previously stated media capacities.

If you have any questions, please contact the school.

Opt-Out Media Form

This form must be filled out completely and returned to the main office to ensure that your son/daughter's information is kept private.

I elect to NOT have my child's information and/or photo used in district publications, media releases, on the district website or its social media pages. By opting out, I understand my child will be excluded from any school yearbooks, phone directories, award announcements, and group class photos.
