

How Multnomah Education Service District is Funded

STATE SCHOOL FUNDING

The State of Oregon funds education through the distribution of local revenues, like property taxes; plus state support, like state income taxes and lottery revenue.¹

4.5% EDUCATION SERVICE DISTRICTS (ESDs)

95.5% SCHOOL DISTRICTS

16% MULTNOMAH EDUCATION SERVICE DISTRICT (MESD)

10% GENERAL OPERATIONS ALLOCATION²

90% MESD SERVICES TO PARTICIPATING DISTRICTS

- ESDs must spend a minimum of 90% of their State School Fund revenues for services that have been approved by participating districts.
- ESDs work with their districts every year to develop service plans, which determine the ESDs' work for districts.
- If districts do not buy ESD services, they can request their allocation of the Resolution Funding be transferred to them.

WHAT SERVICES DO OREGON'S ESDs PROVIDE TO SCHOOL DISTRICTS?

ESDs save school districts money by pooling resources for programs that would be costly and inefficient for the districts to operate on their own. Each ESD is unique, but ESD services can be summarized in four main categories:

Special Education Programs

School Improvement Programs

Technology Services

Administrative Services
