

COURSE REQUEST OVERRIDE FORM

Selected courses require a student to have the recommendation of the teacher in the current course in order to be enrolled in the next sequential course. If the teacher is not making recommending a course, it means that the student has not met the minimum prerequisite grade, and/or does not have sufficient background knowledge/skills in the current course that will be needed in the next course. In these cases, an override from the parent must be requested to be placed in the course.
